**Raising Blood**

And Consumption, pain in the side and night sweats. Asthma, Whooping Cough, palpitation of the heart, Liver complaint, Bronchitis, and all diseases of the throat, lungs and liver, cured by Sherman's All-Healing Balm.

RAISING BLOOD AND CONSUMPTION. Mr. Milne, Builder, in Brooklyn, was attacked with raising blood, followed by a cough, pain in the side, and all the usual symptoms of consumption. He employed two of the best physicians; they did him no good, and told him he could not live.

Hearing of the wonderful cures performed by Sherman's Balm, he sent at 10 o'clock at night to Mrs. Hayes, 136 Fulton street, and got a bottle; it operated like a charm, stopped the bleeding and cough! Before he had taken one bottle he was able to be about his work. It had saved his life. His daughter, residing at 127 Myrtle Avenue, can attest it.

Miss Ann Maston, of Williamsburg, living in Teath, near South Fourth street, says—That she had been troubled with a hacking cough, and pain in the chest, for a long time, which at last became so bad that she was obliged to give up her school for more than a year. She then commenced taking the All-Healing Balm—which soon alleviated her symptoms. She is now fast recovering, and has resumed her laborious occupation as a teacher.

14 years Mr. John O'Neil, 10th avenue and 21st street, suffered with a cough, raising of phlegm, and pain in his side. He could get no relief till he tried the All-Healing Balm, which drove the pain from his side, allayed the cough, and brought the disease upon the surface; and before he had taken three bottles, was entirely cured.

PLEURISY AND CONSUMPTION. Mrs. Baggas, a lady upwards of 70, residing 88 Sheriff, has for years been subject to attacks of Pleurisy, Raising of Blood, severe Cough, Shortness of Breath, Pain in her Head and various parts of her body. Her friends believed her past recovery. The All-Healing Balm relieved her at once of all her alarming symptoms, and now she is able to attend to her work.

**Cure for Fever and Ague.**

Russellville, Putnam Co., Ind., July 17 '47. Dr. Wright—Sometime since your agent left me a supply of your Indian Veg's Pills. I have found said Pills to be in great demand lately for the cure of Fever and Ague. Mr. Jas. Boyd has a son who has been laid up with various other remedies, all of which proved of no avail. He determined to try your Indian Vegetable Pills, and by using one box he is now sound and well. Mr. T. Spenser had a daughter, Mr. Hugh Groves a son, and Mr. Charless Nichols and three of his family were down at the same time with fever and ague, and had also tried the various other remedies without effect. Your Indian Vegetable soon restored them all to perfect health. I can assure you from what I have seen, your Indian Vegetable Pills may be relied on for a permanent cure of fever and ague. Yours respectfully, JACOB DURHAM, M. P. Also, an Acting Justice of the Peace.

This is to certify that I was entirely cured of the Chills and Fever, of several months' standing, by the use of four doses of four pills each, of Wright's Indian Vegetable Pills, after taking medicine from a regular physician for some time, and have had no symptoms of it since, which has been about one year ago. J. W. SREXEN, Texas, Champaign Co., Ohio.

This is to certify, that I was cured of the Chills and Fever, by the use of Wright's Indian Vegetable Pills, after having had three attacks of it. DAVID BUAY, Sugar Grove Fairfield Co., Ohio, Nov. 19, '46.

**JOB WORK**

Neatly executed at this Office.

**HIGHLY IMPORTANT WORK. Child-Birth:**

A Valuable Scientific Work, upon the Subject of Gestation and Child-Birth, by R. M. WEISSELHOFF, M. D., late of Paris, just published in New-York by the Author.

This Work contains recently discovered information upon a subject of the highest importance to Married Persons, or those contemplating Marriage. It will be found of special value to those whose means, health or other circumstances, do not permit them to increase the number of their family, without great inconvenience, suffering, or perhaps risk of life.—A method of avoiding these troubles and dangers, at will, (recently discovered by a celebrated French Physician) is fully communicated in this work, so that any person may avail himself of it at once, without purchasing any instrument, medicine, or other article, from the author. The means of prevention here set forth, cost comparatively nothing, and are within the reach of all. The process is new, safe, infallible, convenient, simple, and cannot injure the health of the most delicate. Nor does it curtail matrimonial privileges in the least.

**Mortality Considered.**

The object of this work can be shown to be of the highest utility, and sustained by the soundest principles of prudence, political economy, and virtue. It shows how a physiological effect may be produced, scientifically and without injury to the constitution, which thousands attempt to accomplish by the most unwise and reprehensible means. The object is by no means new to the world. The means will be esteemed by all scientific, rightminded and sensible people, as a discovery in physiology of the highest consequence to public morals and happiness.

**The Instinct of Nature.**

Love, and the desire for union between the sexes, will be indulged, talk of prudence as we may. Without marriage, we have, in all countries, a debasement of our sex, and the criminal indulgence of the other; with marriage, and the unrestrained indulgence of the natural instinct, very often suffering and misery of the most fearful character. Who, then, shall deny to man, (a free agent,) the right to marry, and to regulate the instinct of nature?

**Young Married People.**

Young Married People, whose fortunes are not yet established, will find in this work matter to interest them deeply, and information of the highest value, which they should not, on any account, be ignorant of. Hundreds of married people, now advanced in life, have assured the author, that if they had possessed such a treasure in early life, it would have saved them more than half the suffering and deprivation they have since endured.

**Unhappy Wives.**

Unhappy Wives, who feel that their physical condition and health totally unfit them to become the mothers of a numerous off-spring, and who reasonably fear that each period of confinement will terminate their existence, will hail the discovery of this certain means of relief with unbounded joy. Let all such unfortunate and unhappy wives, lose no time in obtaining this important work. It will be to them a precious boon through life, and prevent many an early and premature death.

**Hereditary Diseases.**

Scrofula, Consumption, Insanity, Apoplexy, Disease of the Heart, and other horrible complaints, capable of transmission from parent to child, afflict many worthy people, who, at the same time, are as capable of enjoying themselves in the marriage state as their more fortunate fellow beings. Shall such persons refrain from marriage on this account, or shall they marry and give birth to a feeble off-spring, destined to a life of suffering or an early death? The answer to these serious questions will be found in the work here recommended.

**Early Marriages.**

Early marriages are strongly advised by all philosophers and writers upon social and political subjects. Early marriages, beyond all questions, tend to promote virtue and happiness; and with the power of regulating the procreative function, made known in this work, may be freely entered into, without fear of incurring responsibilities which cannot be sustained.

**Over Population of the Earth.**

Over Population of the earth need be no longer apprehend. The calculations of Malthus, and the wild fears of Robert Dale Owen, are alike rendered baseless by the discovery here communicated to the world. "The control of man over his accidents," in this respect at least, is here established. The wisdom of exercising such control, none who give the subject a moment's consideration, can doubt.

**Honesty of the Work.**

There is no deception or humbuggery of any kind about this work. It is precisely what its title indicates, a scientific publication, containing information of great value to married people, or those contemplating marriage, expressed in plain language, which all can understand, with no unnecessary words put in merely to swell the number of its pages. The whole story is told, and the means of accomplishing the objects of the work fully and faithfully given, so that the reader may avail himself of it at once, without purchasing any medicine, instrument, or other article from the author.—The means of protection which it recommends, may also be relied upon, without fear of disappointment or injury.

**Physicians, Professors, & Clergymen**

In all parts of the country, have given their testimony strongly in favor of the objects of this work, and the nature of the discovery. We annex a few of these recommendations: New York, September 13, 1848. DR. R. M. WEISSELHOFF—Dear Sir: I should have no question whatever that the means recommended in your work on Child-Birth, would

accomplish the objects intended, considered in reference to physiological principles alone; but I have also the happiness to know that it has stood the test of practical experiment. Yours, truly, R. LE DOYEN, Professors of Midwifery, late of Paris.

New York, August, 1848.

DR. R. M. WEISSELHOFF—Sir: The moral effect of such information as your work contains, I believe to be decidedly salutary. The right of man to control the animal instincts cannot be questioned. I think that work will be the means of doing much good.

Rev. B. F. CROWLEY, No. 8 Stanly Park, New York.

DR. R. M. WEISSELHOFF—Sir: The principles of Chemistry applied to the hints for regulating the procreative functions, as stated in your work on Child-Birth, would satisfy any well informed person that the object of that publication could be attained with the most perfect ease, certainty and safety.

J. L. SULLINAN, Professor of Chemistry, New University.

Copies of this work will be sent, in a close envelope, at single letter postage, to any part of the United States for \$1 sent, post paid, to DR. R. M. WEISSELHOFF, Box 2710, New York City.

**CAUTION.**

If Persons who wish the Genuine work, by Dr. Weisshoff, with private notes added by his own hand, can obtain it only by sending directly to him, as he employs no Agents whatever, and never sells the work at wholesale—therefore no Book Agent, Pedler, Postmaster or Bookseller can possibly furnish the genuine work. Beware, therefore, of false copies, and imitations, which may not only be worthless, but dangerous! All infringements of the copyright are promptly prosecuted; and cheats will only sell abridged or altered copies. This is the only original and true work—no other can be genuine. Send by mail as above: it is the only sure way to secure the work. Thousands of copies have been sent by mail with perfect safety. November 2, 1848.—5m.
