Cure of Consumption,

Liver Complaint, Colds. Coughs. Asthma, Bronchitis, and all Throat and Lung Com-

I have published a brief work on Consumption, which contains an invaluable recipe for the cure of these prevalent diseases, even in their worst stages, when friends and physicians have given up all hope. The Lung balsam prescribed in this work Cures without the expensive aid of physicians or injurious use of patent medicines. In adopting this Sys tem of Cure the patient knows what he is using-knows that he is not shortenning his days by the use of anodynes or mercurials, which may seem to Relieve but never Cure. He knows when using this Life saving Balsam, that he is taking mild, pleasant, efficaclous remedies, such as Nature prescribes for the ills her children suffer. The ingredients composing this Lung Balsam are obtainable (cheaply too.) wherever consumption exists, proving that Every ill has its antidote. Consumptive patients may Rely on this receipt -(all Lung Complaints are removed by its use)-I would not attach my name to it, had doubt of its efficacy. The directions for preparing and using the Balsam are perfectly plain. I prefer selling the Recipe to making the Balsam, as it enables people to Make their own Medicine at a Trifling Cost. I will impart the secret of making the Balsam, and the Family right to use it, for \$1, but in no case will I sell it for speculating purposes.

Proof of its Goodness. JACKSON, Mich., March 21, 1851. of Medicine for Consumption and other disappearances were better. My family would rive in Strondsburg at 4 P.
