The character of the Scientific American is too well known throughout the country to require a detailed account of the various subjects discussed through its columns.  
The aim of the publishers has always been to render it the most thorough and useful scientific journal in the country; and to judge of this, by comparing its circulation and influence with other publications of the same class, they have the unequivocal evidence of its value as the leading exponent of the Arts and Sciences.  
It will be published WEEKLY as heretofore, in quarto form, on fine paper, affording at the end of the year an ILLUSTRATED ENCYCLOPEDIA of over four hundred pages, with an index, and from five hundred to six hundred original engravings described by letters of reference, besides a vast amount of practical information concerning the progress of Scientific and Mechanical Improvements, Chemistry, Civil Engineering, Manufacturing in its various branches, Architecture, Masonry, Botany—in short it embraces the entire range of the Arts and Sciences.  
It also possesses an original feature not found in any other weekly journal in the country, viz: an OFFICIAL LIST of PATENT CLAIMS, prepared expressly for its columns at the Patent Office, thus constituting it the "AMERICAN REPERTORY OF INVENTIONS."  
In connection with the publishing department the proprietors transact the most extensive Home and Foreign Patent business done in this country; consequently their facilities must be correspondingly superior.

The rate of Insurance is one dollar on the thousand dollars insured, after which payment no subsequent tax will be levied, except to cover actual loss or damage by fire, that may fall upon members of the company.  
The net profits arising from interest or otherwise, will be ascertained yearly, for which each member in proportion to his, her, or their deposit, will have a credit in the company.—Each insurer in or with the said company will be a member thereof during the term of his or her policy. The principle of Mutual Insurance has been thoroughly tested—has been tried by the unerring test of experience, and has proved successful and become very popular. It affords the greatest security against loss or damage by fire, on the most advantageous and reasonable terms.

A SURE REMEDY FOR WORMS.  
The testimony in its favor is overwhelming. The proprietors are daily in receipt of letters and certificates, going to prove its remarkable efficiency to all cases of worms, both in children and adults. The relief given, and the immediate improvement of health which follows its use, has called the attention of physicians to this article, and they freely recommend and prescribe it in their practice.  
The retail price is 25 cents per vial, which brings it within the means of all.  
Brooklyn, L. I. January 16, 1847.  
I do certify that I gave one bottle of B. A. Fahnestock's Vermifuge to my child, and in seven hours it passed 23 large worms. Any person doubting this may apply for further information at my residence corner of York and Jackson streets. JAMES McCAFFREY.  
Poughkeepsie, N. Y. March 2, 1844.  
I certify that I took two vials of B. A. Fahnestock's Vermifuge, which I found to be the greatest cure for worms I have ever used. **M'Alister's All-Healing Ointment,**  
Or, The World's Salve.  
Contains no Mercury or other Mineral.  
From the Reading Eagle.  
There was never, perhaps, a medicine brought before the public, that has in so short a time won such a reputation as M'ALISTER'S ALL-HEALING OR WORLD'S SALVE. Almost every person that has made trial of it speaks warmly in its praise. One has been cured by it, of the most painful Rheumatism, another of the Piles, a third of a troublesome pain in the limbs, &c., &c. If it does not give immediate relief, in every case, it can do no injury, being applied outwardly. As another evidence of the wonderful healing power possessed by this salve, we subjoin the following certificate, from a respectable citizen of Maiden-creek township in this county:  
MAIDEN-CREEK, Berks Co., March 30, 1847.  
Messrs. Ritter & Co.—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of M'Alister's All-Healing Salve, which I purchased from you. I suffered with it for about 20 years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians and other persons, without receiving any relief, and at last made trial of this Salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy at night a peaceful and sweet sleep. I have also used the Salve since for other complaints, with similar happy results.  
Your friend,  
JOHN HOLDINBACH.

**MOFFAT'S**  
Life Pills and Phenix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.  
IN MANY THOUSANDS  
of certified instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficiency invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and ending them with renewed tone and vigor, that they were indebted for their names.

Unlike the best of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.  
The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened feces which collect in the convolutions of the small intestine, and leave medicines only partially cleanse these, and leave such collected masses behind to produce habitual Constiveness, with all its attendant dangers. This fact is well-known to all its regular anatomists who examine the human bowels after death; and hence the prejudice of these well-informed men against the quick medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.  
DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, ILL-TEMPER, ANXIETY, LANGOUR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.  
Constiveness, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.  
Diarrhoea and Cholera, by removing the sharp acid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucous membrane.  
Fever of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.  
The LIFE MEDICINES have been known to cure Rheumatism permanently in three weeks, and Gout in half that time; by removing local inflammation from the muscles and ligaments of the joints.  
Dropsies of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of Gravel.  
Worms, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.  
Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these dreadful diseases.  
Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.  
Scorbatic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.  
The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cured by one dose, or by two even in the worst cases.  
PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS; and within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

**FEVER AND AGUE.**  
For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these Medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.  
Bilious Fevers and Liver Complaints.  
General Debility, Loss of APPETITE, AND DISEASES OF FEMALES—these Medicines have been used with the most beneficial results in cases of this description.—Know the result in cases of its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

**MERCURIAL DISEASES.**  
Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.  
**BE CAREFUL OF COUNTERFEITS.**  
Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.
