CAUTION EXTRA.

A man by the name of CLAPP has engaged with a young man of the name of S. P. Townsend, and uses his name to put up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it GENUINE, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on rail roads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and purchase none but the GENUINE ORIGINAL OLD Dr. Jacob Townsend's Sarsaparilla, having on it the Old Dr's. likeness, his family coat of arms, and his signature across the coat of arms.

DR. JACOB TOWNSEND.

Genuine Townsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of age, and has long seen known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL. "TOWNSEND SARSAPARILLA." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known ts value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful HEALING POWER.

Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalcuable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come,

the means are supplied; this

GRAND AND UNEQUALLED PREPARATION s manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brough, nto requisition in the manufacture of the Old Dr's Sarsapar.ila. The Sarsapariila root, it is well known to medical men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is in-jurious to the system. Some of the properties of Sarsaparilla are so volatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process known only to those experienced in its manufacture. Mo these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it to its value.

Any person can boil or stew the root till they get a dark colored figuld, which is more from the coloring matter in the root than from any thing else; they can then strain this insipid or vapid liquid, sweeten with sour molasses, and then call it "SAR SAPARILLA EXTRACT or SYRUP." But such is not the GENUINE OLD DR. JACOB TOWNSEND'S

SARSAPARILLA. This is so prepared, that all the inert properties of the Sar saparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its value.

Cure of innumerable diseases. Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing wonders in the cure of CONSUMPTION, DYSPEPSIA, and LIVER COM

PLAINT, and in RHEUMATISM, SCROFULA, PILES, COSTIVENESS, all CUTANEOUS ERUPTICNS, PIMPLES, BLOCTHES, and all affections arising from IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in ail complaints arising from Indigestion, from Acidity of the Stomach, from unequal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs; and promotes easy expectoration and gentle perspiration, relaxing stricture of the lungs, throat, and every other part.

But in publing is its excellence, more manifestly seen and ac But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of FEMALE COMPLAINTS.

It works wonders in cases of Fluor Albus or Whites. Falling of the Womb. Obstructed, Suppressed, or Painful Menses, Irregularity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kidney Diseases. By removing obstructions, and regulating the general sys-tem, it gives tone and strength to the whole body, and thus

Nervous diseases and debility, and thus prevents or relieves a great variety of other maladies, as Spinal irritation, Neuralgia, St. Vitus' Dance, Swooning, Epileptic Fits, Convulsions, &cc. It cleanses the blood, excites the liver to healthy action, tone the stomach, and gives good digestion, relieves the bowels o torpor and constipation, allays inflammation, purifies the skin, equalises the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; re-

taxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then The medicine you pre-eminently need? But can any of these things be said of S. P. Townsend's infe

rior article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S, because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and
NEVER SPOILS,

while the other DOES; souring, fermenting, and blowing the bottles containing it into fragments; the sour, acid liquid exploding, and damaging other goods! Must not this horrible compound be poisonous to the system?—What! put acid into a system already diseased with acid! What causes Dyspepsia but acid? Do we not all know that when fined sours in our stom achs, what mischiefs it produces? flatuence, heartburn, palpitation of the heart, liver complaint, diarrhea, dysentery, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Emptions of the Skin, Scald Head, Sak Rheum, Erysipelas, White Swellings, Fever Sores, and all ulcerations in ternal and external? It is nothing under heaven, but an acid substance which some and their said. substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the ailments which afflict human nature.

Now is it not notrible to make and sell, and infinitely worse to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND.

and yet he would fain have it understood that Old Dr. Jacob Townsend's Genuine Original Sarsaparilla, is an iMITATION of his inferior preparation!! Heaven formed that we should deal in an article which would hear the most distant resemblance to S. P. Townsend's article! and which should bring down upon the Old Dr. such a mornitali load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Pownsend's FERMENTING

We wish it understand, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarthey are unlike in every particular, having not one single thing

As S. P. Townsend is no doctor, and never was, is no chemist no pharmaceutst-knows no more of medicine or disease than any other common, anscientific, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of

health.

But what else should be expected from one who knows noth ing comparatively of medicine or disease! Is requires a person of some experience to cook and serve up even a common decent meal. How much more ineportant is it that the persons who man ufacture medicine, designed for WEAK STOMACHS AND ENFERBLED SYSTEMS,

should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases. It is to arrest famils upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken, and to banish infirmity that OLB DR. JACOB TOWNSP.ND has SOUGHT and FOUND the opportunity and means to bring bis

they may learn and know, by joyful experience, its
Transcendent Power to Heal.

READ THE AFFIDAVIT.

City and County of New-York, st. William Armstrong, of the said City, being duly William Armstrong, of the said City, being duly sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1843, a man by the name of Jacob Townsend, who at that time was a book and pamphlet paddler, called upon deponent, at the house of Mr. Thompson, No. 42 Hudson-street, where deponent housed, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further says, that he became acquainted with said Townsend at the office of Theodore Foster, Esq., Book Publisher, with whom said Townsend dealt. That said Townsend had had frequent conversations with deponent respecting the manufacture of an tions with deponent respecting the manufacture of an article of Sarsaparilla to be sold under the name of Dr. Jacob Townsend.

That said Townsend stated he was an old man and poor, and was not fit for hard labor—and wished to make some money, in order to live easy in his old days, and that, if Sarsaparilla under the name of Town-send sold so well, and so much money was made by it, he could see no reason why he might not make something out of it too, (his name being Townsend) if he could get a capable person to prepare a recipe, and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him, as he had formed a co-partnership with men who could furnish the requisite amount of capital—and was well prepared to defend himself against any attack that might be made on him.

Deponent further says, that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Sarsaparilla, and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their approval, as he wished to gratify them in every thing, as they furnished all the capital—said Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr. S. P. Townsend's, and deponent, at the request of said Jacob Townsend, went to the office of Dr. S. P. Townsend, and procured one of his labels.

And deponent further says, that he has been informed, and verily believes the Syrup of Sarsaparilla, sold as Old Jacob Townsend's, is made after the recipe furnished by deponent, to Jacob Townsend, as aforesaid. And further deponent saith not.
WILLIAM ARMSTRONG.

Sworn to before me, this 24th day of May, 1849.
C. S. WOODHULL,
Mayor of the City of New York. PROOF!! PROOF!!! Here is proof conclusive that Dr. S. P. Townsend's Sarsaparilla is the original. The following is from some of the most respectable pupers in this State.

FROM THE New York Daily Tribune.

(27- We published an advertisement inadvertently some time since that did injustice to Dr. S. P. Townsend, who is the original proprietor of the preparation of Sarsaparilla known as Dr. Townsend's. Other parties have within the past few months engaged or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the same name. This medicine was advertised in The Tribune as the original, &c. This advertisement also contained matter derogatory to the character of Br. S. P. Townsend and that of his medicine. We regist

it appeared, and in justice to the Dr. make this ex-Dr. Towsenp's extraordinary advertisement which occupies an entire page of the Sun, will not escape notice. Dr. S. P. Townsend, who is the original preprietor of Dr. Townsend's Sarsaperilla, and whose of fice is next door to ours, where he has been for several years, is driving an immense business. He receives no less than four hundred dozen of Sarsaparilla per day, and even this enormous quantity does not supply the demand. No medicine ever gained so great a popularity as his preparation of the Sarsaparilla. His edition of Almanaca for 1849 cost \$22,000, and he has paid the New York Sun for advertising, in the last four years, over \$10,000, and he acknowledges that it is the cheapest advertising he has had done. This medicine is exported to the Canadas, West ladies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here. ice is next door to ours, where he has been for sever-

Swindlers. Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Men that would be guilty of such an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only genuine.

Some people who are not well informed, and have not read the papers, and not seen our advertisements, have been led to suppose, that because these men severtise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one year since they commenced to make their medicine. Ours has been in the market over ten years.

This Old Jacob Townsend.

They are endeavoring to palm off on the public as an old Physician, &c. He is not a regular educated Physician, and never attempted to manufacture a medicine, until these men hired him for the use of his name. They say they do not wish the people to be lieve that their Sarsaparilla is ours, or the same—but the better to deceive the public, they at the same time assert that their's is the Old Dr. Townsend's and the original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sarsaparilla, that has performed so many wonderful cures for the past ten years, and which has gained a reputation which no other medicine ever enjoyed which is a base, villainous, unprincipled falsehood. We have commenced suits against these men for damages. We wish it to be understood, that the old mas is no relation to Dr. Townsend whatever. In their adis no relation to Dr. Townsend whatever. In their si-vertisements and circulars, they publish a number of gross labschoods respecting Dr. Townsend, which we

Our opponents have published in the papers, that Dr. S. P. Townsend was dead. This they send to their agents about the country, who report that we have given up business, &c. &c. The public should be at their guard, and not be deceived by these up many pled men.
