Fire at Mauch Chunk.

A fire brake out in Mauch Chunk on the morning of the 15th inst., at 9 o'clock, which has laid in runins the most valuable part of that flourishing town.

warehouse of Dodson & Williams, burning that ground. The wind being high it next attacked the drug store of J. A Polk, which it completele destrowed. Continuing its ravages, it destroyed successively the barber-shop of John M Joseph, the dwelling houses, two in number, of Mr. John Mears, and his tin shop, the saddler-shop of Mr. William H. Fister, the store and dwelling house of Mr. John Leisenring, the shoe establishment of Packer & Olewine, the of three-story brick dwellings, and the office of seph Fritz, in Tobyhanna township, on the " Carbon Democrat." It then crossed the street, destroying the Jail and Court House--the printing office of the " Carban County Ga-Connor, together with his large hotel, the drygood store of Mr. Joseph Furst, the dwellinghouse of Mr. Thomas Breisford, and the building occupied by Deahl & Lash, merchant tais lors. The dwelling-house of Mr. John Farzinger, and the large brick houses of E. W. Harlan and Mr. Wm. Butler, although standing, have been completely wrecked.

MAUCH CHUNK, July 15, 4 o'clock, P. M. "Dear Sir: Having arrived in this place today in time to witness a most destructive fire, which has proved most disastrous to the place, I have thought it proper to embrace the earliest opportunity of giving such details as are in my possession. The fire broke out in a storehouse near the corner, and spread with great rapidity, and notwithstanding the most energetic and persevering efforts made to quell it, was only mastered when eighteen dwelling houses and seventeen business establishments, including Connor's hotel, Court-house, Jail and Packer's store, had been devoured by the fierce element. The heart of the town is a smoking

CAUTION EXTRA-

A man by the name of CLAPP has engaged with a young man of the name of S. P. Townsend, and uses his name to put up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it GENUINE, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on rail toads, canals, and the like. Yet ne assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and purchase none but the GENUINE ORIGINAL OLD Dr. Jacob Townsend's Sarsaparilla, having on it the Old Dr's. likeness, his family coat of arms, and his signature across the coat of arms.

OLD DR. JACOB TOWNSEND

Gennine Townsend Sarsaparilla. Old Dr. Townsend is now about 70 years of age, and has lon seen known as the AUTHOR and DISCOVERER of th GENUINE ORIGINAL " TOWNSEND SARSAPARIL I.A." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful HEALING POWER.

Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incaicuable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come,

the means are supplied; this

ORAND AND UNEQUALLED PREPARATION s manufactured on the largest scale, and is called for through out the length and breadth of the land, especially as it is found incapable of degeneration or deterioration. Unlike young S. P Townsend's, it improves with age, and never changes, but for the better; because it is prepared on scien-

tific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been crough. nto requisition in the manufacture of the Old Dr's Sarsapar.ila. The Sarsaparilla root, it is well known to medica: men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is inparing it in the system. Some of the properties of Sarsaparilla are so volatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it r 'its value. person can boil or stew the root till they get a dark colored

liquid, which is more from the coloring matter in the root than from any thing else; they can then strain this insipid or vapid liquid, sweeten with sour molasses, and then call it "SAR SAPARILLA EXTRACT or SYRUP." But such is not the article known as the GENUINE OLD DR. JACOB TOWNSEND'S

SARSAPARILLA. This is so prepared, that all the inert properties of the Sar saparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the

Cure of innumerable diseases. Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing wonders in the cure of CONSUMPTION, DYSPEPSIA, and LIVER COM PLAINT, and in RHEUMATISM, SCROFULA, PILES COSTIVENESS, all CUTANEOUS ERUPTIONS, PIM-PLES, BLOCTHES, and all affections arisi

IMPURITY OF THE BLOOD. It possesses a marvellous efficacy in all complaints arising from Indigestion, from Acidity of the Stomach. from unequal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs; and promotes easy expectoration and gentle perspiration, relaxing stricture of the lungs, throat, and every other part. But in nothing is its excellence more manifestly seen and ac

knowledged than in all kinds and stages of FEMALE COMPLAINTS. It works wonders in cases of Fluor Albus or Whites. Fulling of the Womb. Obstructed, Suppressed, or Painful Meuses, Irregularity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kidney Diseases. By removing obstructions, and regulating the general sys-

tem, it gives tone and strength to the whole body, and thus Nervous diseases and debility, and thus prevents or relieves a great variety of other maladies, as Spinal irritation, Neuralgia, St. Vitus Dance, Swooning,

Epileptic Fits, Convulsions, &c.
It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalises the circulation of the blood, producing gentle warmth

equally all over the body, and the insensible perspiration; re-laxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then The medicine you pre-eminently need? But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S, because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and NEVER SPOILS,

while the other DOES; souring, fermenting, and blowing the bottles containing it into fragments; the sour, acid liquid explo ding, and damaging other goods! Must not this horrible com pound be poisonous to the system? - What! put acid into a system already diseased with acid! What thuses Dyspensia but acid? Do we not all know that when food sours in our stom achs, what mischiefs it produces ? flatdence, heartburn, palpi tation of the heart, liver complaint, diarrhea, dysentery, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Ery sipelas, White Swellings, Fever Sores, and all ulcerations in ternal and external? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the ailments which afflict

Now is it not norrible to make and sell, and infinitely worse SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND, and yet he would fain have it understood that Old Dr. Jacob

Townsend's Genuine Original Sarsaparilla, is an IMPTATION of his inferior preparation!! Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article' and which should bring down upon the Old Dr. such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's FERMENTING COMPOUND.

We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are heaven-wide apart, and infinitely dissimilar; that they are unlike in every particular, having not one single thing

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist-knows no more of medicine or disease than any other common, unscientific, unprofessional man. what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the es used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of

But what else should be expected from one who knows nothing comparatively of medicine or disease! It requires a person of some experience to cook and serve up even a common decent meal. How much more important is it that the persons who man ufacture medicine, designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS, should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases: It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken, and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his.
