DR. TOWNSEND'S COMPOUND EXTRACT OF

SARSAPARILLA Wonder and Blessing of the Age. The most extraordinary medicine in the world! This Extract is put up in Quart Bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cores d'sease without vomiting, purging, sickening, or de bilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other Medicines is, while it eradicates disease, it invigo rates the body. It is one of the very best

SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it creates, new, pure and rich blood, a power possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years, more than one hundred thousand cures of severe cases of disease; at least, 50,000 were considered incurable. It has saved the lives of more than 15,000 children the three past seasons, 100,000 cases of General Debility and want

of Nervous Energy.
Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy, by the effects of medicine, or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on by physical prostration of the ner your system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease. Consump tirely restored by this pleasant remedy. This Sarsaparilla

INVIGORATING CORDIAL. As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system in a most extraordinary degree

Consumption Cured. Cleanse and Strengthen. Consumption can be cured. Branchitis, Consumption, Liver Complaint, Colds, Catarrh. Coughs Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Socats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be

Dr. Townsend-I verily believe your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant, WM. RUSSEL, 65 Catherine-st.

Rheumatism. Blackwell's Island, Sept. 14, 1847. Dr. Townsend-Dear Sir : I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not cat, sleep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsapardia, and they have done me more than one thousand dollars worth of good, I am so much better-indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours, respectfully, JAMES CUMMINGS. Fita! Fita!! Fita!!! Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course, never recommended it, and was surprised ceive the following from an intelligent and respectab

Farmer in Westchester County; Fordham, August 13, 1847. Dr. Townsend-Dear Sir: I have a little girl, seven years of age, who has been several years afflicted with Fits; we tried almost everything for her, but without success; at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and sure. She is fast becoming rugged and healthy, for which we fed grateful. Yours, respectfully,

Female Medicines. Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb. Costiveness, Piles, Leucorrhoa, or Whites, obstructed or difficult Menstruction, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system-no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the pervelossness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so

delicate a nature, to exhibit certificates of cures performed,

but we can assure the afflicted, that hundreds of cases have

been reported to us. Thousands of cases where families have

been without children, after using a few bottles of this invaluable Medicine, have been blessed with fine, healthy offspring. Great Blessing to Mothers and Children. It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon childbirth over discovered. It strengthens both the mother and the child, prevents pain and disease, increases and enriches the food; those who have used it, think it is indispensa Me. It is highly useful both before and after confinement, as it prevents diseases attendant upon child-birth-in Costivaness, Piles, Cramps Swelling of the Feet, Despondency, -nerborn, Nomicing, Pain in the Back and Loins. False Pains. Hemorrhage, and in regulating the secretions and equalizing the circulation, it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it

most successfully, very few cases require any other medi-cine, in some a little Castor Oil, or Magnesia is useful. Exercise in the open air, and light food with this medicine, will afways secure a safe and easy confinement. Beauty and Health. Cosmetics. Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beau lifes its own production in the "human face Divine," as well as in the garden of rich and delicately tinted variegated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood, to the extremities, is that which paints the countenance in the most exqui-

is no beauty. If the lady is fair as driven snow, if she paints, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the checks, and a brilliancy to their eyes that is fascinating. This is why the southern, and especially the Spunish ladies, are so much admired. Ladies in the north, who take but fittle exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, bnoyant spirits, sparking eyes and beautiful complexion, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are

aite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can de-

scribe. This beauty is the offspring of nature-not of powder

or soap. If there is not a free and healthy circulation, there

more than satisfied, are delighted. Ladies of every station The Rev. John Seger Of Jersey City, an old and highly respectable clergyman of the Baptist denomination, handed in the following certificate at Dr. Townsend's office. It speaks for itself. pr. I was reduced for many mouths by the Dyspepsia, so much that it was with much difficulty for me to walk or keep about. I had also a tetter, which covered the most part of my head—which was extremely troublesome and sore; it got to be almost a seab. I used quite a number of remedies for both the complaints, but received little or no benefit, until I took your Sarsaparilla which, through the kindness of Providence, has restored me to more than my usual health, as I am now enjoying better than I have for a number of years. I am now 60 years of age. I believe it to be an invaluable medicine, and recom mend it to my numerous acquaintances, which is very large. as I have been a minister a great many years. I hope this hasty sketch may be as much benefit to you as your medicine has to me.

Mrs. Garrabrantz, of Bull's Ferry, was also cured of consumption by this Balsam when all other remedies failed to give relief-she was reduced to a skelton. Dr. A. C. Castle, Dentist , 281 Broadway, has witnessed its effects in several cases where no other medicine afforded relief --- but the Balsam operated like a charm. Dr. C. also witnessed its wonderful effects in curing Asthma, which it never fails of doing. Spitting Blood, alarming as it may be, is effectually cured by this Balsam. It heals the ruptured or wounded blood vessels, and makes the lungs sound again.

Rev. Henry Jones, 108 Eighth avenue, was cured of cough and catarrhal affection of 50 years standing. The first dose gave him more relief than all the other medicine he had ever taken. Dr. L. J. MOFFAT'S

Life Pills and Phonix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their ex-traordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDI-CINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhoa with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDI-CINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency

treely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek. The following are among the distre riety of human diseases in which the VEGE-TABLE LIFE MEDICINES are well known

of the liver and lungs, before it passes into the

heart, being thus purified by them, and nourished

by food coming from a clean stomach, courses

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; Flatulency, Loss of Appetite, Heart-burn, Headache, Restlessness, Ill-Temper, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure,

Costiveness, by cleansing the whole length of the intestines with a solvent process, and

without violence; all violent purges leave the bowels costive within two days.

Diarrhœa and Cholera,, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative se-

eretion of the mucous membrane.

Fevers of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others. The Life Medicines have been known to

cure Rheumatism permanently in three weeks, and Gout in half that time, by removing local inflammation from the muscles and ligaments of Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most

delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of Gravel. Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these

creatures adhere. Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these

dreadful diseases. Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDI-CINES give to the blood, and all the humors. Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occa-

sions all eruptive complaints, sallow, cloudy, and

other disagreeable complexions. The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cured by one dose, or by two even in the worst

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this compaint for upwards of THIRTY-FIVE YEARS; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints.
General Debility, Loss of Appetite, and
Diseases of Females—these medicines have been used with the most beneficial results in cases of this description :- King's Evil, and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COM-PLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

CAUTION EXTRA

A man by the name of CLAPP has ongaged with a young man of the name of S. P. Townsend, and uses his name to put ap a Sarsaparilla, which they call Dr. Townsend's Sarsapanilla. denominating it GENUINE, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on railroads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to cantion the public not to be deceived, and purchase none but the GENUINE ORIGINAL OLD Dr. Jacob Townsend's Sarsaparilla, having on it the Old Dr's. likeness, his family coat of arms, and his signature across the coat of arms,

OLD DR. JACOB TOWNSEND, THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of age, and has long seen known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL " TOWNSEND SARSAPARIL. LA." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales cirtumscribed to those only who had proved its worth, and known ts value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful HEALING POWER.

Rnowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalcuable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the means are supplied; this

GRAND AND UNEQUALLED PREPARATION a manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found

incapable of degeneration or deterioration Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared an scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been orough, into requisition in the manufacture of the Old Dr's Sarsapar.ila. The Sarsapariila root, it is well known to medica: men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatile, that they coursely evaporate and are lost in the preparation, if they are not preserved by a scientific process known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it r ! its value.

Any person can bott or stew the controll they get a dark refered fiquid, which is more from the coloring matter in the root than from any thing else; they can then strain this insipid or vapid liquid, sweeten with sour molasses, and then co SAPARILLA EXTRACT or SYRUP." But such a not the

GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA. This is so prepared, that all the inert properties of the Sar saparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the

Cure of innumerable diseases. Hence the reason why we hear commendations on every side la its favor by men, women, and children. We find it doing CONSUMPTION, DYSPEPSIA, and LIVER COM-PLAINT, and in RHEUMATISM, SCROFULA, PILES, COSTIVENESS, all CUTANEOUS ERUPTIONS, PLM-PLES, BLOCTHES, and all affections arising from

IMPURITY OF THE BLOOD. It possesses a marvellous efficacy in all complaints arising from indigestion, from Acidity of the Stomach, from managinal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Conghs; and promotes easy expectoration and gentle perspiration, relaxing stricture of the lungs, throat, and every other part. But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS. It works wonders in cases of Fluor Albus or Whites. Falling of the Womb, Obstructed, Suppressed, or Painful Menses, Irregularity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kidney Diseases.
