Late Murders in Arkansas.

The Memphis Eagle has the following statement, copied from the Arkansas Banner. The bany, by the name of James Burt, arrived here Little Rock Democrat says that Gov. Roane in pursuit of a boy, who will be eight years old had ordered out the miltia for the purpose of in December next, that left home on the 8th of arresting the murderers. The attempt to arrest October, 1846. Mr. Burt's attention was called them has doubtless led to the state of civil war to the subject, by reading an article in the existing at the last accounts :

MARION COUNTY, SEPTEMBER 4, 1849.

I will now give you an account of one of the most hellish outrages ever perpetrated in that unfartunate county, Marion. On Friday last three of the Kings were murdered in cold blood. You recollect hearing of a battle that was fought | children. The story which the boy told, and at Yellville some time since between the Kings and Evereus. Some days since Moony (the sheriff of Marion county) and some of the Evereus followed one of the Kings, who had moved from Marion to Conway county and left Oswego, with a person whom they called not scold or peck him. When the little red settled. When Moony and company arrived Bort, living within some two or three miles of at King's they found him in the act of moving this city, but in what direction the boy is unaoner. King told them they might tie him, or was told he might come to the Fair, which he close contact. Sometimes they go near the tention was to take him to Yellville, but he be- sheep on the Fair ground, for some one, who lieved they intended to murder him on the way. gave him some pennies, with which he pur-Moony and Everett told him all they wanted chased some cakes and peaches. In this way, was to take him back to Yellville and give him he obtained barely food enough to sustain life a trial by the laws of Arkansas.

They started with him. His father, broth. want of food, at the close of the Fair, he laid ers, and I think two cousins said they would go down in the dry goods box, under the liberty with him, as long as he was uneasy. The pole, and found rest for the night. Previous Kings all went unarmed. Moony & Co. num- nighte, he had slept in barns and on boats. Afbered about twenty. They were armed each ter being found by Justice House, he was taken with a rifle gun, pair of pistols, and a bowie- to the Orphan Asylum, that noble and philanknife. King's family moved on, either ahead thropic institution, which is so well deserving or behind the company. On the way two of the patronage of our citizens, where he was the King's little children were taken very sick. The night before the hellish deed was perpetrated, King learned that one of his children after conversing with a gentleman from Oswewas dying; he plead for God's sake to let him go, resolved to go to Oswego Sunday evening, go and stay with his poor little dying child that which he did. We saw him for a moment on night, and told them to chain him or tie him any way and go with him. But all his prayers were in vain. King told his grey-headed fath- years, and found him in New York. The father, a pious, good old man, that he, his brothers er, with the found boy, lest here yesterday and cousins, had better get away and take care morning in the cars for home, where a mother of themselves, as he was conscious that their awaits the arrival of the lost son. The joy fate was sealed. The old man and boys told which his presence will give her, after so much him that they would stay with him and all die anguish, doubt, and uncertainty, can be imagtogether, if the company intended to murder ined by a mother, but not described by a father. them. At length the assassins commenced The boy had no recollection of his father. dropping off, one at a time, until all but ten or Had always been told that his father was an twelve had left. They then wanted the Kings to get down off their horses and rest, but they er were dead. He says he has been well tarefused. Some one of the party gave a sign ken care of, and has been sent to school a porfor all hands to re-prime their rifles and shoot, which was obeyed in quick time. Two of the Kings (the cousins) made their escape. They ran down their horses and hid themselves until dark, and then went to the settlement and raised a company to bring in the bodies of the 1846, on which day Howe & co's circus came three that were murdered. Kings child died. into Albany; and the father has always sup-

The following question would furnish a good subject for a debating society: " Which is the most dangerous to a community, an ignorant physician, a political printer, an illiterate schoolmaster, or a knavish lawyer.

Dreadful Sufferings at Sea.

MAN KILLED TO FEED HIS COMPANIONS. The New Orleans papers give in their late news from the Pacific, an account of the dreadful sufferings experienced by the captain (Hosmer) and three of the crew of the American bark Jeannette, of Fairhaven, Mass., engaged in the whale fishery in the Pacific. Being out after a whale they were apparently by design, left by the ship, the mate being in command. They were exposed in an open boat for twenty days to the rigor of the elements, without food or drink, except what an occasional shower of rain afforded, and a booby and a dolphin which they caught. It relates the frightful necessity wherein one of the men was killed to feed his companions, another having previously died from exhaustion. They reached Cicus Island and were taken to Payla by a transient ship, from whence they embarked for New Bedford

on ship Geo. Howland.

Curious Incident. At Hickory Grove, near Burlington, N. J. is a hen, having five mottled chickens, black and white, a little larger than quails. To this group there has attached itself a kitten a few months old, of like color with the chickens. They ramble together; sometimes he amuses himself by playing with the hen's tail, when she does squirrel comes capering along, he runs after him, even up the tree; but they are so much give the kitten something suited to his taste and habits. Thus they spend day after day in their rambles, and when evening approaches and they seek a place for repose, they nestle together, the kitten creeping under the old hen's wing like chickens, and they repose harmoniously together for the night.

New Issues.

The Lancaster Bank is calling in its old Ten, Twenty, and Fifty dollor notes, and is replacing them by a New issue from a different plate. The new plate is one of the prettiest specimens of bank note engraving that the editor of the Lancaster Union has ever seen. Wish the bank would send a sample this way. Perhaps we might puff it!

Arsenic in Flour.

The family of Isaac Vandevert, of Greenbrook, Middlesex Co., some 8 or 10 in number, were made sick a few days ago by eating cakes made from flour in the house. All vomited more or less, and several were thrown into a very perilous condition. A portion of the flour was subsequently submitted to Professor Reed of N. Y. City Hospital, who found arsenic in making the analysis-doubtless mixed with the flour by some vile person with malignant intent. A thorough search is making to ascertain

A little boy seeing a drunken man postrate before the door of a groggery, opened the door, and putting in his head, said to the proprietor, "See here, neighbor, your sign has fallen

POTATOES .- From year to year we have carefully chronicled the appearance of the potato crop as it approached the season of maturity. We have this year made many inquiries of our farmers, and they uniformly state that the tubers of this crop are more numerous and agreeable than at any time since the peculiar decay, which has of late years proved so destructive, first began; and no more signs of unsoundness are exhibited than were known in the "palmiest" and mealiest days of this valuable esculent. For many years we have had extremely wet weather when the potato was in the most critical period of its growth. This has undoubtedly contributed very greatly to their decay, if it has not been the cause. This year the weather has been peculiarly favorable -- the roots having never been more than sufficiently moistened. We apprehend this is the true reason of the change, although from the universality of the former loss, it may be fully by me. inferred that the disease had its origin in some unknown atmospheric phenomenon. Hereafter the year of the Cholera will probably be remembered as the year when the crop recovered its ancient vigor and excellence.

SIX CENTS REWARD.

Ranaway from the Subscriber on Tuesday the 9th instant, a colored boy named Jacob Quacko, an indentured apprentice, aged about 17 years. Said boy had on when he left a dark colored satinette coat and lindsey pantaloons. The above reward, but no char-

ges, will be paid if he is brought back. ROBERT BROWN.

Stroud township, October 18, 1849.

DR. TOWNSEND'S POUND EXTRACT OF SARSAPARILLA

Wonder and Blessing of the Age. The most extraordinary medicine in the world This Extract is put up in Quart Bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures disease without vomiting, purging, sickening, or de

itating the Patient. The great beauty and superiority of this Sarsaparilla over all other Medicines is, while it eradicates disease, it invigo-rates the body. It is one of the very best

SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it creates, new, pure and rich blood, a power possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years, more than one hundred thousand cures of savere cases of disease; at least, 50,000 were considered incurable. It has saved the lives of more than 15,000 children the three past seasons.

100,000 causes of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy, by the effects of medicine, or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on by physical prostration of the nerrous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla

tirely restored by this pleasant remedy. This Sarsaparilla is far superior to any INVIGORATING CORDIAL. As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system in a most extraor-

dinary degree. Consumption Cured. Cleanse and Strengthen. Consumption can be cured.
Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be

Da. Townsend—I verily believe your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant.

WM. RUSSEL, 65 Catherine-st.

Rheumatiam. Rigekwell's Island, Sept. 14 1847. Dr. Townsend—Dear Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good, I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours, respectfully, JAMES CUMMINGS Fita! Fite!! Fite!!!

Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course, never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County;

Fordham, August 13, 1847.

Dr. Townsend—Dear Sir: I have a little girl, seven years of age, who has been several years afflicted with Fits; we tried almost everything for her, but without success; at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise. She is fast becoming rugged and healthy, for which we feel grateful. Yours, respectfully, Female Medicines.

Dr. Townsend's Sarsaparilla is a sovereign and speedy curs for Incipient Consumption, Barranness, Prolapsus Uteri, or Falling of the Womb. Costiveness, Piles, Leucorrhea, or Whites, obstructed or difficult Menstruation, Incomingence of Urine, or involuntary discharge thereof, and for the general Urine, or involuntary discharge thereof, and for the general prostration of the system—so matter whether the result of inherent cause or causes, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have

been without children, after using a few bottles of this invalua ble Medicine, have been blessed with fine, healthy offspring. Great Elessing to Mothers and Children. It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and the child, prevents pain and disease, increases and enriches the food; those who have used it, think it is indispensatible. It is highly useful both before and after confinement, as it prevents diseases attendant upon child-birth—in Costiveness, Piles, Cramps Swelling of the Feet, Despondency, Hearthurn, Vomiting, Pain in the Back and Loins, False Pains. Great Blessing to Mothers and Children. Hemorrhage, and in regulating the secretions and equalizing the circulation, it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medi-cine, in some a little Castor Oil, or Magnesia is useful. Ex-ercise in the open air, and light food with this medicine, will slways secure a safe and easy confinement.

Beauty and Health.

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifes its own production in the "human face Divine," as well as in the garden of rich and delicately tinted variegated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood, to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven anow, if she paints, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north, who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexion, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily.

The Rev. John Seger

Of Jersey City, an old and highly respectable elergyman of the Baptist denomination, handed in the following certificate at Dr. Townsend's office. It speaks for itself.

Dr. Townsend—Dear Sir: I am constrained to give you a statement of the benefit I derived from using your Sarsaparilla, believing, by so doing, I shall reuder a benefit to those who are su Beauty and Health.

which, through the kindness of Providence, has restored me to more than my usual health, as I am now enjoying better than I have for a number of years. I am now 60 years of age. I believe it to be an invaluable medicine, and recommend it to my numerous acquaintances, which is very large, as I have been a minister a great many years. I hope this heaty sketch may be as much benefit to you as your medicine has to me.

JOHN SEGER, Jersey City.

July 11, 1847.

OPINIONS OF PHYSICIANS.

OPINIONS OF PRYSICIANS.

Dr. Townsend is almost daily receiving orders from Physicians in different parts of the Union.

This is to Certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.
