Deponent further says, that he became acquainted with said Townsend at the office of Theodore Foster, Fog., Book Publisher, with whom said Townsend death That said Townsend had had frequent conversations with depotent respecting the manufacture of an actube of Sarsaparilla to be sold under the name of Dr.

That said Townsend stated he was an old man, and poor, and was not fit for hard labor—and wished to make some money, in order to live easy in his old ys, and that, if Savaparilla under the name of Townsold sold so well, and so much money was made by it, he could see no reason why he might not make camething out of it too, (his name being Townsend.) is he could get a camble person to prepare a recipe, and namufacture it for him. Deponent in one of the countriestions asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him as he had formed a co-parine ship with men who cand runnish the requisite amount of capital—and was well perpared to deleve himself against any attack that tagget he made on him.

Sworn to before me, this 24th day of May, 1849. C. S. WOODHULL, Mayor of the City of New York

PROOF!! PROOF!!! proof conclusive that Dr. S. P. Townsend's la is the original. The following is from

some of the most respectable papers in this State. New York Dally Tribune.

OG- We published an advertisement inadvertently some time since that did in actics to Dr. S. P. Townsrut, who is the original propositor of the preparation of Superpurilla known as Dr. Townsend's. Other parties have within the past few months engaged or connected themselves with a mass by the name of for usend who put up a medicine and calls it by the The rame. This medicine was advertised in The Tribins as the original &c. This advertisement also Sometimed ministrate derogatory to the character of Dr S I lownsend and that of his medicine. We regret the exposered, and in justice to the Dr. make this ex-

New York Daily Sun. Dr. Townsian's extraordinary advertisement which recurses an entire page of the Sun, will not escape notice. Dr. S. P. Townsend, who is the original proprictor of Dr. Townsend's Sarapovilla, and whose of ther is next deer to ours, where he has been for sever-al years, is driving an immense business. He receives no less than four hundred dozen of Sarsaparilla per day, and even this courmous quantity does not supply the demand. No medicine over gained so great a popularity as his preparation of the Sarsmarilla. His election of Almanaus for 1842 cost \$22,000, and he has paid the New York San for advertising, in the last four years, over \$10,000, and he acknowledges that it is the cheapest advertising he has had done This incidence is exported to the Canadas, West In dies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers. Druggists and others that sell Sarssparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Men that would be guilty of such an act, would commit any other fraud and no Druggist of common intelligence but knows that ours is the only genuine

Old Jacob Townsend. Some people who are not well informed, and have not read the papers, and not seen our advertisements, have been led to suppose, that because these men ad-vertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one year since they commenced to make their medicine. Ours has been in the market over ten years.

This Old Jacob Townsend. They are endeavoring to paim off on the public as an old Physician, &c. He is not a regular educated Physician, and never attempted to manufacture a mediicane, until these men hired him for the use of his name. They say they do not wish the people to be heve that their Sarsaparilla is ours, or the same—but the better to deceive the public, they at the same time mesent that their's is the Old Dr. Townsend's, and the original; and endeavor to make the records halfers. original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sursuparilla, that has performed so many wonderful cures for the past ten years, and which has gained a reputation which no other medicine ever enjoyed—which is a base, villainous, unprincipled falselicod.
We have commenced suits against these men for damages. We wish it to be understood, that the old man is no relation to Dr. Townsend whatever. In their advertisements and circulars, they publish a number of gross laischoods respecting Dr. Townsend, which we will not notice.

False Reports. Our opponents have published in the papers, that Dr. S. F. Townsend was dead. This they send to their agents about the country, who report that we have given up business, &c. &c. The public should be on their guard, and not be deceived by these unprincitated man. pled man.
