The most extraordinary medicine in the world : This Extract is put up in Quart Bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cares diseasa without vomitme, purging, sickening or de ditating the Patient. .

The great beauty and superiority of this Sarsaparilla over all other Medicines is, while it eradicates disease, it invigo rates the body. It is one of the very best

SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it creates, new, pure and rich blood, a power possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years, more than one hundred thousand cures of severa cases of disease; at least, 50,000 were considered incurable. It has eaved the lives of more than 15,000 children the three past seasons. 100,000 cases of General Debility and want

Da. Townsend-I verily believe your Sarsaparilla has been the means, through Providence, of saving my life. 1 have for several years had a bad Cough. It became worse and werse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant, WM. RUSSEL, 65 Catherine st. Eheumatism.

Blackwell's Island, Sept. 14 1847. Dr. Townsend-Dear Sir : I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand deliars worth of good, I am so much betterandeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours, re-pectfully, JAMES CUMMINGS. Wite! Pits!! Fits!!! Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course, never recommended it, and was surprised to receive the following from an intelligent and respectable

Farmer in Westchester County; Fordham, August 13, 1847. Dr. Townsend-Dear Sir: I have a little girl, seven years of age, who has been several years affected with Fits; we tried almost everything for her, but without success; at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparita and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprice. She is fast becoming regged and healthy, for which we feel grateful. Yours, respectfully.

JOHN BUTLER, Jr. Female Medicines.

Br. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb Costiveness, Piles, Leucorthera, or Whites, obstructed or difficult Menstruction, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system-no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the parvelessness of the femule frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cares performed but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable Medicine, have been blessed with fine, healthy offspring.

Great Blessing to Mothers and Children. It is the safest and most effection medicine for purifying the system, and relieving the suffermes attendant upon could birth ever discovered. It st engthens both the mother and the child, prevents pain and disease, increases and enriches the food; those who have used it, thick it is indispensa-ble. It is highly useful both before and after confinement, es it prevents diseases attendant upon child-birth-in Cos-tiveness, Piles, Cramps Swelling of the Feet, Despondency, Desethers, Vondage, Pain in the Back and Loins, False Pains Hemorrhage, and in regulating the secretions and equalizing the exculation, it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medi-cine, in some a little Custor Oil, or Magnesia is useful. Exereise in the open air, and light food with this medicine, will slways secure a safe and easy confinement.

Benuty and Health. Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the akin, and check the circu lation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in scaps, beau ifier its own production in the "human face Divine," as well as in the garden of rich and delicately tinted variegated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure rich blood, to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and finshes of loveliness that all admire, but none can describe. This beauty is the offspring of unture-not of powder or soop. If there is not a free and healthy circulation there is no beauty. If the lady is fair as driven snow, if she paints, and use cosmetics, and the blood is thick cold and impure, she is not beautiful. If she be brown or sellow, and there is pure and active blood, it gives a rich bloom to the checks,

and a brilliancy to their eyes that is fascinating. This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north, who take but bittle exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, spark-ling eyes and beautiful complexion, they should use Dr. Townsend's Saranparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily.

The Rev. John Seger Of Jersey City, an old and highly respectable ciergyman of the Baptist denomination, handed in the following certificate at Dr. Townsend's office. It speaks for itself.

Dr. Townsend-Dear Sir: I am constrained to give you a

statement of the benefit I derived from using your Sarasparilla, believing, by so doing, I shall render a benefit to those who are suffering as I have been. I was reduced for many months by the Dyspepsia, so much that it was with much dif ficulty for me to walk or keep about. I had also a tetter, which covered the most part of my head-which was extremely troublesome and sore; it got to be almost a seab. used quite a number of remedies for both the complaints, but received little or no benefit, until I took your Sarsaparilla which, through the hindness of Providence, has restored me to more than my usual health, as I am now enjoying be ter than I have for a number of years. I am now 60 years of age. I believe it to be an invaluable medicine, and recommend it to my numerous acquaintances, which is very large. as I have been a minister a great many years. I hope this busty sketch may be as much benefit to you as your medicine has to me.

MOFFATS

Life Pills and Phenix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring per-fect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDI-CINES are purely and solely vegetable; and Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhœa with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDI-CINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses treely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGE-TABLE LIFE MEDICINES are well kn

DYSPEPSIA, by thoroughly eleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; Flatulency, Loss of Appetite, Heart-BURN, HEADACHE, RESTLESSNESS, ILL-TEMPER, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure,

Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

Diarrhœa and Cholera, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative se-Fevers of all kinds, by restoring the blood to a

regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others. The LIFE MEDICINES have been known to cure Rheumatism permanently in three weeks, and Gout in half that time, by removing local

inflammation from the muscles and ligaments of Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence

have ever been found a certain remedy for the worst cases of Gravel.

Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these

Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these dreadful diseases. .

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDI-CINES give to the blood, and all the humors. Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and

other disagreeable complexions. The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cured by one dose, or by two even in the worst

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this compaint for upwards of THIRTY-FIVE YEARS; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE. For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints. General Debility, Loss of Appetite, and Diseases of Females—these medicines have been used with the most beneficial results in cases of this description :- King's Evil, and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COM-PLAINTS OF all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

MERCURIAL DISEASES. paired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

Old Dr. Townsend is now about 70 years of age, and has long peen known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL, "TOWNSEND SARSAPARIL. L.A." The Sarsuparilla root, it is well known to medical men, commiss many medicinal properties, and some properties which are mert or useless, and others, which if retained in preparing it for use, produce frementation and acid, which is in-

But what clee should be expected from one who knows noth ing comparatively of medicine or disease? It requires a person of some experience to room and serve up even a common decent neal. How no change important is it that the persons who man afacture medicine, designed for

WEAR STOMACHS AND ENVERBLED SYSTEMS, should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases! It is to error fronds upon the nofortunate, to pour balm into wounded humanity, to hindle hope in the desputing bosom, to restore health and bloom, and vigor into the crushed and borken, and to builth infirmity that OLD DR, JACOE TOWNSEND has SOUGHT and POUND the opportunity and means to bring

Grand Universal Concentrated Remedy

within the reach, and to the knowledge of all who need it, that they may learn and know, by joyith experience, us Transcendent Power to Heal. Any person can bend or stew that out the her as with colored liquid, which is more from the coloring motion in the root taken from any thing else; they can then atroin the a incited or vaped liquid, sweeten with sour molaroes, and then call it "SAR SAPARILLA EXTRACT or SYRUP." But such a not the

GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA. This is so prepared, that all the ident properties of the Sar saparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the

Cure of innumerable diseases. Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing CONSUMPTION, DYSPEPSIA, and LIVER COM-PLAINT, and in BHEUMATISM, SCROFULA PILES, COSTIVENESS, all CUTANEOUS ERUPTICNS, PLUPLES, BLOCTHES, and all affections arising from

IMPURITY OF THE BLOOD. It possesses a marvellous efficacy in all complaints arising from Indigestion, from Acidity of the Stomach, from unequal circulacold feet and hands, cold chijls and hot flashes over the body. It has not its equal in Colds and Googhs; and promotes easy expectoration and gentle perspiration, relaxing stricture of the lungs, throat, and every other part. But in nothing is its excellence more manife by seen a disc knowledged than in all kinds and stages of

FEMALE COMPLAINTS. It works wonders in cases of Finer Albug or Whites. Falling of the Womb, Obstructed, Suppressed, or Painful Menses, Irregular ity of the meastrual periods, and the like; and is as effected in curing all the forms of Kidney Discusses.

By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and thus

Nervous diseases and debility, and thus prevents or relieves a great veriety of other maladies ns Spinal irritation, Neuralgia, St. Vitus' Dance, Suvening Epileptic Fits, Convulsions, &c. It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and consupation, allays inflummation, purifies the skin, equalises the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; to

laxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then The medicine you pre-eminently need? But can any of these things be said of S. P. Townseod's inte-flor article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S,

because of one GRAND FACT, that the one is INCAPABLE

of DETERIORATION, and NEVER SPOILS. while the other DOES; souring, fermenting, and blowing the bottles containing it into immments; the sour, acle liquid exploding, and damaging other goods! Must not this hornble comto the system !- What! put acid into system already diseased with acid! What causes Dyspepsia but acid? Do we not all know that when food sours in our stom achs, what mischiefs it produces ? datuence, heartburn, palpi tation of the heart, liver complaint, diarrhesa, dysentery, coic, and corruption of the blood? What is Scrofnia but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Ery sipelas, White Swellings, Fever Sores, and all nicerations in ternal and external ? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and elecwhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the ailments which afflict Now is it not notrible to make and sell, and infinitely worse
