

DR. TOWNSEND'S SARSAPARILLA.

Wonder and Blessing of the Age. The most extraordinary medicine in the world ! This Extract is put up in Quart Bottles; it is six times cheaper, pleasanter, and warraited superior to any sold. It cures disease without vomiting parting, sickening, or de bilitating the Putient.

The great beauty and superiority of this Sarsaparilla over all other Medicines is, while it radicates disease, it invigo rates the body. It is one of a very best

SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it creates, new, pure and rich blood, a power possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has per-formed within the last two years, more than one hundred thousand cores of severe cases of disease; at least, 50,000 were considered incurable. It has saved the lives of more than 15,000 children the three past seasons.

100,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy, by the effects of medicine, or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on by physical prostration of the nerrous system, lassitude, want of ambition, fainting sensations, premature decay and decline, bastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla

Dr. Townsend-I verily believe your Sarsaparilla has been the means, through Providence, of saving my life. I several years had a had Cough. It became worse and worse. At last I raised large quantities of blood, had night swents, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. than now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for tuese results. Your obedient servant, WM. RUSSEL, 65 Catherine-st. Rheumatism.

Blackwell's Island, Sept. 14, 1847. Dr. Townsend-Dear Sir : I have suffered terribly for nine years with the Rhoumatism; considerable of the time I could not eat, sleep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand deliars worth of good, I am so much better-indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours, respectfully, JAMES CUMMINGS.

Fits! Fitn!! Fits!!! Dr. Townsend, not having tested his Sarsaparilla in cases

of Fits, of course, never recommended it, and was surprised a receive the following from an intelligent and respectable Farmer in Westchester County; Fordham, August 13, 1847.

Dr. Townsend-Dear Sir: I have a little girl, seven years of age, who has been several years afflicted with Fits; we tried almost everything for her, but without success; at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surse. She is fast becoming rugged and healthy, for which we feel grateful. Yours, respectfully, JOHN BUTLER, Jr.

Female Medicines. Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Wome Costiveness, Piles, Leucorrhoza, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system-no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invalua-ble Medicine, have been blessed with fine, healthy offspring.

Great Blessing to Mothers and Children. It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered. It strengthens both the mother and the child, prevents pain and disease, increases and enriches the food; those who have used it, think it is indispensa ble. It is highly useful both before and after confinement as it prevents diseases attendant upon child-hirth-in Costiveness, Piles, Cramps Swelling of the Feet, Despondency, return, Vomiting Pain in the Back and Loins, Faise Pains Hemorrhage, and in regulating the secretions and equalizing the circulation, it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine, in some a little Castor Oil, or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always accure a safe and easy confinement.

Beauty and Health. Cosmetics. Chalk, and a variety of preparations generally in use, when applied to the face, very soon spotl it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, seau ifies its own production in the "human face Divine," as well as in the garden of rich and delicately tinted varie-gated flowers. A free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood, to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and finshes of loveliness that all admire, but none can describe. This beauty is the offspring of nature-not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the ludy is fair as driven snow, if she paints, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks,

and a brilliancy to their eyes that is fascinating. This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north, who take but httle exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexion, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily.

The Rev. John Seger Of Jersey City, an old and highly respectable clergyman of the Baptist denomination, handed in the following certificate at Dr. Townsend's office. It speaks for itself.

Dr. Townsend-Dear Sir: I am constrained to give you a

statement of the benefit I derived from using your Sarsapa-rilla, believing, by so doing, I shall render a benefit to those who are suffering as I have been. I was reduced for many months by the Dyspepsia, so much that it was with much difficulty for me to walk or keep about. I had also a tetter, which covered the meet part of my head-which was exmely troublesome and sore; it got to be almost a scab. used quite a number of remedies for both the complaints, but ved little or no benefit, until I took your Sarsaparilla, which, through the kindness of Providence, has restored me to more than my usual health, as I am now enjoying better than I have for a number of years. I am now 60 years of age. I believe it to be an invaluable medicine, and recomage. I believe it to be an introduction in the mond it to my numerous acquaintances, which is very large, as I have been a minister a great many years. I hope this hasty sketch may be as much benefit to you as your medicine has to me.

MOFFATS

Life Pills and Phænix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDI-CINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses, behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhæa with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDI-CINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses treely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing vaety of human diseases in which the VEGE-TABLE LIFE MEDICINES are well known

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; Flatulency, Loss of Appetite, Heart-BURN, HEADACHE, RESTLESSNESS, ILL-TEMPER, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure,

Costiveness, by cleansing the whole length

of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

Diarrhœa and Cholera,, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative se-Fevers of all kinds, by restoring the blood to a

regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others. The LIFE MEDICINES have been known to cure Rheumatism permanently in three weeks, and Gout in half that time, by removing local

inflammation from the muscles and ligaments of Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the

worst cases of Gravel.

Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these

Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these dreadful diseases. -

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDI-CINES give to the blood, and all the humors. Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions. The use of these Pills for a very short time

will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cured by one dose, or by two even in the worst

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this compaint for upwards of THIRTY-FIVE YEARS; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints.
General Debility, Loss of Appetite, and
Diseases of Females—these medicines have been used with the most beneficial results in cases of this description :- King's Evil and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COM-PLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

MERCURIAL DISEASES. Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

BE CAREFUL OF COUNTERFEITS. Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.

CAUTION EXTRA

A man by the name of CLAPP has engaged with a young man of the name of S. P. Townsend, and uses his name to put up a Sarsaperilla, which they call Dr. Townsend's Sarsaparilla, denominating it GENUINE, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on rail roads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to cantion the public not to be deceived, and purchase none but the GENUINE ORIGINAL OLD Dr. Jacob Townsend's Sarsaparilla, having on it the Old Dr's. likeness, als family coat of urms, and his signature across the coat of arms.

Principal Office, 102 Nonsau st., New York City.

OLD DR. JACOB TOWNSEND,

Genuine Townsend Sarsaparilla. Old Dr. Townsend is now about 70 years of age, and has long seen known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL " TOWNSEND SARSAPARIL LA." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales cir cumscribed to those only who had proved its worth, and known ts value. It had reached the ears of many, nevertheless, as

those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful HEALING POWER. Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalenable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come,

the means are supplied; this

ORAND AND UNEQUALLED PREPARATION a manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found

Unlike young S. P Townsend's, it improves with age, and never changes, but for the better ; because it is prepared an scientific principles by a scientific man. The highest knowledge of istry, and the latest discoveries of the art, have all been brough. nto requisition in the manufacture of the Old Dr's Sarsapar.ila. The Sarsapariila root, it is well known to medica: men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is inprious to the system. Some of the properties of Sarsaparilla are so volatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhalation, under heaf, are the very essential medical properties of the root, which give to it r ', its value. SOURING, FERMENTING, ACID "COMPOUND"

OF S. P. TOWNSEND, and yet he would fain have it understood that Old Dr. Jacob

Townsend's Genuine Original Sarsaparilla, is an iMITATION of his inferior preparation !! Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article and which should bring down upon the Old Dr. such a mountain load of complaints and criminations from Agents who have sold and purchasers who have used S. P. Townsend's FERMENTING

We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are heaven-wide apart, and infinitely dissimilar; that they are unlike in every particular, having not one single thing As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist-knows no more of medicine or dis-

ease than any other common, unscientific, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might reader them the AGENTS of Disease instead of But what else should be expected from one who knows nothing comparatively of medicine or disease! It requires a person of some experience to cook and serve up even a common decent

neal. How much more important is it that the persons who man afacture medicine, designed for WEAK STOMACHS AND ENFEEBLED SYSTEMS, should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases! It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and bro ken, and to banish infirmity that OLD DR, JACOB TOWNSEND

has SOUGHT and FOUND the opportunity and means to bring Grand Universal Concentrated

Remedy within the reach, and to the knowledge of all who need it, that they may learn and know, by joyful experience, its Transcendent Power to Heal. Any person can boil or stew the countril they get a dark colored liquid, which is more from the coloring matter in the root than

from any thing else; they can then strain this insipid or vapid liquid, sweeten with sour moiasses, and then call it "SAR SAPARILLA EXTRACT or SYRUP." But such is not the GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

This is so prepared, that all the inert properties of the Sar saparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the

Cure of innumerable diseases. Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing CONSUMPTION, DYSPEPSIA, and LIVER COM-PLAINT, and in RHEUMATISM, SCROFULA, PILES. COSTIVENESS, all CUTANEOUS ERUPTICNS, PIM-PLES, BLOCTHES, and all affections arising

IMPURITY OF THE BLOOD. It possesses a marvellous efficacy in all complaints arising from Indigestion, from Acidity of the Stomach. from unequal circulation, determination of blood to the head, palpitation of the heart. cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs; and promotes easy expectoration and gentle perspiration, relaxing stricture of the lungs, throat, and every other part.

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of FEMALE COMPLAINTS. It works wonders in cases of Fluor Albus or Whites. Falling of the Womb, Obstructed, Suppressed, or Pacaful Menses, Irregular ity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kidney Diseases. By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and thus

Nervous diseases and debility. and thus prevents or relieves a great variety of other maladies as Spinal irritation, Neuralgia, St. Vitus' Dance, Swooning Epileptic Fits, Convulsions, &c. It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin,

equalises the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; re-laxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then The medicine you pre-eminently need?

But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S, because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and

NEVER SPOILS, while the other DOES; souring, fermenting, and Moning the bottles containing it into fragments; the sour, acid liquid exploding, and damaging other goods! Must not this horrible com pound he poisonous to the system?—What! put acid into a system already diseased with acid! What causes Dyspensia but acid? Do we not all know that when food sours in our stom achs, what mischiefs it produces ? flatuence, heartburn, palpi tation of the heart, liver complaint, diarrhosa, dysentery, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Ery sipelas, White Sweilings, Fever Sores, and all ulcerations in ternal and external? It is nothing under heaven, but an acid anbstance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the ailments which affict

Now is it not norrible to make and sell, and infinitely were to use this Sold in Stroudsburg by T. SCHOCH.
