

THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of age, and has long been known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL. "TOWNSEND SARSAPARILLA." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circomscribed to those only who had proved its worth, and known is value. It had reached the ears of many, nevertheless, as those persons who had been bealed of sore diseases, and saved HEALING POWER.

Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalcuable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come,

the means are supplied; this

GRAND AND UNEQUALLED PREPARATION manufactured on the largest scale, and is called for through out the length and breadth of the land, especially as it is found

incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better ; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemiatry, and the latest discoveries of the art, have all been orough. .nto requisition in the manufacture of the Old Dr's Sarsapar.lin. The Sarsapariila root, it is well known to medical men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is in-jurious to the system. Some of the properties of Sarsaparilla are so relatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the

not, which give to it r , its value. Any person can boil or stew the root till they get a dark colored liquid, which is more from the coloring matter in the root than from any thing else; they can then strain this insipid or vapid sweeten with sour molasses, and then call it "SAR BAPARILLA EXTRACT or SYRUP." But such is not the GENUINE OLD DR. JACOB TOWNSEND'S

SARSAPARILLA This is so prepared, that all the inert properties of the Sar saparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrate form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the

Cure of innumerable diseases. Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing CONSUMPTION, DYSPEPSIA, and LIVER CO.M. PLAINT, and in RHEUMATISM. SCROFULA. PILES COSTIVENESS, all CUTANEOUS ERUPTIONS, PIM PLES, BLOCTHES, and all affections arising from

IMPURITY OF THE BLOOD. It possesses a marvellous efficacy in all complaints arising from Indigestion, from Acidity of the Stomach, from unequal circulation, determination of blood to the head, palpitation of the heart. cold feet and hands, cold chills and hot flashes over the body. Is has not its equal in Colds and Coughs; and promotes easy expectoration and gentie perspiration, relaxing stricture of the lungs, throat, and every other part.

But in nothing is its excellence more manifestly seen and ac knowledged than in all kinds and stag FEMALE COMPLAINTS. It works wonders in cases of Fluor Albus or Whites. Falling of the Womb, Obstructed, Suppressed, or Parnful Menses, Irregularity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kidney Diseases.

By removing obstructions, and regulating the general sys-tem, it gives tone and strength to the whole body, and thus

Nervous diseases and debility, and thus prevents or relieves a great variety of other maladies.

and thus prevents or relieves a great variety of other maladies, as Spinal irritation, Neuralgia, St. Vitus' Dance, Swooning, Epileptic Fits, Convulsions, &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalises the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; reliaves all strictures and tightness, removes all obstructions, and laxes all strictures and tightness, removes all obstructions, and igorates the entire nervous system. Is not this then

The medicine you pre-eminently need? But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S, hecause of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and

NEVER SPOILS, while the other DOES; souring, formenting, and blowing the bottles containing it into fragments; the sour, acid liquid explo ding, and damaging other goods! Must not this horrible com pound be poisonous to the system?—What! put acid into a system already diseased with acid! What causes Dyspensia but acid? Do we not all know that when food sours in our stom achs, what mischiefs it produces ? flatuence, heartburn, palpi tation of the heart, liver complaint, diarrhosa, dysentery, colic, and corruption of the blood? What is Scrofula but an acid and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum. Ery sipelas, White Sweilings, Fever Sores, and all ulcerations in terzel and external? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the ailments which afflict human nature.

Now is it not notrible to make and sell, and infinitely weres SOURING, FERMENTING, ACID "COMPOUND OF S. P. TOWNSEND, and yet he would fain have it understood that Old Dr. Jacob

Townsend's Genuine Original Sarsoparill is an IMITATION of his inferior preparation!! Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article! and which should bring down upon the Old Dr. such a mountain load of complaints and criminations from Agents who have sold and purchasers who have used S. P. Townsend's FERMENTING

We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Saraparilla are keaven-wide apart, and infinitely dissimilar; that they are unlike in every particular, having not one single thing

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or dis-ease than any other common, unscientific, unprofessional man. what guarantee can the public have that they are receiving a medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of

But what else should be expected from one who knows noth ing comperatively of medicine or disease! It requires a person of some experience to cook and serve up even a common decent moal. How much more important is it that the persons who man ufacture medicine, designed for

WEAR STOMACHS AND ENFERBLED SYSTEMS, should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues. Also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases? It is to arrest francis upon the unfortunate, to pour baim into wounded humanity, to kindle hope, in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken, and to banish infirmity that OLD DR, JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy within the reach, and to the knowledge of all who need it, the they may learn and know, by joyful experience, its Transcendent Power to Heal.
