READ THE AFFIDAVIT.

William Armstrong, of the said City, being duly aworn, doth depose and say that he is a practical braggist soil Caemist. That some time in the latter part of May, or first of June, 1848, a man by the name of Jacob Townsend, who at that time was a book and namphlet peddler, called upon deponent, at the house of Mr. Thompson, No. 42 Hudson-street, where deponent boarded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparills. Deponent forther says, that he became acquainted with said Townsend at the office of Theodore Foster, Pan. Book Publisher, with whom said Townsend Paq., Book Publisher, with whom said Townsend dealt. That said Townsend had had frequent conversations with deponent respecting the manufacture of an article of Sarsaparilla to be sold under the name of Dr. beob Townsend.

That said Townsend stated he was an old man, and poor, and was not fit for hard labor—and wished to make some money, in order to live easy in his old days, and that, if Sarraparilla under the name of Town-send sold so well, and so much money was made by it, he could see no reason why he might not make something out of it too, (his name being Townsend.) if he could get a capable person to prepare a recipe, and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him, as he had formed a co-partnership with men who could furnish the requisite amount of capital—and was well prepared to delend himself against any attack

that might be made on him.

Deponent further says, that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Sarsaparilla, and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their as they furnished all the capital—and Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr. S. I send's, and deponent, at the request of said Jacob Townsend, went to the office of Dr. S. P. Townsend, and procured one of his labels.

And deponent further says, that he has been informed, and verily believes the Syrup of Sarsaparilla, sold as Old Jacob Townsend's, is made after the recipe furnished by nished by deponent, to Jacob Townsend, as aforesaid.

And further deponent saith not. WILLIAM ARMSTRONG. Sworn to before me, this 24th day of May, 1849. C. S. WOODHULL,

PROOF!! PROOF!!!

Here is proof conclusive that Dr. S. P. Townsend's

Sarsaparilla is the original. The following is from the most respectable papers in this State. FROM THE

Mayor of the City of New York

New York Daily Tribune. 60 We published an advertisement madvertently some time since that did injustice to Dr. S. P. Townsend, who is the original proprietor of the preparation of Sussaparilla known as Dr. Townsend's. Other parties have within the past few months engaged or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the came name. This medicine was advertised in The Tribune as the original, &c. This advertisement also contained matter derogatory to the character of Dr S. F. Townend and that of his medicine. We regret it appeared, and in justice to the Dr. make this ex-

New York Dally Sun. Dn Townsann's extraordinary advertisement, which occupies an entire page of the Son, will not escape prictor of Dr. Townsend's Sarraparilla, and whose of fire is next door to ours, where he has been for several years, is driving an immense business. He receives no less than four hundred dozen of Sarsaparilla per and even this enormous quantity does not supply the demand. No medicine ever gained so great a popular ty as his preparation of the Sarsaparilla. His edition of Almanacs for 1849 cost \$22,000, and he has gold the New York Sux for advertising, in the last four years, over \$10,000, and he acknowledges that it is the cheapest advertising he has had done. This medicine is exported to the Canadas, West Indies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers.
Druggists and others that sell Sursaparilla for the genuine and original Dr. Townsend's Sarsaporilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Men that would be guilty of such an act, would commit any other fraud -and no Druggist of common intelligence but knows that ours is the only genuine.

Some people who are not well informed, and have not read the papers, and not seen our advertisements, have been led to suppose, that because these men advertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one year since they commenced to make their medicine. Ours has been in the market over ten years. This Old Jacob Townsend.

They are endeavoring to palm off on the public as an old Physician, &c. He is not a regular educated Physician, and never attempted to manufacture a med-icine, until these men hired him for the use of his name. They say they do not wish the people to be-lieve that their Sarsaparilla is ours, or the same—but the better to deceive the public, they at the same time as-net that their's is the Old Dr. Townsend's, and the inginal; and endeavor to make the people believe ar specific, that has performed so many wonderful of it the past ten years, and which has gained a surfation which no other medicine ever enjoyed—anich is a base, villainous, unprincipled falsehood. We neve commenced suits against these men for amores. We wash it to be understood that the old man is no relation to Dr. Townsend whatever. In their advertisements and circulars, they publish a number of gress falsehoods respecting Dr. Townsend, which we will not notice.

False Reports. Our apponents have published in the papers, that Dr S P Townsend was dead. This they send to their agents about the country, who report that we have given up business, &c. &c. The public should be on their guard, and not be deceived by these unprinci-
