MOFFATS Life Pills and Phænix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

## IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed ; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDI-CINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science ; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them ; and to remove the hardened fieces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhea with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death ; and hence the prejudice of these well-informed men against the qunck medicines of the age. The second effect of the VEGETABLE LIFE MEDI-CINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses treely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGE-TABLE LIFE MEDICINES are well known

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind ; Flatulency, Loss of APPETITE, HEART-BURN, HRADACHE, RESTLESSNESS, ILL-TEMPER, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure, Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

or, and was not fit for hard labor-and wished to make some money, in order to live casy in his old days, and that, if Sarsaparilla under the name of Towncould sold so well, and so much money was made by it, he could see no reason why he might not make nomething out of it too, (his name being Townsend.) if he could get a capaide person to prepare a recipe and manufacture it for him. Depenent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for tion, as he had formed a co-partnership with men who could furnish the requisite amount of capital-and was well prepared to defend himself against any attack

that night be made on him. Deponent further says, that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Saraparilla, and gave it to him. Said Townsend observer that he wanted to make a specimen to exhibit to his partners for their uproval, as he wished to gratify them in every thing, as they furnished all the ceptul-said Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr.S. P. Townsend's, and demonst at the request of said Jacob Townsend, we to the office of Dr S P. Townsend,

PROOF !! PROOF !!! Here is proof conclusive that Dr. S. P. Townsend's Sarsaparilla is the original. The following is from some of the most respectable papers in this State.

FROM THE New York Daily Tilbune.

67- We published an advertisement undvertently none time since that did injustice to Dr. S. P. Townsend, who is the original proprietor of the preparation of Sarsaparilia known as Dr. Townsend's. Other parties have within the just few months engaged or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the same name. This medicine was advertised in The To these as the original, &c. This advertisement also contained matter derogatory to the character of Dr 8. P. Townsend and that of his medicine. We regret it sppeared, and in justice to the Dr. make this ex-

> FROM TH New York Dally Sun.

Dr. Townsuno's extraordinary advertisement, which occupies an entire page of the Sca, will not escape notice. Dr. S. P. Townsend, who is the original proprietor of Dr. Townsend's Sarseparilla, and whose oftice is next door to ours, where he has been for several years, is driving an immonue business. He receives no less than four hundred dozen of Sursaparilla per day, and even this enormous quantity does not supply the demand. No medicine ever gained to great a popularity as his preparation of the Sansaparilla. His edition of Almanacs for 1849 cost \$22,000, and he has paid the New York Sex for advertising, in the last four years, over \$10,000, and he acknowledges that it is the cheapest advectising he has had done. This medicine is exported to the Canadas, West In-dies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

#### Smindlera.

Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Men that would be guilty of such an act, would commit any other fraud --and no Druggist of common intelligence but knows that ours is the only genuine.

#### Old Jacob Townsend.

Some people who are not well informed, and have not read the papers, and not seen our advertisements, ince been led to suppose, that because these men ad-vertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one year since they commenced to make their medicine. Ours has been in the market over ten years.

#### This Old Jacob Townsend.

They are endeavoring to palm off on the public as an old Physician, &c. He is not a regular educated Physician, and never attempted to manufacture a med icine, until these men hired him for the use of his name. They say they do not wish the people to be-lieve that their Sarsaparilla is ours, or the same-but the better to deceive the public, they at the same time swert that their's is the Old Dr Townsend's, and the original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sarseparilla, that has performed so many wonderful cures for the past ten years, and which has gained a which is a base, villainous, unprincipled falsehood. We have commenced suits against these men for damages. We wish it to be understood, that the old man is no relation to Dr. Townsend whatever. In their ad-

THE WONDER OF THE AGE Internal and External Remedy.

The proprietor of this justly esteemed medicine did not originally purpose it as an article of trade, but merely for his own family and those of his friends. Finding that its medical qualities were spreading over a large surface of country was induced to offer it for sale, and such is the demand that some fifty persons are employed daily in putting it up for the large Cities. Every Farmer should have a bottle of this medicine in his house in cases of sudden sickness.

A great discovery and valuable medicine. It cures Cholera, Bowel Complaints. Cholic, Diarrhaa, Fever and Ague, Piles, Dysenlery, Pain in the Head, Bruises, Rhenmatism, Dyspepsia, and Burns.

JAMES C BOOMER.

Diarrhoea and Cholera, by removing the sharp acrid fluids by which these complaints are occusioned, and by promoting the lubricative secretion of the mucous membrane.

Levers of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure Rheumatism permanently in three weeks, and Gout in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthming the kidneys and bladder : they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the

worst cases of Gravel. Also Worms, by dislodging from the turnings of the howels the slimy matter to which these creatures adhere.

Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these dreadful diseases.

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDI-CINES give to the blood, and all the humors. Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cured by one dose, or by two even in the worst

PILES. As a remedy for this most distressing and obstinute mulady, the VEGETABLE LIFE MEDICINES deserve a distinct and empha recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this compaint for upwards of THEATY-FIVE YEARS; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.
