BY READING THE FOLLOWING AFFIDAVIT the Public will learn the origin, or rather where the recipe for making the stuff they call Old Dr. Jacob Townsend's Sarsaparilla, come from -and will be able to judge which is the genuine and original, and of the honesty of the men who are employed in selling it as the original Dr. Townsend's Sarsaparilla. Dr. S. P. Townsend was the original proprietor and inventor of Dr. Townsend's Sarsapacilla, and his medicine has ained a reputation that no other remedy ever gained. He manufactured over one million of bottles last year, and is manufacturing at present 5,000 bottles per day. READ THE AFFIDAVIT.

City and County of New-York, ss.
William Armstrong, of the said City, being duly sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1848, a man by the name of Jacob Townsend, who at that time was a book and pamphlet peddler, called upon deponent, at the house Mr. Thompson, No. 42 Hudson-street, where depo nent hearded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further says, that he became acquainted with said Townsend at the office of Theodore Foster Fsq., Book Publisher, with whom said Townsend dealt. That said Townsend had had frequent conversations with deponent respecting the manufacture of an article of Sarsaparilla to be sold under the name of Dr. Jacob Townsend.

That said Townsend stated he was an old man, and poor, and was not fit for hard labor-and wished to nake some money, in order to live easy in his old days, and that, if Sarsaparilla under the name of Townsend sold so well, and so much money was made by it, he could see no reason why he might not make comething out of it too, (his name being Townsend,) if he could get a capable person to prepare a recipe, and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him, as he had formed a co-partnership with men who could furnish the requisite amount of capital-and was well prepared to defend himself against any uttack that might be made on him.

Deponent further says, that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Sarsaparilia, and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their approval, as he wished to gratify them in every thing as they furnished all the capital-said Townsend also told deponent that the battles they were to use were to be of the same size and shape as Dr. S. P. Town-send's, and deponent, at the request of said Jacob and procured one of his labels.

And deponent further says, that he has been informed, and verily believes the Syrup of Sarsapsrills, sold as Old Jacob Townsend's, is made after the recipe furnished by deponent, to Jacob Townsend, as aforesaid.

And further deponent saith not. WILLIAM ARMSTRONG.

Sworn to before me, this 24th day of May, 1849. C. S. WOODHULL. Mayor of the City of New York PROOF!! PROOF!!!

Here is proof conclusive that Dr. S. P. Townsend's Sursaparilla is the original. The following is from some of the most respectable papers in this State. FROM THE

New York Daily Tribune. (g)- We published an advertisement madvertently some time since that did injustice to Dr. S. P. Townsend, who is the original proprietor of the preparation of Sarsaparilla known as Dr. Townsend's. Other parties have within the past few months engaged or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the same name. This medicine was advertised in The Tribune as the original, &c. This advertisement also contained matter derogatory to the character of Dr S. P. Townsend and that of his medicine. We regret at appeared, and in justice to the Dr. make this ex-

New York Dally Sun.

Dr. Townsend's extraordinary advertisement, which occupies an entire page of the Son, will not escape notice. Dr. S. P. Townsend, who is the original proprietor of Dr. Townsend's Sarsaporilla, and whose oftice is next door to ours, where he has been for several years, is driving an immense business. He receives no less than four hundred dozen of Sarsaparilla per day, and even this enormous quantity does not supply the demand. No medicine ever goined so great s popularity as his preparation of the Sarsaparilia. His edition of Almanacs for 1849 cost \$22,000, and he has paid the New York Sun for advertising, in the last four years, over \$19,000, and he acknowledges that it is the cheapest advertising he has had done This medicine is exported to the Canadas, West In-dies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindiere. Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Men that would be guilty of such an act, would commit any other fraud and no Druggist of common intelligence but knows that ours is the only genuine. Old Jacob Townsend.

Some people who are not well informed, and have not read the papers, and not seen our advertisements, have been led to suppose, that because these men advertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one year since they commenced to make their medicine Ours has been in the market over ten years.

This Old Jacob Townsend, They are endeavoring to palm off on the public as an old Physician, &c. He is not a regular educated Thysician, and never attempted to manufacture a medicine, until these men hired him for the use of his name. They say they do not wish the people to believe that their Sarsaparilla is ours, or the same but the better to deceive the public, they at the same time assert that their's is the Old Dr. Townsend's, and the original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sarsaparilla, that has performed so many wonderful cures for the past ten years, and which has gained a reputation which no other medicine ever enjoyedwhich is a base, villainous, unprincipled falsehood We have commenced suits against these men for damages. We wish it to be understood, that the old man is no relation to Dr. Townsend whatever. In their advertisements and circulars, they publish a number of gross falsehoods respecting Dr. Townsend, which we will not notice.

False Reports.

Our opponents have published in the papers, that
Dr. S. F. Townsend was dead. This they send to their sgents about the country, who report that we have given up business, &c. &c. The public should be on their guard, and not be deceived by these unprinci-

MOFFAT'S

Life Pills and Phænix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which hoast of vegetable ingredients, the LIFE MEDI-CINES are purely and solely vegetable; and Contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhæa with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDI-CINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing vaety of human diseases in which the VEGE-TABLE LIFE MEDICINES are well known

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; Flatulency, Loss of Appetite, Heart-Burn, Headache, Restlessness, Ill-Temper, Anxiety, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure,

Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

Diarrhœa and Cholera,, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative seeretion of the mucous membrane.

Fevers of all kinds, by restoring the blood to a regular circulation, through the process of perspi-

ration in such cases, and the thorough solution of all intestinal obstruction in others. The LIFE MEDICINES have been known to cure Rheumatism permanently in three weeks, and Gout in half that time, by removing local inflammation from the muscles and ligaments of

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the

worst cases of Gravel. Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these

creatures adhere. Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these

Scurvy, Ulcers, and Inveterate Scres, by the perfect purity which these LIFE MEDI-CINES give to the blood, and all the humors. Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and

other disagreeable complexions. The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cured by one dose, or by two even in the worst

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this compaint for upwards of THIRTY-FIVE YEARS; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE. For this scourge of the western country these Medicines will be found a safe, speedy, and cer-

tain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED. Bilious Fevers and Liver Complaints.
General Debility, Loss of Appetite, and
DISKASES OF FEMALES—these medicines have been

used with the most beneficial results in cases of this description :- King's Evil, and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COM-PLAINTS OF all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured. MERCURIAL DISEASES.

Persons whose constitutions have become im-

paired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

CAUTION EXTRA

A man by the name of A. I. APP has engaged with a young man of the name of S. P. Townsend, and uses his name to put op a Sarsaparilla, which they call Dr. Pownsend's Sarsaparilla, denominating it GENUINE, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on rail roads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. OLD DR. JACOB TOWNSEND,

Genuine Townsend Sarsaparilla. Old Dr. Townsend is now about 70 years of age, and has long seen known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL " TOWNSEND SARSAPARIL L.1." The Sarsaparilla root, it is well known to medica: men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and seid, which is injurious to the system. Some of the properties of Saraparida are so coluties, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vopor, or as an exhalation, under heat are the very essential medical properties of the root, which give to it r its value. GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA. This is so prepared, that all the mert properties of the Sar saparilla root are first removed, every thing capable of becoming acid or of termentation, is extracted and rejected; then every particle of medical virtue is secured in a june and concentrated form; and thus it is rendered incapable of losing any of its valu-

able and healing properties. Prepared in this way, it is made the Cure of innumerable diseases. Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing CONSUMETION, DYSPEPSIA, and LIFER COM-PLAINT, and in RHEUNATISM, SCROELLA PILES.

COSTIFENESS, all CUTANEOUS ERVETICAS, FINE PLES, BLOCTHES, and all affections ensing from IMPURITY OF THE BLOOD. It possesses a marvellous efficacy in all complaints arising from Indigestion, from Acidity of the Stamach, from imequal circumtion, determination of bleod to the head, oniputation of the heart, cold feet and hands, cold chills and hat flashes over the body. It has not its equal in Colds and Conghe; and promotes east expectoration and gentle perspiration, relaxing stricture of the lungs, throat and every other part. But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS. It works wonders in cases of Fluor Albus or Whites. Fullings of the Womb, Obstructed, Suppressed, in Painful Menses, Pregularity of the meastriai periods, and the like; and is as effectively in curing all the forms of Kidney Diseases. By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and thus

Nervous diseases and debility. and thus prevents or relieves a great variety of other mahelles as Spinal irritation, Neuralgia, St. Vitus' Dance, Swooning Epileptic Fits. Convulsions. &c It cleanses the blood, excites the liver to healthy section, tones the stomach, and gives good digestion relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalises the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; re laxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then

The medicine you pre-emineutly need? But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S, because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and

NEVER SPOILS, while the other DOES; souring, fermenting, and blowing the the sour, seld liquid exploding, and damaging other goods ! Must not this horrible com-

pound he poisonous to the system !- What! put acid inte a system already diseased with acid! What causes Dyspepsia but acid? Do we not all know that when food sours in our stom achs, what mischiefs it produces ? flatnence, heartburn, palp tation of the heart, liver complaint, diarrhoxa, dysentery, colic, and corruption of the blood? What is Scrofuls but an acid humor in the body? What produces all the humors which bring on Emptions of the Skin, Scald Hend, Salt Rheum, Ery sipelas, White Swellings, Fever Sores, and all ulcerations in ternal and external ? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Kheumatism but a sour or acid fluid, which instituates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood of deranged circulations, and nearly all the ailments which afflict Now is it not notrible to make and sell, and infinitely worse to use this
