### READ THE AFFIDAVIT.

City and County of New-York, ss. William Armstrong, of the said City, being duly sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1848, a man by the name of Jacob Townsend, who at that time was a book and pamphlet peddler, called upon deponent, at the house of Mr. Thompson, No. 42 Hudson-street, where deponent boarded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further says, that he became acquainted with said Townsend at the office of Theodore Foster, Esq., Book Publisher, with whom said Townsend dealt. That said Townsend had had frequent conversations with deponent respecting the manufacture of an article of Sarsaparilla to be sold under the name of Dr. Jacob Townsend.

That said Townsend stated he was an old man, and poor, and was not fit for hard labor-and wished to nake some money, in order to live easy in his old days, and that, if Sarsaparilla under the name of Townsend sold so well, and so much money was made by it, he could see no renson why he might not make something out of it too, (his name being Townsend,) if he could get a capable person to prepare a recipe, and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him, as he had formed a co-partnership with men who could furnish the requisite amount of capital-and was well prepared to defend himself against any attack that might be made on him.

opent further says, that pursuant to the request

### CAUTION ENTRATS

A man by the name of CLAPP has engiged with a young man of the name of S. P. Townsend, and uses his name to put up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it GENUINE, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on rall roads, canals, and the like. Yet he assumes the title of Dr. for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and purchase none but the GENCINE ORIGINAL OLD Dr. Jacob Townsend's Sameparilla, having on it the Old Dr's. likeness, his family coat of snns, and his signature across the coat of arms.

# OLD DR. JACOB TOWNSENI THE ORIGINAL DISCOVERER OF THE

### Genuine Townsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of age, and has long seen known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL " TOWNSEND SARSAPARIL-L.A." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known is value. It had reached the ears of many, nevertheless, as those persons who had been heated of sore diseases, and saved from death, proclaimed its excellence and wouderful HEALING POWER.

Rnowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalcu-.able advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the means are supplied : this GRAND AND UNEQUALLED PREPARATION

s manufactured on the largest scale, and is called for through-out the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age auaever changes, but for the better ; because it is prepared on scien-tife principles by a scientific man. The highest knowledge of nistry, and the latest discoveries of the art, have all been brough. nto requisition in the manufecture of the Old Dr's Sarsapar.lla. The Sarsapariila root, it is well known to medica. men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is in-parious to the system. Some of the properties of Sarsuparilla are so volatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process known only to those experienced in its manufacture. Moreover, these polatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it t ' its value.

Any person can boil or stew the cost till they get a dark colored liquid, which is more from the coloring matter in the root than

of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Sarsaparilla, and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their approval, as he wished to gratify them in every thing, as they furnished all the capital—said Townsend also teld deponent that the bottles they were to use were to be of the same size and shape as Dr. S. P. Town-send's, and deponent, at the request of said Jacob Townsend, went to the office of Dr. S. P. Townsend, and procured one of his lubels.

And deponent further says, that he has been inform ed, and verily believes the Syrup of Sarsaparilla, sold as Old Jacob Townsend's, is made after the recipe fur nished by deponent, to Jacob Townsend, as aforesaid. And further deponent saith not.

### Mayor of the City of New York

PROOF !! PROOF !!! Here is proof conclusive that Dr. S. P. Townsend's Sarsaparilla is the original. The following is from some of the most respectable papers in this State.

#### FROM THE New York Dally Tribune.

03- We published an advertisement inadvertently some time since that did injustice to Dr. S. P. Town send, who is the original proprietor of the preparation of Sarsaparilla known as Dr. Townsend's. Other parties have within the past few months engaged or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the same name. This medicine was advertised in The Tribune as the original, KC. This advertisement also contained matter derogatory to the character of Dr S. P. Townsend and that of his medicine. We regret it sppeared, and in justice to the Dr. make this explanation.

#### FROM THE New York Dally Sun.

DE. Townsend's extraordinary advertisement, which occupies an entire page of the Son, will not escape notice. Dr. S. P. Townsend, who is the original pro prictor of Dr. Townsend's Sarsaparilla, and whose of fice is next door to ours, where he has been for several years, is driving an immense business. He receives no less than four hundred dozen of Sarsaparilla per day, and even this enormous quantity does not supply the demand. No medicine ever gained so great a popularity as his preparation of the Sarsaparilla. His edition of Almanacs for 1849 cost \$22,000, and he has paid the New York Ses for advertising, in the last four years, over \$10,000, and he acknowledges that it is the cheapest advertising he has had done This medicine is exported to the Canadas, West In dies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

#### Swindlers.

Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Men that would be guilty of such an act, would commit any other fraud -and no Druggist of common intelligence but knows that ours is the only genuine.

#### Old Jacob Townsend.

Some people who are not well informed, and have not read the papers, and not seen our advertisements, have been led to suppose, that because these men ad-vertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one car since they commenced to make their medicine. Ours has been in the market over ten years.

### This Old Jacob Townsend.

They are endeavoring to palm off on the public as an old Physician, &c. He is not a regular educated Physician, and never attempted to manufacture a med-icine, until these men hired him for the use of his icine, until these men hired him for the use of his name. They say they do not wish the people to be-lieve that their Sursaparilla is ours, or the same-but the better to deceive the public, they at the same time assert that their's is the Old Dr. Townsend's, and the original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sarsaparilla, that has performed so many wonderful cures for the past ten years, and which has gained a reputation which no other medicine ever enjoyed-which is a base, villainous, unprincipled falsehood. We have commenced suits against these men for damages. We wish it to be understood, that the old man is no relation to Dr. Townsend whatever. In their ad-vertisements and circulars, they publish a number of vertisements and circulars, they publish a number of gross falsehoods respecting Dr. Townsend, which we will not notice.

Our opponents have published in the papers, that Dr. S. P. Townsend was dead. This they send to their given up business, &c. kc. The public should be on their guard, and not be deceived by these unprincipled men. Notice of Removal.—After the first of September, 1849, Dr. S. P. Townsend's New York Office will be in the South Baptist Church, No. 82 Nassau street, which is now undergoing a thorough change, and will be fitted for the better accommodation of the proPrice 25 cents and \$1 per boule.

The testimony in its favor is overwhelming. The relief given, and the immediate improvement of health which follows its use, has called the attention of physicians to this article, and they freely recommend and

Prepared in this way, it is made the most powerful agent in the

Do we not all know that when food sours in our stom achs, what mischiefs it produces ? flatuence, heartburn, paip tation of the heart, liver complaint, diarrhea, dysentery, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum.
