

DR. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA

Wonder and Blessing of the Age. The most extraordinary medicine in the world! This Extract is put up in Quart Bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures disease without vomiting, purging, sickening, or do

The great beauty and superiority of this Sarsaparilla over all other Medicines is, while it eradicates disease, it invigo rates the body. It is one of the very best

SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it creates, new, pure and rich blood a pover possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years, more than one hundred thousand cures of severe cases of disease; at least, 50,000 were considered incurable. It has saved the lives of more than 15,000 children the three past seasons.

100,000 cases of General Debility and want of Nervous Energy. Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy, by the effects of medicine, or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on by physical prostration of the ner rous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease. Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

Da Townsend-I verily believe your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night ewents, and was greatly debilitated and reduced and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant. WM. RUSSEL, 65 Catherine-st.

Rheumatism. Blackwell's Island, Sept. 14 1847. Dr. Townsend-Dear Sir : I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand deliars worth of good, I am so much better-mideed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours, respectfully

JAMES CUMMINGS. Fita! Fita!! Fitu!!!

Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course, never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County; Fordham, August 13, 1847.

Dr. Townsend-Dear Sir: I have a little girl, seven years of age, who has been several years afflicted with Fits; we tried almost everything for her, but without success; at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparil'a and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surise. She is fast becoming rugged and healthy, for which we feel grateful. Yours, respectfully,

Female Medicines. Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb Costiveness, Piles, Leucorrhon, or Whites, obstructed or difficult Menstruction, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system-no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and la-situde, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelossness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable Medicine, have been blessed with fine, healthy offspring.

Great Blessing to Mothers and Children. It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon childbirth ever discovered. It strengthens both the mother and the child, prevents pain and disease, increases and enriches the food; those who have used it, think it is indispensa ble. It is highly useful both before and after confinement se it prevents diseases attendant upon child-birth-in Costiveness, Piles, Cramps Swelling of the Poet, Despondency, . Exerc se in the open air, and light food with this medicine, will always secure a safe and easy confinement. Beauty and Health.

Cosmetics. Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. The close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps beau ifies its own production in the "human face Divine," as well as in the garden of rich and delicately tinted varie gated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure rich blood, to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can deecribe. This beauty is the offspring of nature-not of powder or soap. If there is not a free and healthy circulation there is no beauty. If the lady is fair as driven snow, if she paints, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and ther is pure and active blood, it gives a rich bloom to the cheeks and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north, who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, spark-ting eyes and beautiful complexion, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily. The Rev. John Seger

Of Jersey City, an old and highly respectable ciergyman of the Baptist denomination, handed in the following certificate at Dr. Townsend's office. It speaks for itself. Dr. Townsend-Dear Sir: I am constrained to give you a etatement of the benefit I derived from using your Sarsapa rilla, believing, by so doing, I shall render a benefit to those who are suffering as I have been. I was reduced for many months by the Dyspepsia, so much that it was with much dif ficulty for me to walk or keep about. I had also a tetter, which covered the most part of my head—which was extremely troublesome and sore; it got to be almost a scab. I used quite a number of remedies for both the complaints, but received little or no benefit, until I took your Sarsaparilla, which, through the kindness of Providence, has restored me to more than my usual health, as I am now enjoying better than I have for a number of years. I am now 60 years of age. I believe it to be an invaluable medicine, and recommend it to my numerous acquaintances, which is very large. as I have been a minister a great many years. I hope this hasty sketch may be as much benefit to you as your medicine has to me. JOHN SEGER, Jersey City. bas to me. July 11, 1847.

Old Dr. Townsend is now about 70 years of age, and has long seen known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL "TOWNSEND SARSAPARIL L.A." Being poor, he was compelled to limit its monnfacture, by which means it has been kept out of market, and the sales of cumscribed to those only who had proved its worth, and known ts value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful

HEALING POWER. Knowing, many years ago, that he had, by his skill, science and experience, devixed an article which would be of incalcuable advantage to mankind when the means would be for nished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come,

GRAND AND UNEQUALLED PREPARATION s manufactured on the largest scale, and is called for through out the length and breadth of the land, especially as it is found

incapable of degeneration or deterioration. Unlike young S. P Townsend's, it improves with age, and never changes, but for the better ; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the batest discoveries of the art, have all been brough. nto requisition in the manufacture of the Old Dr's Sarsapar.lla. The Sarsapariila root, it is well known to medical men, contains many medicinal properties, and some properties which are mert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, watch is inpurious to the system. Some of the properties of Sarsaparille are so volatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process known only to those experienced in its menufacture. Moreover, these volatile principles, which fly off in vapor, or as ar exhalation, under heat, are the very essential medical properties of the

root, which give to it t . Its value. Any person can both or stem the sout ful they get a dark colored fiquid, which is more from the roloning matter in the root than from any thing else; they can then strate this instead or vapid liquid, sweeten with sour molasies, and then call it "SAR SAPARILLA ENTRACT or SYRUP." But such a not the

GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA. This is so prepared, that all the inert properties of the saparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concenform; and thus it is rendered incapable of losing any of its valu-

able and healing properties. Prepared in this way, it is made the Cure of innumerable diseases. Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing CONSUMPTION, DYSPEPSIA, and LIVER COM PI.AINT, and in RHEUMATISM, SCROFULA, PILES, COSTIVENESS, all CUTANEOUS ERUPTIONS, PLA

while the other DOES; souring, fermenting, and bloming the bottles containing it into fragments; the sour, acid liquid exploding, and damaging other goods! Must not this horrible comsystem already diseased with acid! What causes Dyspensia but acid I Do we not all know that when food sours in our stom achs, what mischiefs it produces ? flatuence, hearthurn palpi tation of the heart, liver complaint, diarrhoa, dysentery, colic and corruption of the blood? What is Scrofuls but an acid humor in the body? What produces all the humors which bring on Ecuptions of the Skon, Scald Head, Salt Rheum, Erv. upeias, White Swellings, Fever Sores, and all ulcerations to ternal and external ? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and else where, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the aliments which afflict human nature.

Now is it not norrible to make and sell, and infinitely worse SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND.

and yet he would fain have it understood that Old Dr. Jacob Townsend's Genuine Original Samparale, is an imitation Heaven foroid that we should deal in an article which would bear the most distinct resemblance to S.
