CAUTION EXTRA

A man by the name of CLAPP has engaged with a young man of the name of S. P. Townsend, and uses his name to pu up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it GENUINE, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on rall roads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to cantion the public not to be deceived, and purchase none but the GENUINE ORIGINAL OLD Dr. Jacob Townsend's Sameparilla, having on it the Old Dre. likeness, his family coat of arms, and his signature across the cost of arms.

Principal Office, 102 Nassau-et., New York City.

OLD DR. JACOB TOWNSEND, THE ORIGINAL DISCOVERER OF THE Genuine Townsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of age, and has long seen known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL. "TOWNSEND SARSAPARILLA." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful HEALING POWER

HEALING POWER. Knowing, wany years ogo, that he had, by his skill, science and experience, devised an article which would be of incalcu-able advantage to markind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the means are supplied; this GRAND AND UNEQUALLED PREPARATION

manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been around.

Chemistry, and the latest discoveries of the art, have all been orough. Into requisition in the manufacture of the Old Dr's Sarsaparilla. The Sarsaparilla root, it is well known to medical mea, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process. known only to those experienced in its manufacture. Moreover, these velatile principles, which fly off in vapor, or as an exhaltion, under heat, are the very executial medical properties of the root, which give to it to its value.

Any person can boil or stew the root fill they get a dark colored flquid, which is more from the coloring matter in the root than from any thing else; they can then strain this insipid or vapid liquid, sweeten with sour molasses, and then call it "SAR SAPARILLA EXTRACT or SYRUP." But such is not the GENUINE OLD DR. JACOB TOWNSEND'S

SARSAPARILLA. This is so prepared, that all the inert properties of the Sar saparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the

Cure of innumerable diseases. Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing CONSUMPTION, DYSPEPSIA, and LIVER COM-PLAINT, and in RHEUMATISM, SCROFULA, PILES,

PLAINT, and in RHEUMATISM. SCROFULA. PILES, COSTIVENESS, all CUT: SNEOUS ERUPTIONS, PIMPLES, BLOCTHES, and all affections arising from IMPURITY OF THE BLOOD.

It possesses a marvellons efficacy in all complaints arising from Indigestion, from Acidity of the Stomach, from unequal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs; and promotes easy expectoration and gentle perspiration, relaxing stricture of the lungs, throat, and every other part.

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of FEMALE COMPLAINTS.

It works wonders in cases of Fluor Albus of Whites, Falling of

It works wonders in cases of Fluor Albus or Whites. Falling of the Womb, Obstructed, Suppressed, or Painful Menses, Irregularity of the menstrual periods, and the tike; and is as effectual in curing all the forms of Kinney Diseases.

By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and thus cures all forms of Nervous diseases and debility, and thus prevents or relieves a great variety of other maladies, as Spinal irritation, Neuralgia, St. Vitus' Dance, Smooning, Epileptic Fits. Convulsions, &c.
It cleanses the blood, excites the liver to healthy action, tones

the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalises the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; re-laxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then

The medicine you pre-eminently need? But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S, because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and

NEVER SPOILS, while the other DOES; souring, fermenting, and blowing the bottles containing it into fragments; the sour, acid liquid explo ding, and damaging other goods! Must not this horrible compound be poisonous to the system?—What! put acid into a system stready diseased with acid! What causes Dyspepsia but acid? Do we not all know that when food sours in our stom acid? Do we not all know that when food sours in our stom achs, what mischiefs it produces? flatsence, heartburn, palpitation of the heart, liver complaint, diarrhæa, dysentery, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Ery sipelas, White Swellings, Pever Sores, and all ulcerations in termal and external? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the ailments which afflict human nature.

Now is it not nowible to make and sell, and infinitely wores to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND, and yet he would fain have it understood that Old Dr. Jacob

Townsend's Genuine Original Sarsaparilla, is an IMITATION of his inferior preparation!!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article? and which should bring down upon the Old Dr. such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's FERMENTING COMPOUND.

We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are heaven wide apart, and infinitely dissimilar; that they are unlike in every particular, having not one single thing

nd is no doctor, and never was, S. P. Towns chemist, no pharmacentist—knows no more of medicine or dis-case than any other common, unscientific, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it and which are incapable of changes which might render them the AGENTS of Disease instead of bealth.

But what else should be expected from one who knows noth ing comparatively of medicine or disease! It requires a person of some experience to cook and serve up even a common decent meal. How much more important is it that the persons who man afacture medicine, designed for

WEAR STOMACHS AND ENFEEBLED SYSTEMS, should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remodies to these diseases. It is to arrest francs upon the unfortunate, to pour ball in into wounded humanity, to kindle hope in the despairing bosom, to restore health and bliom, and vigor into the crushed and broken, and to benish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy within the reach, and to the knowledge of all who need it, that they may learn and know, by joyful experience, its Transcendent Power to Heal.

Wonder and Blessing of the Age. The most extraordinary medicine in the world This Extract is put up in Quart Bottles; it is six times, cheaper, pleasanter, and warranted superior to any sold. It cures disease without vomiting, purging, sickening, or de bilitating the Patient.

The great beauty and superiority of this Sarsaparilla orar all other Medicines is, while it eradicates disease, it invigates the body. It is one of the very best

SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and attengthens the person, but it creates, new, pure and rich blood, a power possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years, more than one hundred thousand cures of severe cases of disease; at least, 50,000 were considered incurable. It has saved the lives of more than 15,000 children the three past seasons.

then 15,000 cuildren the three past seasons.

100,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Bursaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine, or indiscretion committed in youth or the excessive indulgence of the passions, and brought on by physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption, can be antirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL. As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system in a most extraor. dinary degree. Cleanse and Strengthen. Consumption can be event.

Da Townsend—I verify believe your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought me. I am now able to walk all over the city. I raise no blood, and are cough has loft me. my cough has loft me. You can well imagine that I am thankful for these results. Your obedient servant.

WM. RUSSEL, 65 Catherine at. Bhoumations.

Blackwell's Island, Sept. 14 1847.

Dr. Townsend—Dear Sir: I have suffered terribly for mas years with the Rheumatism; considerable of the time I could not ear, sleep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good, I am so much better-indeed, I am entirely relieved. You are at liberty to us this for the benefit of the afflicted.

Yours, respectfully. Fits! Fits!! Fits!!! Dr. Townsend, not having tested his Sarsaparilla in case of Fits, of course, never recommended it, and was surprised to receive the following from an intelligent and respectable

Farmer in Westchester County;
Fordham, August 13, 1847. Dr. Townsend-Dear Sir: I have a little girl, seven years of age, who has been several years afflicted with Fits; we tried almost everything for her, but without success; at he, although we could find no recommendation in your circular for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and su-prise. She is fast becoming rugged and healthy, for which as fedi grateful. Yours, respectfully,

Dr. Townsend's Sariaparilla is a sovereign and speedy care for Incipient Consumption, Barrenness, Prolapsus Uter, or Falling of the Womb. Costiveness, Piles, Leucorrhou, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, clears or accident. Nothing can be more surprising that its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and fell of energy under its influence. It immediately counteract the nervelessness of the female frame, which is the great same of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed,

but we can assure the afflicted, that hundreds of came here

been reported to us. Thousands of cases where families have been without children, after using a few bottles of this residu-ble Medicine, have been blessed with fine, healthy off-pring. Great Blessing to Mothers and Children. It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and the child, prevents pain and disease, increases and carichethe food; those who have used it, think it is indispensible. It is highly useful both before and after confinence. as it prevents diseases attendant upon child-hirth-in Costiveness, Piles, Crampa Swelling of the Feet, Despondency, Hearthurn. Vomiting, Pain in the Back and Loins, Fain Pain Hemorrhage, and in regulating the secretions and equalizing the circulation, it has no equal. The great heauty of this medicine is, it is always safe, and the mest delicate as it most successfully, very few cases require any other medicine, in some a little Castor Oil, or Magnesia is useful. Exercise in the open air, and light food with this medicise, will always secure a safe and easy confinement.

Beauty and Health.

Cosmetics, Chalk, and a variety of preparations prerily in use, when applied to the face, very soon spoil it of the beauty. They close the pores of the skin, and check the circle lation, which, when nature is not thwarted by dissue to powder, or the skin inflamed by the nikalics used in soan beautifies its own production in the "human face Devina as well as in the garden of rich and delicately tinted varing ated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood, to the extraction, is that which paints the countenance in the most explaints its beauty. It is that which imparts the indescribable hades and flashes of loveliness that all admire, but none can be scribe. This beauty is the offspring of nature—net of powder or soay. If there is not a free and healthy circulation, then is no beauty. If the lady is fair as driven snow, if size pands and use cosmetics, and the blood is thick, cold and impute the is not beautiful. If she be brown or yellow, and then is pure and active blood, it gives a rich bloom to the chesis and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish lains are so much admired. Ladies in the north, who take their complexion by the application of deleterioes a mixing if they wish to regain elasticity of step, buoyant spirit, sprilling eyes and beautiful complexion, they should use their complexion by the application of deleterioes a mixing if they wish to regain elasticity of step, buoyant spirit, sprilling eyes and beautiful complexion, they should use the Townsend's Sersaparills. Thousands who have tried it is more than satisfied, are delighted. Ladies of every state at Dr. Townsend's office. It speaks for itself.

Dr. Townsend—Dear Sir: I am constrained to give your statement of the benefit I derived from using year should remembe to the benefit I derived from using year should ficulty for me to walk or keep about. I by a liso a list which covered the most parts of my h

received little or no benefit, until I took your Sarmania which, through the kindness of Providence, has respect to more than my usual health, as I am now enjoying better I have for a number of years.
