That some time in the latter et of May, or first of June, 1848, a man by the name part of May, or first of June, 1848, a man by the name of Jacob Townsend, who at that time was a book and pamphlet paddler, called upon deponent, at the house of Mr. Thompson, No. 42 Hudson-street, where depo-nent boarded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further says, that he became acquainted with said Townsend at the office of Theodore Foster, Esq., Book Publisher, with whom said Townsend dealt. That said Townsend had had frequent conversa-tions with deponent respecting the manufacture of an tions with deponent respecting the manufacture of an article of Sartaparilla to be sold under the name of Dr. Jacob Townsend.

Jacob Townsend. That said Townsend stated he was an old man, and poor, and was not fit for hard labor—and wished to make some money, in order to live ensy in his old days, and that if Sarsaparilla under the name of Town-send sold so well, and so much money was made by it, he could see no reason why he might not make something out of it too, (his name being Townsend.) if he could get a capable person to prepare a recipe, and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him, as he had formed a co-partnership with men who could furnish the requisite amount of capital—and was well prepared to detend hims. We feel justified in proclaiming of her sepulchral cough pierces your soul.

Young man, when just about to enter life, disease sends a hear-crushing blight over the more benificial to afflicted humanity than fair prospects of the future, your hectic cough "Myers' Liquid Cure." We know that this and feeble limbs tell of your loss of hope, but you need not despair. There is a balm which Volumes, we could not say too much in praise will heal the wounded lungs, it is

SHERMAN'S ALL-HEALING BALSAM. Mrs. Attree, the wife of Wm. H. Attree, Esq., was given up by Dr. Sewall of Washington, Drs. Roe and McClellan of Philadelphia, Dr. Roe and Dr. Mott of New York. Her friends all thought she must die. She had every appearance of being in consumption, and was'so pronounced by her physicians --- Sherman's Balsam was given and it cured her.

Mrs. Garrabramz, of Bull's Ferry, was also cured of consumption by this Balsam when all other remedies failed to give relief-she was reduced to a skelton. Dr. A. C. Castle, Dentist , 281 Broadway, has witnessed its effects in several cases where no other medicine afforded relief ... but the Balsam operated like a charm. Dr. C. also witnessed its wonderful of doing. Spitting Blood, alarming as it may be, is effectually cured by this Balsam. It heals the ruptured or wounded blood vessels, and makes the lungs sound again.

Rev. Henry Jones, 108 Eighth avenue, was cured of cough and catarrhal affection of 50 years standing. The first dose gave him more relief than all the other medicine he had ever taken. Dr. L. J. Beals, 19 Delancy-street, gave it to a sister-inlaw who was laboring under Consumption, and to another sorely afflicted with the Asthma. In both cases its effects were immediate, soon restoring them to comfortable health.

Mrs. Lchretia Wells, 95 Christie-st. suffered from Asthma 42 years. Sherman's Balsam relieved her at once, and she is comparatively well, being enabled to subdue every attack by tion, the cheapness of which places it within a timely use of this medicine. This indeed is the great remedy for Coughs, Colds, Spitting Blood, Liver Complaints, and all the affections

CAUTION EXTRA.

A man by the name of CLAPP has engaged with a youn man of the name of S. P. Townsend, and uses his name to pu an a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, ominating it GENUINE, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on rail roads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caption the public not to be deceived, and purchase none but the GENULVE ORIGINAL OLD Dr. Jacob Townsend's Saraparilla, having on it the Old Dr's. likeness, his family coat of arms, and his signature across the coat of arms.

OLD DR. JACOB TOWNSEND. THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of age, and has long seen known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL. " TOWNSEND SARSAPARIL-L.A." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wooderful HEALING POWER.

Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalcuable advantage to mankind when the means would be fur nished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the means are supplied ; this GRAND AND UNEQUALLED PREPARATION

s manufactured on the largest scale, and is called for through out the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better ; because it is prepared on seientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been prough. .nto requisition in the manufacture of the Old Dr's Sareaparilia. The Sarsapariila root, it is well known to medical men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is inurious to the system. Some of the properties of Sarsaparilla are so volatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process known only to those experienced in its manufacture. Moreover, these valatile principles, which fly off in vapor, or as an exhalu-tion, under heat, are the very essential medical properties of the toot, which give to it r " its value.

Any person can boll or stew the root till they get a dark colored liquid, which is more from the coloring matter in the root than from any thing else; they can then strain this insipid or vapid liquid, sweeten with sour molasces, and then call it "SAR SAPARILIA EXTRACT or SYRUP." But such is not the article known as the

GENUINE OLD DR. JACOB TOWNSEND'S

And deponent further says, that he has been inform ed, and verily believes the Syrup of Sarsaparilla, sold as Old Jacob Townsend's, is made after the recipe furhished by deponent, to Jacob Townsend, as aforesaid. And further deponent saith not.

Sarsaparilla is the original. The following is from some of the most respectable papers in this State.

He reserve fice is next door to ours, where he has been for sever-al years, is driving an immense business. He receives no less than four hundred dozen of Sarsaparilla per day, and even this enormous quantity does not supply the demand. No medicine ever gained so great a popularity as his preparation of the Sarsaparilla. His edition of Almanacs for 1849 cost \$22,000, and he has paid the New York Sus for advertising, in the last four years, over \$10,000, and he acknowledges that it is the cheapest advertising he has had done. This medicine is exported to the Canadas, West In-dics, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers.

Swindlers. Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Old Jacob Townsend. Some people who are not well informed, and have not read the papers, and not seen our advertisements, have been led to suppose, that because these men ad-vertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one year since they commenced to make their medicine. Ours has been in the market over ten years.

This is so prepared, that all the inert properties of the Sar saparilla root are first removed, every thing caushle of becoming acid or of fermentation, is extracted and rejected : then every particle of medical virtue is secured in a pure and concentrated form ; and thus it is readered incapable of losing any of its valu-able and heating properties. Prepared in this way, it is made the most powerful agent in the

Cure of innumerable diseases.

Hence the reason why we hear commendations on every side in its favor by men, wonien, and children. We find it doing

wonders in the care of CONSUMPTION. DYSPEPSIA, and LIVER COM-PLAINT, fand in RHEUMATISM. SCROFULA, PILES. COSTIVENESS, all CUTANEOUS ERUPTICNS, PIM-PLES, BLOCTHES, and all affections arising from IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in all complaints arising from Indigestion, from Acidity of the Stomach. from unequal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs ; and promotes easy ex-pectoration and gentle perspiration, relaxing stricture of the ungs, throat, and every other part.

But in nothing is its excellence more manifestly seen and ac knowledged than in all kinds and stages of FEMALE COMPLAINTS.

It works wonders in cases of Fluor Albus or Whites. Falling of the Womb, Obstructed, Suppressed, or Painful Menses, frequiar ity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kidney Diseases.

By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and thus

Nervous diseases and debility. and thus prevents or relieves a great variety of other maladies, as Spinal irritation, Neuralgia, St. Vitus' Dance, Suconing,

Epileptic Fits, Convulsions, &c. It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalises the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; re-laxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then

The medicine you pre-eminently need ?

But can any of these things be said of S. P. Townsend's infe-rior article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S,

because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and NEVER SPOILS.

while the other DOES : souring, fermenting, and blowing the bottles containing it into fragments ; the sour, acid liquid explo ding, and damaging other goods ! Must not this horrible com pound he poisonous to the system ?- What ! put acid into a system already diseased with acid ! What causes Dyspensia but acid † Do we not all know that when food sours in our stom achs, what mischiefs it produces ? flatuence, heartburn, palpi fation of the heart, liver complaint, dfarrhæa, dysentery, colic, and corruption of the blood ? What is Scrofula but an acid humor in the body ? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Ery sipeins, White Swellings, Fever Sores, and all ulcerations in ternal and external ? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and else-where, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the ailments which afflict human nature.
