Letter from Gen. Scott.

The following letter from General Winfield Scott was addressed to the Whig Committee of Mifflin county, in this State, in answer to a series of resolutions adopted by them recommending him as a candidate for the Presidency of the United States;

WASHINGTON, March 12, 1851.
DEAR SIR:—The Whig Committee and its Secretary of Juniata county, Pennsylvania, have done me a great honor.

The approbation of my countrymen was the first and will be the last great object of my life. If I have the happiness to obtain that it will be of minor importance whether it leads to change in my official position or not.

With my most respectful regard to the gentlemen of the Committee, I remain, my dear sir, yours truly,

WINFIELD SCOTT.

A. C. McCLELLAN Esq.

PHOSPHATE OF LIME.—It seems singular, that on the property of the New Jersey Exploring and Mining company, about 12 miles from Dover, in this State, who it is well known possesses one of the richest mines of red oxide of zinc in the world, there should also have recently been discovered the only mine it is supposed, of Phosphate of Lime, that has anywhere been found in a mass. It occurs in a vein of rock, on one side of which is gneiss, the other serpentine. The vein of phosphate of lime is about six feet wide at the surface, broadening as it descends. It has been ascertained to extend two miles in length.—Newark Advertiser.

NEW-YORK TRIBUNE.

The DAILY TRIBUNE is issued every morning except Sunday on a large sheet of fine white paper, forming eight pages of six columns each, or about the size of two average Country Newspapers. About six of these pages are new every morning; the aggregate of Editorials, News and Miscellanies being greater than that of any other paper in America, and greater than any but one or two in Europe, though its price is but half that of other first-class Dailies in this Country and less than one-fourth the cost of similar journals in England. Two Evening Editions are issued to supply each subscriber with the latest news up to the hour when his copy must be mailed.

The Tribune is edited in chief by Horace Greeley, who has special charge of all matters pertaining to the Politics and Legislation of our own Country. Its Foreign (Old-World) department is in charge of Charles A. Dana, assisted by able correspondents in London, Paris, Constantinople, &c. &c. Its California intelligence and its City department are in charge of Bayard Taylor, assisted by an efficient corps of Reporters. No expense is or will be spared to render its news from all quarters, by Telegraph, Expresses, Steamships and Mails, as early and reliable as that of any other paper.

The Semi-Weekly Tribune contains nearly all the non-advertising matter of the Daily, except such as is of local interest, or has been superseded by fuller and more exact advices before the Semi-Weekly is issued. It is of the same size with the Daily, and has few advertisements.

The Weekly Tribune is issued every Thursday morning, and contains most of the matter of the Daily with more summary accounts of such Events and Proceedings as cannot be published in full. We mean that no Weekly shall surpass this in giving a full graphic and faithful account of what the world is doing, whereof it is Thinking, and how it is Progressing.

The Tribune is not quite ten years old, and has obtained an aggregate circulation of not far from sixty-five thousand copies—about two thirds of them on its Weekly. Every subscription is paid in advance, and the paper stops when the advance pay runs out, so that no man need hesitate to subscribe from an apprehension of being defrauded for arrears, perhaps after he has left the place to which the paper is sent, in ignorance that it is continued. Subscriptions from individuals and clubs are respectfully solicited by
