Cure of Consumption.

Liver Complaint, Colds, Coughs, Asthma, Bronchitis, and all Throat and Lung Com-

I have published a brief work on Consumption, which contains an invaluable recipe for the cure of these prevalent diseases, even in their worst stages, when friends and physicians have given up all hope. The Lung balsam prescribed in this work Cures without the expensive aid of physicians or injurious use of patent medicines. In adopting this Sys tem of Cure the patient knows what he is using-knows that he is not shortenning his days by the use of anodynes or mercurials, which may seem to Relieve but never Cure. He knows when using this Life saving Balsom, that he is taking mild, pleasant, efficacious temedies, such as Nature prescribes for the ills her children suffer. The ingrediable (cheaply too.) wherever consumption exists, proving that Every ill has its antidote. Consumptive patients may Rely on this receipt -(all-Lung Complaints are removed by its use)-I would not attach my name to it, had I doubt of its efficacy. The directions for preparing and using the Balsam are perfectly plain. I prefer selling the Recipe to making the Balsam, as it enables people to Make their own Medicine at a Triffing Cost. I will impart the secret of making the Balsam, and the Family right to use it, for \$1, but in no case will I sell it for speculating purposes.

Proof of its Goodness.
