The most extraordinary medicine in the world ! This Extract is put up in Quart Bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It enres disease without vomiting, purging, sickening, or de bilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other Medicines is, while it eradicates disease, it invigo rates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

ever known; it not only purifies the whole system and strengthens the person, but it creates, new, pure and rich blood a poser possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years, more than one hundred thousand cures of severe cases of disease; at least, 50,000 were considered incurable. It has saved the lives of more than 15,000 children the three past seasons.

100,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsapacilla invigorates the whole system permanently. To those who have lost their muscular energy, by the effects of medicine, or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on by physical prostration of the ner rous system, lassitude, want of ambition, fainting sensations, premature decay and decline, bastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

CAUTION EXTRA

A man by the name of CI. APP has engaged with a young man of the name of S. P. Townsend, and uses his name to put ap a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it GENUINE, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on railroads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and purchase none but the GENUINE ORIGINAL OLD Dr. Jacob Townsend's Sarsaparilla, having on it the Old Dr's, likeness, his family coat of arms, and his signature across the coat of arms.

DR. JACOB TOWNSEND THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of age, and has long Seen known as the AUTHOR and DISCOVEREE of the GENUINE ORIGINAL " TOWNSEND SARSAPARIL L.A." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales cir cumscribed to those only who had proved its worth, and known ts value. It had reached the ents of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful

HEALING POWER. Knowing, many years ago, that he had, by his kill, science and experience, devised an article which would in able advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimatile virtues would be known and appreciated. This time has come. the means are supplied ; this

GRAND AND UNEQUALLED PREPARATION s manufactured on the largest scale, and is called for through out the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P Townsend's, it improves with see, and never changes, but for the better ; because it is prepared an scientific principles by a scientific man. The highest knowledge of hemistry, and the latest discoveries of the art, have all been arough, nto requisition in the manufacture of the Old Dr's Sarsapar.lla. The Sarsapariila root, it is well known to medica. men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in proparing it for use, produce fermentation and acid, which is ininrious to the system. Some of the properties of Sarsaparilla we so volatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it r ', its value.

Any person can boil or stew the root till they get a dark colored liquid, which is more from the coloring matter in the root than from any thing else; they can then strain this insight or vapid liquid, sweeten with sour molasses, and then call it "SAR SAPARILLA EXTRACT or SYRUP." But such is not the article known as the

De Townsend-Bear Sir : I have a little girl, seven years of are, who has been several years affected with Fits; we tried almost everything for her, but without success ; at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparil'a and are very glad we did, for it not only restored her strength, but she has used no return of the Fits to our great pleasure and surorse. She is fast becoming rogged and bealthy, for which we feel grateful. Yours, respectfully,

Female Medicines.

Dr. Townsend's Sarsaparilla is a sovereigo and speedy cure for Incipient Consumption, Barranness, Prolapsus Uteri, or Falling of the Womb Costiveness, Piles, Leucorrhon, or Vittes o structed or difficult Menstruation, Incontinence of Vrine or involuntary discharge thereof, and for the general crost-ation of the system-no matter whether the result of informatic cause or causes, produced by irregularity, illness ar accident. Nothing can be more surprising than its ineigs using effects on the human frame. Persons all weakness of basitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause f Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have there are ported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable Molicine have been blessed with fine, healthy offspring.

Great Blessing to Mothers and Children. It is the sufest and most effectual medicine for purifying the ystem and colleving the sufferings attendant upon child svstritt, kill birth ever discovered. It st engthens both the mother and the child, prevents pain and discase, increases and enriches the find ; those who have used it, think it is indispensa ale it is highly useful both before and after confinement. as a prevents diseases attendant upon child-birth-in Cos-The Price Crauns Swelling of the Feet, Despondency, Both J. th. Exere se in the open air, and light food with this medicine, will iways secure a safe and easy confinement.

Beauty and Health.

Connetics, Chalk, and a variety of preparations generally in u.e. when applied to the face, very soon spoil it of its beau y. They close the pores of the skin, and check the circulation, which, when nature is not the arted by disease or powder, or the skin inflamed by the alkalics used in soaps, beau ifies its own production in the "human face Divine," us well as in the garden of rich and delicately tinted variegated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure rich blood, to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and fiashes of loveliness that all admire, but none can describe This beauty is the offspring of nature-not of powder or soap. If there is not a free and healthy circulation there 15 no heauty. If the lady is fair as driven snow, if she paints, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she he brown or yellow, and there is pure and active blood, it gives a rich bloom to the checks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north, who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of del-terious mixtures, if they wish to regain elasticity of step, buoyant +pirits, sperkling eyes and beautiful complexion, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily.

The Rev. John Seger

Of Jersey City, an old and highly respectable clergyman of the Baptist denomination, handed in the following certifi-cute at Dr. Townsend's office. It speaks for itself.

Dr. Foursend-Dear Sir : I am constrained to give you a eta ement of the benefit I derived from using your Sarsapa-rila, believing, by so doing, I shall render a benefit to those who are suffering as I have been. I was reduced for many months by the Dyspepsia, so much that it was with much dif ficulty for me to walk or keep about. I had also a tetter, which covered the most part of my head-which was ex-tremely troublesome and sore ; it got to be almost a scab. I used quite a number of remedies for both the complaints, but received little or no benefit, until I took your Sarsaparilla, which, through the kindness of Providence, has restored me to more than my usual health, as I am now enjoying be ter than I have for a number of years. I am now 60 years of age. I believe it to be an invaluable medicine, and recommend it to my numerous acquaintances, which is very large, as I have been a minister a great many years. I hope this hasty sketch may be as much benefit to you as your medicine JOHN SEGER, Jersey City. tas to me.

Fashionable Boot and Shoe MANUFACTORY. THADDEUS SCHOCH, at his old stand in Hamilton street Easton, Pa., opposite T.& P. Mixsell's store, continues to manufacGENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

This is so prepared, that all the inert properties of the Sar saparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form ; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the

Cure of innumerable diseases.

Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing wonders in the cure of CONSUMPTION, DYSPEPSIA, and LIVER COM-

PLAINT, and in RHEUMATISM. SCROFULA PILES. COSTIVENESS, all CULANEOUS ERUPTICNS, FIM-PLES, BLOCTHES, and all affections arising from IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in all complaints arising from Indigestion, from Acidity of the Stomach. from menual circula-tion, determination of blood to the head, malpitation of the heart. cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs ; and promotes easy expectoration and gentle perspiration, relaxing stricture of the ungs, throat, and every other part.

But in nothing is its excellence more manifestly seen and ac knowledged than in all kinds and stages of FEMALE COMPLAINTS.

It works wonders in cases of Finor Albus or Whites. Falling of the Womb, Obstructed, Suppressed, or Painful Menses, Irregularity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kidney Inseases.

By removing obstructions, and regulating the general system, it gives time and strength to the whole body, and thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies ns Spinal irritation, Neurolgia, St. Vitus' Dance, Subaning Epileptic Fits. Convulsions, &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflamination, purifies the skin, equalises the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration ; relaxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then

The medicine you pre-eminently need ? But can any of these things be said of S. P. Townsend's infe-rior article ? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S,

because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and NEVER SPOILS,

while the other DOES ; souring, fermenting, and blowing the bottles containing it into fragments ; the sour, acid liquid explo ding, and damaging other goods ! Must not this horrable com pound he poisonous to the system !- What ! put said into a system already diseased with acid! What causes Dyspensis but acid ! Do we not all know that when food sours in our storn achs, what mischiefs it produces I datuence, hearthurn, palpi tation of the heart, liver complaint, diarrhous, dysentery, colic, and corruption of the blood? What is Scrofuls but an acid humor in the body ? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Ery sipelas, White Swellings, Fever Sores, and all ulcerations in ternal and external ? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rhaumatism but a sour or acid fluid, which insinuates itself between the joints and elsewhere, pritating and inflaming the delicate tissues upon which it acts ? So of nervous diseases, of impurity of the blood of deranged circulations, and nearly all the aliments which afflict human nature.

Now is it not notrible to make and sell, and infinitely worse to use this
