Russleville, Putnam Co., Ind., July 17 '47. Dr. Wright-Sometime since your agent left me supply of your Indian Veg'e Pills. I have found said Pills to be in great demand lately for the cure Stroudsburg, April 6, 1848. of Fever and Ague. Mr. Jas. Boyd has a son who has been laid up with various other remedies, all of which proved of no avail. He determined to try your Indian Vegetable Pill, and by using one box he is now sound and well. Mr. T. Spenster had a daughter. Mr. Hugh Groves a son, and Mr. Charles Nichols and three of his family were down at the same time with fever and ague, and had also tried the various other remedies without effect. Your Indian Vegetable soon restored them all to perfect health. I can assure you from what I have seen, your Indian Vegetable Pills may be relied on for a permanent cure of fever and ague Yours respectfully, JACOB DURHAM, M. P.

Great Blessing to Mothers and Children. It is the safest and most effectual medicine for purify. ing the system, and relieveing the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it is indispensible. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth-in Cos. tiveness, Piles, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains; Hemorrhage, and in parilla over all other medicines is, that while it regulating the secretions and equalizing the circueradicates, it invigorates the body. Exercise in the open air. and light food with this medicine, will always ensure a safe and easy confinement.

Beauty and Health. Cosmetics, Chalk, and a variety of prparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflame by the alkalies used in soaps, beautifies its own production in the "human face Divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature -- not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks and a brilliancy to the eyes that is fascinating. This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparnkling eyes and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station, crowd our office daily.
