# MOFFATS Life Pills and Phœnix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high charac-ter in almost every part of the globe for their extraordinary and immediate power of restoring per-fect health to persons suffering under nearly every kind of disease to which the human frame is liable

### IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed ; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDI-CINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from care and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science ; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them ; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or audden Diarrhea with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death ; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDI-CINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely dependent upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses treely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

DRESSING GOWNS, &c.

The Fancy Department embraces every thing new and desirable in the ime of SHIRTS, DRAWERS, BOSOMS, COLLARS, CRAVATS, STOCKS, SCARFS, GLOVES, HANDKERCHIEFS, HOSIE-RY, SUSPENDERS, SHOULDER BRA-CES, MONEY BELTS, &c.

To verify the above statements, they ask gentlemen, when visiting the city, to call and examine for themselves, where they will receive the most police attention, the proprietors relying on the excessive cheapness which their uninvalled facilities enable them to afford their Goods, to ensure a sale.

### To Bechanics, Inventors and Manufacturers.

The publishers of the SCIENTIFIC AMERI CAN respectfully give notice that the VIth Volume of this valuable journal will be commenced on the twenty first of September next, offering a favorable opportuny for all to subscribe who take an interest in the progress and development of the Mechanics, Arts, and Manufactures of our country. The character of the Scientific American is too well known throughout the country to require a detailed account of the various subjects discussed through its columns.

The aim of the publishers has always been to render it the most thorough and useful scientific journal in the country; and to judge of this, by comparing its circulation and influence with other publications of the same class, they have the unquivocal evidence of its value as the leading exponent of the Arts and Sciences.

It will be published WEEKLY as heretofore, in quarto form, on fine paper, affording at the end of the year an ILLUSTRATED ENCYCLOPÆDIA of over four hundred pages, with an index, and from five hundred to six hundred original engravings described by letters of reference, besides a vast amount of practical information concerning the progress of Scientific and Mechanical Improvements, Chemistry, Civil Engineering, Manufacturing in its various branches, Architecture, Masonry, Bolany-in short it embraces the entire range of the Arts and Sciences.

It also possesses an original feature not found in any other weekly journal in the country, viz: an OFFICIAL LIST OF PATENT CLAIMS, prepared expressly for its columns at the Patent Office, thus constituting it the " AMERICAN REPERTORY OF IN-VENTIONS.

In connection with the publishing department the proprietors transact the most extensive Home and Foreign Patent business done in this country; consequently their facilities must be correspondingly superior.

From the Reading Eagle.

There was never, perhaps, a medicine brought before the public, that has in so short a time won such a reputation as M'ALLISTER'S ALL-HEALING OR WOKLD.SALVE. One has been cured by it, of the dents of the several Courts of Common Pleas most painful Rheumatism, another of the Piles, a shall, at stated times, receive for their services | third of a troublesome pain in the limbs, &c., &c. During that time I tried various remedies, which were prescribed for me by physicians and other persons, without receiving any relief, and Speaker of the House of Representatives. at last made trial of this Salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy at night a peaceful and sweet sleep. I have also used the Salve since for other complaints, with similar happy re-Your friend.

Bilious Fevers and Liver Complaints. General Debility, Loss of Appendix, and

The following are among the distressing variety of human diseases in which the VEGE-TABLE LIFE MEDICINES are well known

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; Flatulency, Loss of Appetite, HEART-BURN, HEADACHE, RESTLESSNESS, ILL-TEMPER, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure,

Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

Diarrhoea and Cholera, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative seerction of the mucous membrane.

Fevers of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure Rheumatism permanently in three weeks, and Gout in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strength-ening the kidneys and bladder : they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of Gravel.

Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these dreadful diseases.

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDI-CINES give to the blood, and all the humors.

Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Infinenza will always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this compaint for upwards of THIRTY-FIVE YEARS ; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

### FEVER AND AGUE.
