P. Townsend was the original proprietor and inventor of Dr. Townsend's Sarsaparilla, and his medicine has gained a reputation that no other remedy ever gained. City and County of New-York, ss. William Armstrong, of the said City, being duly Sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1848, a man by the name of Jacob Townsend, who at that time was a book and p-implifet peddler, called upon deponent, at the house of Mr. Thompson, No. 42 Hindson-street, where depoment boarded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla oneat further says, that he became acquainted with said Townsend at the office of Theodore Foster Fisq., Brook Publisher, what and frequent conversa-dealt. That said Townsend stated he was an old man, and soor, and was not fit for hard labor-and wished to make some money, in order to live easy in his old days, and that, if Sarsaparilla under the name of Townsend sold so well, and so much money was made by it he could see no reason why he might not make something out of it too (his name being Townsend.) if he could get a capable person to prepare a recipe, and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him, as he had formed a co-partnership with men who could furnish the requisite amount of capital - and was well prepared to defend himself against any attack that might be made on him

Deponent further says, that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Sarsaparilla, and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their approval as he wished to gratify them in every thing, as they furnished all the capital-said Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr. S. P. Townsend's, and deponent, at the request of said Jacob Townsend, went to the office of Dr. S. P. Townsend and procured one of his labels. And deponent further says, that he has been inform

PROOF!! PROOF!!!

Here is proof conclusive that Dr. S. P. Townsend's Sarsaparilla is the original. The following is from some of the most respectable papers in this State.

FROM THE New York Dally Tilbune. some time since that did injustice to Dr. S. P. Town send, who is the original proprietor of the preparation of Sarsaparilla known as Dr. Townsend's. Other parties have within the past few months engaged or onnected themselves with a man by the name of Townsend who put up a medicine and calls it by the same name. This medicine was advertised in The Tribune as the original, &c. This advertisement also contained matter derogatory to the character of Dr S. P. Townsend and that of his medicine. We regret it oppeared, and in justice to the Dr. make this ex-

New York Dally Sun. occupies an entire page of the Son, will not escape prictor of Dr. Townsend's Sursaparilla, and whose of fice is next door to ours, where he has been for several years, is driving an immense business. He receives no less than four hundred dozen of Sarsaparilla per day, and even this enormous quantity does not supply the demand. No medicine ever gained so great a popularity as his preparation of the Sarsaparilla. His edition of Almanacs for 1849 cost \$22,000, and he has poid the New York Sun for advertising, in the last four years, over \$10,000, and he acknowledges that it is the cheapest advertising he has had done This medicine is exported to the Canadas, West In dies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers. Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparillo, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Men that would be guilty of such an act, would commit any other fraud and no Druggist of common intelligence but knows that ours is the only genuine Old Jacob Townsend.

people who are not well informed, and have not read the papers, and not seen our advertisements. have been led to suppose, that because these men advertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one year since they commenced to make their medicine. Ours has been in the market over ten years.

This Old Jacob Townsend. They are endeavoring to palm off on the public as n old Physician, &c. He is not a regular educated I'by sician, and never attempted to manufacture a med icine, until these men hired him for the use of his name. They say they do not wish the people to be-lieve that their Sarseparilla is ours, or the same—but the better to deceive the public, they at the same time assert that their's is the Old Dr. Townsend's, and the original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sarsaparilla, that has performed so many wonderful cures for the past ten years, and which has gained a reputation which no other medicine ever enjoyed-which is a base, villainous, unprincipled falsehood We have commenced suits against these men for damages. We wish it to be understood, that the old man is no relation to Dr. Townsend whatever. In their advertisements and circulars, they publish a number of gross falsehoods respecting Dr. Townsend, which we will not notice.

False Reports. Our opponents have published in the papers, that Dr. S. P. Townsend was dead. This they send to their agents about the country, who report that we have given up business, &c. &c. The public should be on their guard, and not be deceived by these unprinci-

MOFFATS

Life Pills and Phenix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDI-CINES are purely and solely vegetable; and Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhea with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDI-

CINES is to cleanse the kidneys and the bla der; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses treely through the veins, renews every part of the system, and triumphantly mounts the bunner of health in the blooming cheek. The following are among the distressing va-

riety of human diseases in which the VEGE-TABLE LIFE MEDICINES are well known to be infallible. DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; Flatulency, Loss of Apperire, HEART-BURN, HEADACHE, RESTLESSNESS, ILL-TEMPER,

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of Gravel.

The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation.
