To Mothers and Married Ladies. This Extract of Sarsaparilla has been expressy prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, " The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which

women are subject. It braces the whole system renews permanently the natural energies, by moving the impurities of the body, not so far stin ulating as to produce subsequent relaxation, who is the case of most medicines taken for femweakness and disease.
