MOFFATS Life Pills and Phœnix Bitters,

These Medicines have now been before the public for a period of **FIFTEEN YEARS**, and during that time have maintained a high charac-ter in almost every part of the globe for their extraordinary and immediate power of restoring per-fect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed ; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of peruicious quackeries which boast of vegetable ingredients, the LIFE MEDI-CINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtnea of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science ; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them ; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhea with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death ; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDI-CINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses treely through the veins, renews every part of

The following are among the distressing variety of human diseases in which the VEGE-TABLE LIFE MEDICINES are well known be infallible

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; Flatulency, Loss of Appetite, HEART-BURN, HEADACHE, RESTLESSNESS, ILL-TEMPER, ANXISTY, LANGUOR, and MELANCHOLY, W are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure, Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days. Diarrhœa and Cholera,, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative seoretion of the mucous membrane. Fevers of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others. The LIFE MEDICINES have been known to cure Rheumatism permanently in three weeks, and Gout in half that time, by removing local inflammation from the muscles and ligaments of the joints. Dropsies of all kinds, by freeing and strength-ening the kidneys and bladder : they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of Gravel. Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere. Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not One Hundred Thousand Dollars, the best removed, becomes hardened, and produces thees dreadful diseases. Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDI-CINES give to the blood, and all the humors. Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions. The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Infinenza will always be cured by one dose, or by two even in the worst PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this compaint for upwards of THIRTY-FIVE YEARS ; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. any other establishment, accor- He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

PROOF !! PROOF !!!

Here is proof conclusive that Dr. S. P. Townsend's Successfully is the original. The following is from some of the most respectable papers in this State.

FROM THE New York Daily Tribune.

⊕ We published an advertisement malvestently more time sides that did injustice to D. S. F. Town-send, who is the original proprietor of the preparation of Saraparilia known as 10 Townsend's. Other ed Sarsaparina known as Ur. Townsendw. Other parties have within the part few months engaged or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the some name. This medicine was advertised in The Tribune as the original &c. This advertisement also consumed matter deragadory to the character of Dr s ? Townsend and that of his medicine. We regret it sourced and in indice to the Dr make this we it appeared, and in justice to the Dr. make this exdiam'r.

FROM THE New Fork Daily Sun. Dr. Townsamp's extraordinary advertisement, which accupies an entire page of the Scs, will not escape notice. Dr. S. P. Townsend, who is the original pro-prictor of Dr. Townsend's Same parilla, and whose of focus next door to ours, where he has been for several years, a driving an immense business. He receives no less than four hundred dozen of Earsaparilla per day, and even this enormous quantity does not supply the demand. No medicine ever gained so great a popularity as his preparation of the Sensaparilla. His edition of Almanacs for 1849 cost \$22,000, and he has poid the New York Sux for advertising, in the last four years, over \$76,000, and he acknowledges that it is the cheapest advertising he has had done. This medicine is exported to the Canadas, West In-ties, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers. Druggists and others that soll Sarapprills for the genuine and original Dr. Townsond's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and awindles the customers.
