Incontinuence of Urine, or involuntary discharge thereof, and for the general prostration of the system-no matter whether the result of inherent cause or causes. produced by irregularity, illness or accident .--Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame, which is the great cause of house formerly occupied by Abner Gorden Barrenness. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

To Mothers and Married Ladies. This Extract of Sarsaparilla has been express-

y prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, " The turn of life, should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which

women are subject. It braces the whole system renews permanently the natural energies, by re moving the impurities of the body, not so far stim ulating as to produce subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children. It the safest and most effectual medicine for purify. ing the system, and relieveing the sufferings atten dant upon child-birth ever discovered. It strengt ens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it is indispensible. It is highly useful both before and after confinement, as it pre. vents diseases attendant upon childbirth-in Cos. tiveness, Piles, Cramps, Swelling of the Feet Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains; Hemorrhage, and in regulating the secretions and equalizing the circu lation it has no equal. The great beauty of the medicine is, it is always safe, and the most delicate use it most successfully, very few cases requi any other medicine, in some a little Caster (); Magnesia, is useful. Exercise in the open and light food with this medicine, will always e sure a safe and easy confinement.

Beauty and Health. Cosmetics, Chalis, and variety of prparations generally in use, when ar plied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwa by disease or powder, or the skin inflame by alkalies used in soaps, beantifies its own produce tion in the "human face Divine," as well as in the garden of rich and delicately tinted and variegate flowers. A free, active and healthy circulation the fluids or the coursing of the pure, rich blood the extremities, is that which paints the counts nance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes loveliness that all admire, but none can describe This beauty is the offspring of nature-not of pour der or soap. If there is not a free and health circulation, there is no beauty. If the lady is fa as driven snow, if she paint, and use cosmen and the blood is thick, cold and impure, she is a beautiful. If she be brown or yellow, and the is pure and active blood, it gives a rich bloom the cheeks and a brilliancy to the eyes that fascinating. This is why the southern, and espe cially the Spanish ladies, are so much admir Ladies in the north who take but little exercise are confined in close rooms, or have spoiled the complexion by the application of deleterious min tures, if they wish to regain elasticity buoyant spirits, sparnkling eyes and beautiful complexions, they should use Dr. Townsend
