Rev. J. T. Headley. This work may very properly be considered a companion to the "Sacred Mountains," by the same author .-Its object is to illustrate and "render more life like" the sacred writings. It is not the author's design to supersede the Bible. But his wish is to excite a solicitude to obtain. and to become intimately acquainted and perfectly familiar with its history, doctrines and laws: to know its truth, to imbibe its spirit, feel its power, and partake of its salvation; in a word, to prize in some measure as it deserves, this treasure which is indeed beyond 50 kegs white Lead; window glass and price. We predict for it a circulation far beyoud any of the author's former works.

The News, January 7th Sacred Scenes Characters .- By the Rev. J T. Headley, author of the 'Sacred Mountains,' &c. Rambles and Sketches -- By Rev J T Headley .-- We have not for a long time sat down to a book with more pleasing anticipations, or found those anticipations more fully realized, than in the perusal of the work before us, and we know it will be hailed with gratification STROUD & ANDRE having taken that by the many admirers of the talented author. mentioned. We think the Rambles & Sketches are destined to be as popular at least as Coffee, tea, sugars, molasses, mackerel, any of his previously published works. There is with 'an infinite variety ' The author has ample room and verge enough for the employment of his fine talents to great advantage, and most successfully has he recomplipsed the task. The biographical sketch of the author is interesting and 'well considered,' and adds much to the value of the book, which is got up in a very neat and attractive style by the publisher .-- Portland Transcript, Dec. 15

Mr. Headley is one of the most promising writers of this country, and we have here one of his best books--one on which he can salely rest his fame. It possesses the unlatiguing charms of perfect simplicity and truth --There is a graceful frankness pervading the composition, which engages the interest of the reader in the author as well as in the subject. His rambles about Rome, Paris and London exhibit a thousand lively traits of an ingenuous nature, upon which a man of taste will delight to linger. We predict for this a sale equal to that of any of the author's works.

New York News. The collection is one of which no author need be ashamed. It consists, indeed, of December 17, 1849
