Washing Made Easy.

Or How to Wash Clothes without Machines, Washboards, or Pounding Barrels, Rubbing Unnecessary.

BY MADAME BEAVELT, PATENT FRENCH LAUNDRESS. Seventh Edition improved—the most popular Work ever printed—32,000 copies sold in six months.

This Work is really the most useful to Housekeepers of any ever issued. It gives plain instructions about Laundry matters, that enables one person to do a large family washing in a very short time, without using pounders, rubbers, machines, acids, turpentine, ammonia, camphene, or other offensive articles. It banishes all Washing Day Troubles, and makes the once dreaded day of suds and scolding as pleasant as any. It improves the appearance of the clothes, renders them as white as snow, tears off no buttons, no skinning of fingers, requires no hard labor, and saves all wear and tear. The pamphlet also instructs persons how to Wash calicoes or cotton prints without fading. Also how to make starch, and Clear Starch Laces, Cambrics, &c., and how to iron them in the French style. Also, how to renovate velvets, clean kid gloves, remove mildew from linen, grease spots, stains, &c. &c. These are the greatest and most valuable chemical discoveries of the age. My method is adopted by all the large hotels, laundry establishments, steamers, first families, &c. &c. The instructions are so plain none can mistake them. The articles used are all safe, agreeable, cheap, and can be obtained anywhere for a few cents. My plan is the Cheapest and best in the World.

The work is sent by mail in sealed envelopes at single letter postage. Price only \$1 00 per copy. Read the annexed.
