

THIS IS A GREAT COUNTRY, AND MANY MYSTERIES IN IT!
Wholesale and Retail Boot and Shoe Store.

The Subscriber takes this method to inform the public that he has just received at his store, opposite Messrs. Miller & Brother and nearly opposite T. & P. Miller's store, in Hamilton street, a large assortment of

Boots and Shoes,
 decidedly the largest, cheapest and best, now in Easton, which he is selling for cash, and is determined not to be undersold by any other establishment, according to the article:

His assortment consists of Congress Gaiters, Women's Gaiters, Half Gaiters, Jenny Linds, Lippers, Buskins, and a large assortment of children's gaiters, &c. &c.

Al O.—Gentlemen's and youths' Boots and Shoes of every variety, all made of the best materials, and experienced workmen (under his own superintendence.)

Orders for work to be made by measure, and repairing of all kinds, promptly attended to as heretofore. A continuance of the favors of a liberal community respectfully solicited.

THADDEUS SCHOCH,
 Easton, May 22, 1851.

B. A. FAHNESTOCK'S VERMIFUGE.

A SURE REMEDY FOR WORMS.

The testimony in its favor is overwhelming. The proprietors are daily in receipt of letters and certificates, going to prove its remarkable efficiency to all cases of worms, both in children and adults. The relief given, and the immediate improvement of health which follows its use, has caused the attention of physicians to this article, and they freely recommend & prescribe it in their practice. The retail price is 25 cents per vial which brings it within the means of all.

Brooklyn, L. I. January 16, 1847.

I do certify that I gave one bottle of B. A. Fahnestock's Vermifuge to my child, and in seven hours it passed 23 large worms. Any person doubting this may apply for further information at my residence corner of York and Jackson st's.

JAMES McCAFERRY,
 Poughkeepsie, N. Y. March 2, 1844.

I certify, that I took two vials of B. A. Fahnestock's Vermifuge, which I found to be the greatest cure for worms I have ever used. I have been troubled with tape worms for a number of years, and I have never found so good a medicine as B. A. Fahnestock's Vermifuge. I therefore recommend it.

MARTHA CLIFT.

The public is cautioned against counterfeit and spurious articles, and to put confidence in statements that 'Kolmstock's,' and 'S. Fahnestock's,' Vermifuge are the same or as good as the only genuine article, which is B. A. Fahnestock's Vermifuge.

For sale in Stroudsburg, by T. Schoch.

Cure of Consumption.
Liver Complaint, Colds, Coughs, Asthma, Bronchitis, and all Throat and Lung Complaints.

I have published a brief work on Consumption, which contains an invaluable recipe or the cure of these prevalent diseases, even in their worst stages, when friends and physicians have given up all hope. The Lung Balsam prescribed in this work Cures without the expensive aid of physicians or injurious use of patent medicines. In adopting this System of Cure the patient knows what he is using—knows that he is not shortening his days by the use of auncies or mercurials, which may seem to relieve but never Cure. He knows when using this Life saving Balsam, that he is taking mild, pleasant, efficacious remedies, such as Nature prescribes for the ill her children suffer. The ingredients composing this Lung Balsam are obtainable (cheaply too) wherever consumption exists, proving that Every ill has its antidote. Consumptive patients may rely on this receipt—(all Lung Complaints are removed by its use)—I would not attach my name to it had I doubt of its efficacy. The directions for preparing and using the Balsam are perfectly plain. I prefer selling the Recipe to making the Balsam, as it enables people to Make their own Medicine at a trifling Cost. I will impart the secret of making the Balsam, and the Family right to use it, for \$1, but in no case will I sell it for speculating purposes.

Proof of its Goodness.
 JACKSON, Mich., March 21, 1851.
 Doct. S. TOUSEY—Sir: You wished me to let you know what effect your preparation of Medicine for Consumption and other diseases had in my family. After the first ten days my wife gained in weight 3 lbs, relieved her cough, changed her countenance, and all appearances were better. My family would not be willing to do without it. It is a medicine much needed in Jackson—there is many cases similar to my wife's. The Rev. Mr. Blanchard will write you for a recipe. Respectfully yours,
 O. F. POOL.

Address, post paid, (enclosing \$1.) Dr. S. TOUSEY, 106 Nassau street, New York.—The work goes by mail under seal.
 October 23, 1851—6m

MILLINERY & DRESS-MAKING.

Rum; Lisbon and port Wine, of the purest and best qualities, and offers such for sale by the barrel, keg, gallon or half gallon; at the lowest cash prices; and wishes the Tavernkeepers in the country to give him a call before purchasing elsewhere, as he is determined to give satisfaction, both in quality and price.

He also keeps constantly on hand, for Inkeepers, Wine Bitters, Peppermint and Wintergreen, also Lemon Syrup.

Product of all kinds taken in exchange.

SAMUEL S. ABEL.
 Stroudsburg, June 5, 1851.

Philadelphia Type Foundry,
 No. 8, Pear street, Near the Exchange, PHILADELPHIA.

The Subscriber having made great improvements in his method of casting type and mixing of metals, and had a thorough revision of his matrices, the faces of which are not excelled in beauty and regularity of cut, by any in the country, flatters himself that by a strict personal attention to business, and employing none but the most skillful workmen, he is enabled to offer

A Superior Article, at greatly reduced Prices.

He is constantly adding to his stock all that is new from the best workmen of this and other countries, and having lately procured from Europe, a great variety of NEW FACES and ORNAMENTS, solicits the attention of Printers there to.

Specimens will be sent to those wishing to order.

Presses, Chases, Cases, Ink Stands, Galleys, Brass Rule, and every other article needed to furnish a complete Printing Office, supplied at the shortest notice.

GERMAN BOOK AND JOB TYPE,
 Of the newest style and of all sizes, carefully put up in fonts of correct proportion.

ALEXANDER ROBB,
 January 30, 1851.—ly.

Doctor Yourself for 25 Cts!

By means of the Pocket Esculapian, or Every one his own Physician! Thirtieth edition, with upwards of a hundred engravings, showing private diseases in every shape and form and malformations of the generative systems.

BY WM. YOUNG, M. D.

The time has now arrived, that persons suffering from secret diseases, need no more become the victim of quackery, as by the prescriptions contained in this book, any one may cure himself, without hindrance to business, or the knowledge of the most intimate friends, and with one tenth the usual expenses. In addition to the general routine of private disease, it fully explains the cause of manhood's early decline, with observations on marriage—besides many other derangements which it would not be proper to enumerate in the public prints.

If any person sending TWENTY-FIVE cents enclosed in a letter, will receive one copy of this book, by mail, or five copies will be sent for one dollar. Address, DR. WM. YOUNG, No. 152 SPRUCE STREET, PHILADELPHIA. Post-paid.

DR. YOUNG can be consulted on any of the diseases described in his different publications, at his Office, 152 SPRUCE STREET, every day between 9 and 3 o'clock, [Sundays excepted.]
 January 30, 1851.—ly.

HORSES MADE SOUND
 BY THE
Horse Owner's Secret.
 Being a new and certain remedy for the speedy Cure of Heaves,
 By SIR JAMES LYNDONTON,
 Principal Farrier to his Royal Highness Prince Albert.

THE great discovery contained in this little work procured Sir James his Baronetcy. It is really worth its weight in gold to all who own or use Horses. It prescribes a Certain and positive cure for Heaves which any person can prepare. The remedy is better and cheaper than any advertised Heave Powder, and is perfectly safe, as any one can know who tries it. Horse owners know that many a valuable Horse loses half its price by this prevalent disease. The remedy prescribed in this work will cure him and increase his market value, besides relieving the poor beast of a horrible complaint, similar to the Asthma in a man. The public can depend on this work; it is no catchpenny humbug. The articles prescribed by Sir James are all cheap and can be had at any store. To prevent imposition the work will be sent in sealed envelopes. English price four shillings and three pence sterling.—American price, \$1 per copy. Persons ordering Sir James' Work, are expected to confine his instructions to their own animals.—It will be sent to none others.

An American Horse Doctor approves of the above System. Read what he says:
 AVRETON, Ohio, July 21, 1851
 Mr. DUNBERTON—I have tried your Secret for the cure of Heaves, and approve of it very much. Yours, truly,
 [Witness, G. Long.] S. LAXX, Horse Dr.
 To procure this valuable little work. Address, post paid,
 JOHN DUNBERTON,
 English Horse Doctor,
 American Agent for James Lyndontons' Horse Owner's Secret,
 New York Post Office.
 The Secret is sent by mail at letter postage.

Hoover's Ink Manufactory,
 REMOVED TO
 No. 144 Race Street,
 Philadelphia.

WHERE the Proprietor is enabled, by increased facilities, to supply the growing demand for HOVER'S INK, which its wide spread reputation has created.

This Ink is now so well established in the good opinion and confidence of the American Public, that it is scarcely necessary to say anything in its favor, and the manufacturer takes this opportunity to say that the confidence thus secured shall not be abused.

In addition to the various kinds of Writing Ink, he also manufactures Adamantine Cement for mending Glass and China, as well as a superior Hair Dye; a trial only is necessary to insure its future use, and a Sealing Wax, well adapted for Druggists and Bottlers, at a very low price, in large or small quantities.

Orders addressed to JOSEPH E. HOVER, Manufacturer,
 No. 144 Race Street,
 Between 4th & 5th, opposite Crown St. PHILADELPHIA.

Any of the following works will be supplied by him, by the year or single number:
 Graham's Magazine, Sartain's Magazine, Godey's Lady's Book, Harper's Magazine, International Magazine, Ladies' Wreath, London Lancet, Blackwood's Magazine, all the Quarterly Reviews, and all others published.

Persons wishing books in any Department of reading, can have them promptly forwarded without extra charge, by leaving their orders at the office of the "Monroe Democrat," Jan. 22, 1852.

Vegetable Cattle Powder,
 PREPARED BY
BREINIC, FRONFIELD & CO.
 No. 187 North Third street, Philadelphia.

The proprietors of the above powder take pleasure in being able to call your attention to this article, which in all respects excels any thing of the kind offered to the public for the last fifty years. It is not only of individual interest but it must in time become a great National benefit; in the aggregate it will add at least one Million of Dollars annually to the produce of the Country, in the increase of Milk, Butter and Fat from the same amount of food, besides the many, very many lives of valuable animals it will save by restoring them to health. It is therefore destined to be in due time one of the staple articles of every Farmer, Dairyman and Horseman. It is not one of those kind of Mixtures that merely swell an animal up for a short time, but it will by the capacity which it has of converting HIPPURIC ACID (which is an effete matter) into Lactic acid or oleine; cause a greater amount of nutritious matter to be extracted from the same amount of food, than possibly could do, were the active principles of nutrition to pass out of the system in the form of Hippuric Acid. We have received a multitude of evidence to prove what we have said above. Suffice to say: We have mixed the active agent with a great number of Vegetable plants and herbs, which time and use have proved to be useful in improving the appetite and promoting digestion of the food; thus securing a healthy condition of the blood, from which the Milk and Fat must be formed. It may be used for Horses, Cows and Hogs for the following diseases:

HORSES.
 Yellow Water.—This disease is owing to a bad and impoverished state of the blood, which becomes thin and watery and of a yellow color. It is a dangerous sickness, and destroys many valuable horses every year. A free use of this powder will entirely cure this disease. It will by improving digestion and giving to the blood a greater quantity of red particles, afford the best and only possible chance of recovery. In the beginning of the disease, give a table spoonful once a day, at noon. If the disease is far advanced a table spoonful twice a week.

Slabbering.—This is the ruination of many valuable Horses by exhaustion—a constant discharge of saliva which ought to go into the stomach to assist digestion. It is often brought on by Indian Tobacco growing in the pasture ground. A table spoonful three times a week will arrest the flow, unless caused by the Tobacco. Under such circumstances the animal must be kept out of the reach of the Tobacco.

Distemper.—This powder has already cured hundreds of horses of this troublesome disease to the surprise of those who used it. It should be used early, before matter has formed in the neck, else it cannot restore the animal perfectly until the matter is discharged. Use it early to prevent such a result. The dose is a table spoonful once or twice a day.

Glanders.—This disease has baffled all Farriers. Give this powder a fair trial and it will do wonders in this terrible and hitherto incurable malady. It is a disease of the glandular system and kept up by imperfect nutrition. A table spoonful twice every day for a month or two, in constant succession, will in three cases out of four effect a cure. It has been fairly tested. Coughs, and shortness of BREATH depending on weak lungs, a table spoonful every morning; if it abates, once or twice a week.

Poor, Low-spirited Horses, or where there is any remains of Founder or stiffness of motion, and the Horse will not fatten, or where the hair is rough and stands straight out, the feed seeming to do no good, the Powder produces almost immediate improvement of the animal; the digestion improves and with it all the sluggishness of the animal disappears, becoming lively and spirited, and the hair smooth and sleek.

Drovens, by feeding their horses one or two table spoonful a week to each will secure them against the danger of taking cold or distemper, in being exposed to the weather, &c. Their horses will also appear to a greater advantage, when offered for sale; the powder keeping them in a good and healthy condition. Farmers and Teamsters will also find their horses greatly benefited by feeding the powder as above, it securing to them a continual good appetite.

COWS.
 For Milk Cows, we are fully convinced that it not only improves the quality, but that it increases the amount of Milk, Cream and Butter; some who have tried the experiment say a pound a week, others say half a pound, while one person insisted upon it that he made two pounds more a week from each Cow. We think it will be found to average from a half to a pound per week each Cow, if the Cows are perfectly healthy. This additional amount is made by the conversion of the Hippuric Acid into Nitrogenous and fatty compounds; also by supplying the oxygen taken in by the lungs, with the elements of reaction; without taking any of the Nitrogenous portions of the feed.

This powder will secure to cows that healthy and thrifty condition of system, which will produce the Milk and Butter, so much relied upon during the summer season, when Cattle go into good Pasture. Their appetite will be continually good; the powder will supply them with that nutrient, which they would otherwise soon lack and consequently fall off both in quantity and quality of Milk and Butter as soon as the hot summer season advances and pasture becomes stale.—Any Farmer or Dairyman, who will feed this powder regularly to his Cows will find them in a continued good condition, summer or winter. For this purpose a table spoonful of the powder should be given two or three times a week.

Hollow Horn or Wolf; Hoof Disease, and all other diseases of neat cattle depending upon a bad state of the fluids, are removed speedily and effectually. Cows, whose milk is blue, thin and watery, and where it does not yield much cream, or where Cows give bloody milk, or which are used to stand long dry, it will be found an almost infallible remedy, by improving the condition of the blood and creating a healthy digestion: a table spoonful every day or every other day as it may be necessary.

N. B.—In an animal which is giving milk and you are desirous to fatten at the same time, you should not give more than a table spoonful once a week or it will retard the formation of fat by increasing the amount of milk.

HOGS.
 Pigs in the summer season often overheat themselves, get swelled necks, coughs, ulcers in the Lungs and Liver, which cause them to die very suddenly, these may be prevented entirely by putting a pound into a barrel of swill; and giving from one to two quarts per day. It will at the same time considerably hasten the fattening process.

Let each person try its effects for himself and he will soon be satisfied of its excellent

quality, and that no Farmer should be without it.

For the purpose of finding out still further how far our justly celebrated CATTLE POWDER is entitled to the confidence of an intelligent people, we have addressed letters to all parts of the United States, where our powder has been used, and we are able now from the evidence thus brought before us, to assure every Farmer, Dairy-man, and Horse-man, that it has thus far very much exceeded our most sanguine expectations.

Beware of counterfeits, as the extensive sale of our powder has induced others to make an imitation of it. Each pack has our written signature on the end.

Several orders have been sent to this city for Cattle Powder, which have been filled by sending an article got up in imitation of our own. We therefore say again, Storekeepers, Farmers and Dairy-men, do not buy a pound, unless you look for the name of Breinic, Fronfield & Co's written signature at the end of each pack; do not allow yourself to be deceived, the life and health of your cattle depend upon this Caution. Look out! Vigilance is the price of security!

Price 25 Cts. per pack (1 pound)
 For sale by JOHN N. STOKES,
 Stroudsburg, General Agent for Monroe county.
