City and County of New-York, ss. William Armstrong, of the said City, being duly sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1818, a man by the name of Jacob Townsend, who at that time was a book and of Jacob Townsend, who at that time was a book and pamphlet peddler, called upon deponent, at the house of Mr. Thompson, No. 42 Hudson-street, where depo-neut hoarded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further says, that he became acquainted with said Townsend at the office of Theodore Foster, in Rock Deblicher with whore said Townsend Esq., Book Publisher, with whom said Townsend dealt That said Townsend had had frequent conversations with deponent respecting the manufacture of an article of Sarsaparilla to be sold under the name of Dr. Jacob Townsend,

That said Townsend stated he was an old man and poor, and was not fit for hard labor-and wished to take some money, in order to live easy in his old days, and that, if Sarsaparilla under the name of Townsend sold so well, and so much money was made by it, he could see no reason why he might not make something out of it too, (his name being Townsend,) if he could get a capable person to prepare a recipe, and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him, as he had formed a co-partnership with men who could furnish the requisite amount of capital-and was well prepared to delend himself against any attack that might be made on him.

Deponent further says, that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrap of Sarsaparilla, and gave it to him. Said Townsond observed that he wanted to make a specimen to exhibit to his partners for their approval, as he wished to gratify them in every thing, as they furnished all the capital-said Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr. S. These Medicines have now been before the ublic for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their ex-traordinary and immediate power of restoring per-fect health to persons suffering under nearly every kind of disease to which the human frame is liable.

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDI-CINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of ex-tracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science ; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them ; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhœa with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death ; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDI-CINES is to cleanse the kidneys and the bladder ; and, by this means, the liver and lungs, the healthful action of which antirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses treely through the veins, renews every part of the system, and triumphantly mounts the ban-ner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGE-TABLE LIFE MEDICINES are well known

A man by the name of CLAPP has engaged with a young man of the name of S. P. Townsend, and uses his at ne to put up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it GENUINE, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on rail roads, canals, and the lik. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to cantion the public not to be deceived, and purchase none but the GENCINE ORIGINAL OLD Dr. Jacob Townsend's Sara parilla, having on it the Old Dr's, likeness, ais family coat of trus, and his signature across the coat of arms,

OLD DR. JACOB TOWNSEND. THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

Old Dr. Townsend is now shoul 70 years of sec. and has long seen known as the AUTHOR and DISCOFFERER of the GENUINE ORIGINAL - TOWNSEND SARSAPARIT. L.A." Being poor, he was competied to limit its monufacture, by which means it has been knot out of market, and the sales tir cumscribed to those only who had proved its worth, and known is value. It had reached the cars of many, nevertheless, as those persons who had been heated of some discases, and suved from death, proclaimed list exercise are and wonderful HEALING POWER.

Knowing, many years ago, that h had by his skill, science and experience, devised an article, which would be of incaten-able advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the means are supplied ; this

GRAND AND UNFQUALLED PREPARATION s manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsond's, it improves with age, and never, changes, but for the better ; because it is prepared an ocientific principles by a scientific wan. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brough. nto requisition in the manufacture of the Old Dr's Sarsapar.lla. The Sarsapar.lla root, it is well known to medica. men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and arid, which is in-invious to the system. Some of the properties of Surseparilla are so valuable, that they controlly evaporate and are lost in the preparation, if they are not interested by a size affe process known only to these experies certin its manuficians. Moreover, these volatile principles, which it all in vapor or mean excita-tion, under heat, are the very escintual medical properties of the root, which give to it f ."its same.

SOURING, FERMENTING. ACID . COMPGUND? OF S. P. TOWNSEND,

and yet he would thin have it understand that Old In. Jacob Townwood's Growine Original Sursequeilla, is an iMULATION of his inferior preparation ?

Heaven formit that are should deal in an article a hier would bear the most distingt resembance to S. F. Townsend's article and which should bring down upon the Old Dr. such a mountain of of complaints and criminations from Agents who have sold and purchasers who have used S. P. Fownsend's FERMENTING COMPOUND. We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsuparilla are keaven-wide apart, and infinitely dissinutar ; that they are unlike in every particular, having not one single thing la common As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist -knows no more of medicine or disease than any other common, unscientific, unprofersional man, what gustenates can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the -articles used in preparing it and which are incomble of changes which might rander them the AGENTS of Elense instead of health. But which is eshould be expected from one who knows noth ing comportatively of medicine or discuss? It requires a person of some experience to conk and serve up even a common decent meal. How much more imperiant is if that the persons who man afacture medicine, designed for WEAK STOMACHS AND ENFERELED SYSTEMS, should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases." It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing becom to restore health and bloom, and vigor into the grashed and broken, and to bunish infirmity that OLD DR. PROOF !! PROOF !!!

Here is proof conclusive that Dr. S. P. Townsend's Sursapardin is the original. The following is from some of the most respectable papers in this State.

FROM THE New York Dally Tribune.

for- We published an advertisement madvertently some time since that did injustice to Dr. S. P. Townsend, who is the original proprietor of the preparation of Sarsaparilla known as Dr. Townsend's. Other parties have within the past fow months engaged or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the same name. This medicine was advertised in Thr Primments the original, so. This advertisement also contained matter derogatory to the character of Dr 8. P. Townsend and that of his medicine. We regret it appeared, and in justice to the Dr. make this ex-Idenation.

New York Daily Sun.

Dr. Townsum's estraordinary advertisement which occupies an entire page of the St x, will not escape * notice. Dr. S. F. Townsend, who is the original proprictor of Dr. Townsend's Saraparills, and whose ofhere is next door to ourn, where he has been for several years, is during an immense business. He receives no less than four hundred doven of Sarsaparilla per day, and wen this enormous quantity does not supply the domind. No medicine ever gained so great a popularity as his preparation of the Sansaparilla. His edition of Almanacs for 1849 cost \$22,000, and he has poid the New York Sca for advertising, in the last four years, over \$10,000, and he acknowledges that it is the chespest advertising he has had done This medicine is exported to the Canadas, West In dies, South America and Europe, In considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers.

Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Men that would be guilty of such an act, would commit any other fraud and no Druggist of common intelligence but knows that ours is the only genuine.

Old Jacob Townsend.

Some people who are not well informed, and have not read the papers, and not seen our advertisements, have been led to suppose, that because these men ad-vertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one y car since they commenced to make their medicine. Ours has been in the market over ten years.

This Old Jacob Townsend.

They are endeavoring to palm off on the public as an old L'hysician, &c. He is not a regular educated Physician, and never attempted to monufacture a med-icine, until these men hired him for the use of his mame. They say they do not wish the people to beheve that their Sarsaparilla is ours, or the same-but the better to deceive the public, they at the same time assert that their's is the Old Dr. Townsend's, and the original; and endeavor to make the people believe original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sursaparilla, that has performed so many wonderful cures for the past ten years, and which has gained a reputation which no other medicine ever enjoyed – which is a base, villainous, unprincipled falsehood. We have commenced suits against these men for damages. We wish it to be understood, that the old man is no relation to Dr. Townsend whatever. In their advertisements and circulars, they publish a number of gross falsehoods respecting Dr. Townsend, which we will not notice.

False Reports.

Our opponents have published in the papers, that Dr. 8. F. Townsend was dead. This they send to their agents about the country, who report that we have given up business, &c. &c. The public should be on their guard, and not be deceived by these unprincipled men.

Notice of Removal.-After the first of September, 1949, Dr. 6. P. Townsend's New York Office will be in the South Baptist Church, No. 82 Nassau street, which is now undergoing a thorough change, and will be fitted for the better accommodation of the pro-

M'Alisters All-Healing Ointment,

Or, The World's Salve. Contains no Mercury or other Mineral. From the Reading Eagle.

There was never, perhaps, a medicine brought before the public, that has in so short a time won such a reputation as M'ALLISTER'S ALL-HEALING OR WOKLD SALVE. Almost every person that has made trial of it speaks warmly in its praise. One has been cured by it, of the most painful Rheumatism, another of the Piles, a third of a troublesome pain in the limbs, &c., &c. If it does not give immediate relief, in every case, it can do no injury, being applied outwardly. As another evidence of the wonderful healing power possessed by this salve, we subjoin the following certificate, from a respectable citizen of Maidencreek township in this county :

MAIDENCREEK, Berks Co., March 30, 18"7. Messrs. Ritter & Co .-- I desire to inform you that I was entirely cured of a severe pain in the back, by the use of M'Allisters All-Healing Salve, which I purhhased from you. I suffered with it for about 20 years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians and other persons, without receiving any relief, and at last made trial of this Salve, with a result favorable beyond expectation. . I am now entirely free from the pain, and enjoy at night a peaceful and sweet sleep. I have also used the Salve since for other complaints, with similar happy results. Your friend,

Raising Blood

And Consumption, pain in the side and night sweats, Asthma, Whooping Cough, palpitation of the heart, Liver complaint, Bronchitts, Aud all diseases of the throat, lungs and liver, cured by Sherman's All-Healing Balsam.

RAISING BLOOD AND CONSUMPTION

Mr. Milne, Builder, in Brookfyn, was attacked with raising blood, followed by a cough, pain in the side, and all the usual symptoms of consumption. He employed two of the best physicians ; they did him no good, and told him he could not live.

llearing of the wonderful cure's performed by Sherman's Balsam, he sent at 10 o'clock at night to Mrs. Hayes, 136 Fulton street, and got a bottle ; it operated like a charm, stopped the bleeding and cough! Before he had taken one boule he was able to be about his work. It had saved his life. His daughter, residing at 127 Myrtle Avenue, can attest it.

Miss Ann Maston, of Williamsburg, living in Tenth, near South Fourth-street, says That give up her school for more than a year. She then commenced taking the All-Healing Balsam which soon alleviated her symptoms, She is now fast recovering, and has resumed her laborious occupation as a teacher,

14 years Mr. John O'Neil, 10th avenue and 21st street, suffered with a cough, raising of phiegm, and pain in his side. He could get no relief ull he tried the All-Healing Balam, which drove the pain from his side, allayed the cough, and brought the disease upon the surface; and before he had taken three bottles, was entirely cured.

PLEURISY AND CONSUMPTION.

Mrs. Baggas, a lady upwards of 70, residing 88 Sheriff, has for years been subject to attacks of Pleurisy, Raising of Blood, severe Cough, Shortness of Breath, Pain in her Head and various parts of her body. Her friends believed her past recovery. The All-Healing Balsam releived her at once of all her alarming symptons, and now she is able to attend to her work,

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; Flatulency, Loss of Appetite, Heart-BURN, HEADACHE, RESTLESSNESS, ILL-TEMPER, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure,

Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

Diarrhoga and Cholera,, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative se-

eretion of the mucous membrane. Fevers of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure Rheumatism permanently in three weeks, and Gout in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder : they operate most delightfully on these important organs, and hence. have ever been found a certain remedy for the worst cases of Gravel.

Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these dreadful diseases.

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDI-CINES give to the blood, and all the humors. Scorbutic Eruptions and Bad Complex-ions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Infinenza will always be cured by one dose, or by two even in the worst cuses.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this compaint for upwards of THIRTY-FIVE YEARS ; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means,

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system. subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints.
