A copy of the report of the Judges of Muical Instruments at the late exhibition of the Franklin Institute, Philadelphia:

The Committee have awarded C. Meyer with premium for the best seven octave Plano.---The ground of this decision was the general excellence of the piano, and especially its power, brilliancy, and delicacy of touch. The judges did not give premiums for the best finished instruments, conceiving the best palpable tests of a piano to be its musical capabilities, and not its originality, its mechanical igenuity, Grub and bog hoes, bush hooks or that elegance of finish, which effects neither Buck, K cut, mill & hand saws the action nor the tone, and is only designed to please the eye and not to satisfy the ear.

Another copy of the report of the judges of musical instruments at the last exhibition at Boston:-- The committee have selected No. 591 a seven octave piano made by C. Meyer, worthy of special commendation.

No. 591, is a very fine instrument, particularly commendable for its elastic and ready touch, in repeated trials by different hands .---The keys never failed of certain repetitions in the shake. The tone throughout was even of great beauty and power from the lowest note to highest, and the damping was perfect in all cases.

The North American of Philadelphia, January 4, 1848, contains the following notice:

A Compliment to a Philadelphia Piano Manufacturer .--- Our Boston neighbors know how as well as we do to appreciate a good thing. The Massachusetts Charitable Mechanical Association, at their last Annual Fair, -- that of the autumn of 1847-awarded to CONRAD MEYER, the celebrated Piano Manufacturer of this city, a diploma and silver medal, for the best seven octave piano-a compliment no other piano manufacturer of our city has received.

The subscriber keeps always on hand a supply of C. Meyer's Planos, which he will dispose of, either for cash or in exchange for second hand instruments, at manufacturers prices. A. ZUILCH, Agent for C. M.

Doct.'r Townsend's Sarsaparilla.

Wonder and Blessing of the Age. The most Extraordinary Medicine in the World. This Extract is put up in Quart Bottles : it is six times cheaper pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the Patient.

The great beauty and superiority of this Sarsa parilla over all other medicines is, that while it eradicates, it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES Ever known ; it not only purifies the whole system, and strengthens the person, but it creates new, pure and rich blood : a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past sea-

10.000 cases of General Debility and want of Nervous Energy.

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensation, premature decay and decline, hastening to-

Sarsaparilla is far superior to any Invigorating Cordial,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Cleanse and Strengthen: Consumption can be cured. Bron-chitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of blood Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expecto-ration, Pain in the Side, &c., have been and can be cured.

women are subject. It braces the whole system renews permanently the natural energies, by re moving the impurities of the body, not so far stim ulating as to produce subsequent relaxation, which is the case of most medicines taken for femal weakness and disease. By using a few bottles this medicine, many severe and painful surgica operations may be prevented.

Great Blessing to Mothers and Children. It. the salest and most effectual medicine for purify ing the system, and relieveing the sufferings atte dant upon child-birth ever discovered. It strength. ens both the mother and child, prevents pain and disease, increases and enriches the food, those will have used it think it is indispensible. It is high useful both before and after confinement, as it prevents diseases attendant upon childbirth-in Cos. tiveness, Piles, Cramps, Swelling of the Feet, Despondency. Heartburn, Vomiting, Pain in the Back and Loins, False Pains; Hemorthage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine, in some a little Caster Oil, or Magnesia, is useful. Exercise in the open air. and light food with this medicine, will always en. sure a sale and easy confinement.

Beauty and Health. Cosmetics, Chalk, and a variety of prparations generally in use, when ap. plied to the face, very soon spoil it of its beauty, They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflame by the alkalies used in soaps, beautifies its own produc. tion in the "human face Divine," as well as in the rarden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the counte. nance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe, This beauty is the offspring of nature--not of powder or soap. If there is not a free and healthy wards that fatal disease, Consumtion, can be encirculation, there is no beauty. If the lady is fair tirely restored by this pleasant remedy. This as driven snow, if she paint, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks and a brilliancy to the eves that is fascinating. This is why the southern, and espe. cially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mix. tures, if they wish to regain elasticity of step, buoyant spirits, sparnkling eyes and beautiful complexions, they should use Dr. Townsend's Dr Townsend-I verily believe that your Sar- Sarsaparilla.
