Dr. S. P. Townsend was the original proprietor and inventor of Dr. Townsend's Sarsaparilla, and his medicine has gained a reputation that no other remedy ever gained. The manufactured over one million of bottles last year, and is manufacturing at present 5,000 bottles per day. make some money, in order to live easy in his old days, and that, if Sarsaparilla under the name of Townsend sold so well, and so much money was made by it, he could see no reason why he might not make something out of it too, (his name being Townsend.) if he could get a capable person to prepare a recipe, and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for tion, is he had formed a co-partnership with men who could furnish the requisite amount of capital-and was well prepared to defend himself against any attack that might be made on him.

Deponent further says, that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Sarsaparilla, and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to ais partners for their expressed as he wished to gratify them in every thing, as they furnished all the capital-said Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr. S. **PROOF!!** PROOF!!! Here is proof conclusive that Dr. S. P. Townsend's Successful is the original. The following is from some of the most respectable papers in this State.

FROM THE

New York Daity Tribune. 63- We published an advertisement inadvertently send, who is the original proprietor of the preparation of Sarsaparilla known as Dr. Townsend's. Other parties have within the past few months engaged or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the same name. This medicine was advertised in The Tribune as the original, &c. This advertisement also contained matter derogatory to the character of Dr s P. Townsend and that of his medicine. We regret it appeared, and in justice to the Dr. make this ex-

FROM THE New York Dally Sun.

Dr. Towssexp's extraordinery advertisement, which occupies an entire page of the Sos, will not escape potice. Dr. S. P. Townsend, who is the original pro-prietor of Dr. Townsend's Sarsaparilla, and whose of-face is next door to ours, where he has been for several years, is driving an immense business. He receives no less than four hundred dozen of Sarsaparilla per day, and even this enormous quantity does not supply the demand. No medicine ever gained so great a popularity as his preparation of the Sarsaparilla. His edition of Almanaes for 1849 cost \$22,000, and he has paid the New York Sus for advertising, in the last four years, over \$10,000, and he acknowledges that it is the cheapest advertising he has had done. This medicine is exported to the Canadas, West Indies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers. Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarseparilla, that is not signed by S. P. Townsend, commits a frand, and swindles the customers. Men that would be guilty of such an act, would commit any other fraud -and no Druggist of common intelligence but knows that ours is the only genuine.
