

**OFFICIAL.**  
**Regulations Concerning Postage**

POST OFFICE DEPARTMENT, June 10, 1851.

To facilitate the payment of postage upon letters and packages, postage stamps of the following denominations are provided and furnished by the Postmaster General, pursuant to the 3d section of the "act to reduce and modify the rates of postage in the United States, and for other purposes," approved March 3d, 1851, viz:

No. 1, printed in black, representing the head of Washington, of the denomination of twelve cents.

No. 2, printed in red, representing the head of Washington in profile, of the denomination of three cents.

No. 3, Printed in blue, representing the head of Franklin in profile, of the denomination of one cent.

These stamps will be furnished to one or more of the principal postmasters in each county, who will be required to supply the other postmasters in their respective vicinities, upon being paid for the amounts furnished.

All other persons wishing supplies of stamps can obtain them from the postmaster at the county seat nearest their residences, or from the postmaster of any other office having them for sale.

Postmasters purchasing stamps from other postmasters are not required to render to the Department any account of the stamps so purchased and sold by them.

Every postmaster receiving stamps for sale directly from the Department will, at the end of each quarter, charge himself in his quarterly account current with any amount of stamps which remained on hand at the close of the preceding quarter, adding thereto the amounts received during the quarter just ended, and crediting himself with the amount then remaining on hand. The balance of the account so stated will represent the amount of stamps sold, which must be added on his quarterly account current to the amount due on the regular return of postage for the quarter.

In case of resignation, removal, or death, the postmaster or his representative will not be allowed a credit for any stamps turned over to his successor, unless such successor have duly qualified by giving bond, nor unless his receipt for the amount shall be forthwith transmitted to the Auditor for the Post Office Department.

Any letter or packet with one or more postage stamps affixed equal in amount to the postage properly chargeable thereon, may be mailed and forwarded from any post office as a prepaid letter or packet; but if the postage stamps affixed be not adequate to the proper postage, the postmaster mailing the letter or packet will admit the prepayment of as many rates as the stamps upon it represent, and charge the excess with postage at the unpaid rate to be collected at the office of delivery.

All postage stamps affixed to any letter, packet or parcel of any description must be immediately and effectually cancelled in the office in which the letter, packet, or parcel may be deposited for delivery or transmission.

At the large offices they will be cancelled, with an instrument to be furnished by the Department. In post Offices not so furnished, the stamps must be thoroughly cancelled by making several heavy cross or parallel lines upon each of them with a pen dipped in good black ink. The cancelling instrument should be used with black printers' ink, when that material can be obtained.

If the cancelling have been omitted on the mailing of the letter, packet, or parcel, or if the cancellation be incomplete, the postmaster at the office of delivery will cancel the stamps in the manner directed, and forthwith report the delinquent postmaster to the Postmaster General, as the law requires.

Letters, packets, and parcels chargeable with letter postage, which shall have been prepaid by stamps, will be entered on the post bills, and also on the transcripts of mails sent and mails received, in the appropriate columns, headed "prepaid by stamps."

The postage on newspapers, magazines, and pamphlets, prepaid by stamp, must in like manner be entered on the proper transcript or account of newspapers, magazines, pamphlets, and other printed matter, in the column headed "prepaid by stamps."

The Department will furnish blanks suitable for keeping accounts of unpaid printed matter received, and of prepaid printed matter sent in the mails.

The amount of stamp letters sent will, in the computation of the postmaster's commissions, and for that purpose only, be added to the amount of postage received, and commissions will be charged and allowed thereon as if the postage on the letters had been prepaid in money instead of stamps.

The postmaster will charge his commission on the amount of postage on newspapers, magazines, and pamphlets, and all other printed matter prepaid by stamps, as if the same had been prepaid in money.

All postage stamps, whether attached to letters, packets, or parcels chargeable with letter postage, or to newspapers, magazines, pamphlets, or other printed matter, must be carefully entered by the postmaster in the appropriate columns of the transcripts belonging to his quarterly returns, that the Department may know the quantity of stamps used in the mails and cancelled.

A postmaster may not refuse to mail and forward a letter as prepaid because the stamp upon it was not purchased at his office. If the stamp be genuine, and

have not been used before in prepayment, it must be respected.

Postage stamps may be used in the prepayment of postages on letters to foreign countries, in all cases where such prepayment can be made in money.

When letters to foreign countries are prepaid by stamps, the mailing postmaster should cancel the stamps, and be careful to rate and mark the letters with red ink, as prepaid in money.

The 3d section of the "act to reduce and modify the rates of postage," &c., approved 3d March, 1851, makes it felony for any person to forge, or counterfeit, or knowingly use or sell, or have in his possession with intent to use or sell, any postage stamp provided or furnished under that or any former act, and declares that, on the conviction thereof, the offender shall be punished by a fine not exceeding five hundred dollars, or by imprisonment not exceeding five years, or by both such fine and imprisonment.—And the 4th section of said act declares that if any person shall use, or attempt to use, in prepayment of postage, any postage stamp which shall have been before used for like purposes, such person shall be subject to a penalty of \$50 for every such offence, to be recovered in the name of the United States in any court of competent jurisdiction.

The Law makes no compensation to postmasters for the sale of postage stamps, except through the allowance of commissions on such as are used at their offices. Neither does it allow any discount to those who purchase.

Application by postmasters for postage stamps must be made to the Third Assistant Postmaster General, to whom the receipts for them should be promptly transmitted.

N. K. HALL,  
Postmaster General.

**IMPORTANT DECISION.**—It has just been decided in Pittsburgh that a Sheriff has no legal right to hire men to aid him in preserving the peace. At the late riots in Pittsburgh in the iron works the Sheriff employed certain military companies to defend the mills. He may command citizens and soldiers to aid him in keeping order and quelling riot, and it is the public duty of every man to obey him, but he has no authority to hire. By this decision the Sheriff will have to pay \$2,000 of his own money.

**License Law in Wisconsin.**

The Legislature of Wisconsin, at its last session, passed a law to regulate the licensing the sale of intoxicating liquors, which has recently gone into effect. It has several peculiar features. Ordinary tavern, grocery and saloon licenses are granted at a fixed rate of \$100 for one year; licenses for retailing in quantities less than one gallon \$50; taverns on the highway \$30. Persons licensed are to give a bond, with a penalty of \$500, that they will not suffer gambling of any description upon their premises. The penalty on the violation of the excise, is \$100 in every case, with costs of suit, or imprisonment for sixty days. The most peculiar provision of the law is that which prohibits for one year all licensed vendors, under a penalty of \$50, from selling or giving liquor to any person who has been adjudged a spendthrift by the Board of Supervisors, or who, from the excessive use of ardent spirits, mispends or lessens his property to such a degree as to expose himself or family to indigence or the town or ward in which he lives to expense for their maintenance. This prohibition may be extended after a year, in case a reform does not ensue. When complaint is made against the keepers of licensed shops, of disorderly conduct, the complainant is bound to pay costs of suit in case the charge is not sustained. Any officer of the town or county, or municipality, who neglects to take cognizance of any violation of the license law coming under his own observation, is subject to a fine.

A new order of religious fanatics, called the Redemptionists, has sprung up in Prussia. They resemble the wandering preachers of the sixteenth century, and produce great excitement among the lower classes of peasantry.

Cats are selling in California at from \$20 to \$60 each, according to their appearance and qualifications; and it is reported that an old lady has gone out to the gold region to set up what she calls a "catery."

The fare from Dunkirk to New York, upon the New York and Erie road is fixed at \$8. This is less than 2 cents a mile.

**Horrible Murder and Suicide.**—On Saturday afternoon a man named George H. Perkins, residing on Palmer-street, a tinner in the employ of Messrs. John Oto & Co., went into the wood shed of his house where his son, a lad about twelve years of age was at work, seizing an axe struck him a heavy blow upon the head, cleaving open the skull in a most terrible manner. The father immediately started for the canal, which was at considerable distance, crossed several streets in his way thither, and arriving upon the bank jumped in and was drowned before he could be rescued. It is supposed that he was insane at the time of this occurrence, as he had acted strangely at intervals for some time past.

The son was yet alive when we last heard from him, but the nature of his injury no hope was entertained of his recovery.—Buff. Courier, 2d inst.

**Kossuth to be Released.**—Advices by the steamer Asia state that the Cabinet of Vienna, in compliance with the reiterated requests of England, has at length consented that Kossuth and the other refugees in Turkey shall be set at liberty, on the express condition, however, that they shall immediately leave Europe, and engage not to return without the formal consent of the Austrian Government.
