That said Townsend stated he was an old man, a nor, and was not fit for Lord labor-and wished to take some money, in order to live easy in his old days, and that if Saraparilla under the name of Townit he could see no reason why he might not make sainthing out of it too. (als name being Townsend.) if he could get a capable person to prepare a recipe, and manufacture it for him. Deponent in one of the conversations asked and Townsend if he was related to the conversations asked and townsend if he was related to the conversations. to Ur. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him, as he had formed a co-partnership with men who could furnish the requisite amount of capital—and was well prepared to defend himself against any attack that might be made on him.

Proposent further says, that pursuant to the request of said Jacob Townsend, he wrote a recipe for the norminature of a Syrup of Sarsaparnia and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their agreed, in he wholed to graffy them in every thing, is they furnished hit the capital—said Townsend also to be in the same she and shape as Dr. S. Here is proof courloise that Dr. S. P. Townsend's
Sus-querilla is the original. The following is from some of the most respectable perers in this State.

FROM THE New York Dally Tribune. 0.3- We published an advertisement madvertently some time since that did injustice to Dr. S. P. We regret it appeared, and in justice to the Dr. make this explanation. New York Dally Sun. Dr. Townsexo's extraordinary advertisement which ser agues an entire page of the Sur, will not escape notice. Dr. E. P. Townsend, who is the original propricted of Dr. Terriment's Sarraparille, and whose of fice is next door to nurs, where he has been for severyears, is driving an immense business. He receives no less than four hundred dozen of Sarsaparille per day and even this enormous quantity does not supply the demand. No predicate ever gained so great a popularity is his preparation of the sansaparilla. His edition of Almanues for 1849 cost \$22,000, and he has poid the New York See for advertising, in the ast four years, over \$10,000, and he acknowledges

This Old Jacob Townsend. They are calleavoring to palm off on the public as as old Physician, &c. He is not a regular educated Physician, and never attempted to manufacture a med-icine, until these men hired him for the use of his name. They say they do not wish the people to be-lieve that their Sarapparilla is ours, or the same—but the hence to decrive the public, they at the same time assent that their's is the Old Dr Townsend's, and the original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Surveyorille, that has performed so many wonderful cures for the past ten years, and which has gained a reputation which no other medicine ever enjoyed damages. We will it to be understood, that the old man is no relation to Dr. Townsend whatever. PERRY DAVIS'S VEGETABLE PAIN KILLER

THE WONDER OF THE AGE Internal and External Remedy.

The proprietor of this justly esteemed melicine did not originally purpose it as an aricle of trade, but merely for his own family and those of his friends. Finding that its medical qualities were spreading over a large surface of country was induced to offer it for sale, and such is the demand that some fitty persons are employed daily in putting it up for the large Cities. Every Farmer should have a bottle of this medicine in his house in cases of sudden sickness.

MOFFATS

Life Pills and Phenix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their ex-traordinary and immediate power of restoring perfeet health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and endning them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDI. CINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious The first operation is to loosen from the coats

of the stomach and bowels the various impuri-

ties and crudities constantly settling round them;

and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrheea with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDI-CINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses treely through the veins, renews every part of the system, and triumphantly mounts the ban-

ner of health in the blooming cheek. The following are among the distressing va-riety of human diseases in which the VEGE-TABLE LIFE MEDICINES are well known

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; Flatulency, Loss of Appetite, Heart-BURN, HEADACHE, RESTLESSNESS, ILL-TEMPER, ANXIETY, LANGUOR, and MELANCHOLY, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure,

Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days. Diarrhea and Cholera,, by removing the sharp acrid fluids by which these complaints are

occasioned, and by promoting the lubricative secretion of the mucous membrane. Fevers of an ames, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of

all intestinal obstruction in others. The Lare Medicines have been known to cure Rheumatism permanently in three weeks, and Gout in half that time, by removing local inflammation from the muscles and ligaments of

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of Gravel.

Also Worms, by dislodging from the turnings of the howels the slimy matter to which these creatures adhere. Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which

even slight colds will occasion, and which, if not

removed, becomes hardened, and produces these

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDI-CINES give to the blood, and all the humors. Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and

other disagreeable complexions. The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cured by one dose, or by two even in the worst

PILES. As a remedy for this most distressing and obstante malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this compaint for upwards of THERTY-FIVE YEARS; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica.
