Cure of Consumption,

Liver Complaint, Colds, Coughs, Asthma, Bronchitis, and all Throat and Lung Complaints

I have published a brief work on Consumption, which contains an invaluable recipe for the cure of these prevalent diseases, even in their worst stages, when friends and physicians have given up all hope. The *Lung balsam* prescribed in this work *Cures* without the expensive aid of physicians or injurious use of patent medicines. In adopting this *System of Cure* the patient *knows what he is using*—knows that he is not shortenning his days by the use of anodynes or mercurials, which may seem to *Relieve* but never *Cure*. He knows when using this *Life-saving Balsam*, that he is taking mild, pleasant, efficacious remedies, such as *Nature prescribes* for the ills her children suffer. The ingredients composing this *Lung Balsam* are obtainable (cheaply too.) wherever consumption exists, proving that *Every ill has its antidote*. Consumptive patients may *Rely on this receipt* —(all Lung Complaints are removed by its use)—I would not attach my name to it, had I doubt of its efficacy. The directions for preparing and using the Balsam are perfectly plain. I prefer selling the Recipe to making the Balsam, as it enables people to *Make their own Medicine* at a *Trifling Cost*. I will impart the *secret* of making the Balsam, and the *Family right* to use it, for $1, but in no case will I sell it for speculating purposes.

Proof of its Goodness.

JACKSON, Mich., *March* 21, 1851.

Doct. S. TOUSEY—Sir: You wished me to let you know what effect your preparation of Medicine for Consumption and other diseases had in my family. After the first ten days my wife gained in weight 3 lbs, relieved her cough, changed her countenance, and all appearances were better. My family would not be willing to do without it. It is a medicine much needed in Jackson—there is many cases simular to my wife's. The Rev Mr. Blanchard will write you for a recipe. Respectfully yours. O. F. POOL.

Address, post paid, (enclosing $1,) Dr. S. TOUSEY, 106 Nassau street, New York.—The work goes by mail under seal.

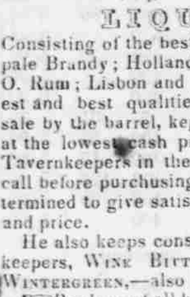
Doctor Yourself for 25 Cts!



By means of the Pocket Æsculapius, or Every one his own Physician! Thirtieth edition, with upwards of a hundred engravings, showing private diseases in every shape and form and malformations of the generative systems

BY WM. YOUNG, M. D

The time has now arrived, that persons suffering from secret diseases, need no more become the victim of quackery, as by the precsriptions contained in this book, any one may cure himself, without hinderance to business, or the knowledge of the most intimate friends, and with one tenth the usual expenses. In addition to the general routine of private disease, it fully explains the cause of manhood's early decline, with observations on marriage–besides many other derangements which it would not be proper to enumerate in the public prints.

☞ Any person sending TWENTY-FIVE cents enclosed in in a letter, will receive one copy of this book, by mail, or five copies will be sent for one dollar. Address, "DR. WM. YOUNG, No. 152 SPRUCE Street, PHILADELPHIA." Post-paid.

Raising Blood

And Consumption, pain in the side and night sweats, Asthma, Whooping Cough, palpitation of the heart, Liver complaint, Bronchitis, and all diseases of the throat, lungs and liver cured by Sherman's All-Healing Balsam.

RAISING BLOOD & CONSUMPTION

Mr. Milne, Builder, in Brooklyn, was attacked with raising blood, followed by a cough, pain in the side, and *all* the usual symptoms of consumption. He employed two of the best physicians; they did him no good, and told him he could not *live*.

Hearing of the wonderful cures performed by Sherman's Balsam, he sent at 10 o'clock at night to Mrs. Hayes, 136 Fulton street, and got a bottle; it operated like a charm, stopped the bleeding and cough! Before he had taken one bottle he was able to be about his work. It had saved his life. His daughter, residing at 127 Myrtle Avenue, can attest it.

Miss Ann Maston, of Williamsburg, living in Tenth, near South Fourth st., says—That she had been troubled with a hacking cough, and pain in the chest, for a long time, which at last become so bad that she was obliged to give up her school for more than a year. She then commenced taking the All-Healing Balsam—which soon alleviated her symptoms.—She is now fast recovering, and has resumed her laborious occupation as a teacher.

14 years Mr. John O'Neil, 10th avenue and 21st street, suffered with a cough, raising of phlegm, and pain in his side. He could get no relief til he tried the All-Healing Balsam, which drove the pain from his side, allayed the cough, and brought the disease upon the surface; and before he had taken three bottles, was entirely cured.

PLEURISY AND CONSUMPTION.

Mrs. Baggas, a lady upwards of 70, residing 88 Sheriff street, has for years been subject to attacks of Pleurisy, Raising of Blood, severe Cough, Shortness of Breath, Pain in her Head and various parts of her body. Her friends believed past recovery. The All-Healing Balsam relieved her at once of all her alarming symptoms, and now she is able to attend to her work.

ASTHMA AND WHOOPING COUGH.

Mrs. Lucretia Wells, 95 Christie st.; L. S. Beals, 19 Delancy street; W. H. Youngs, 75 Walnut st.; know the value of this great remedy.

Ask for sherman's All-Healing Balsam, and see that his written signature is on each bottle.

Price 25 cents and $1 per bettle.

OFFICE TO PROCURE

Soldiers' Land Warrants.

By a recent Act of Congress it is enacted, That each of the surviving, or the widow or minor children of deceased commissioned and noncommissioned officers, musicians, or privates, whether of regulars, volunteers, rangers or militia, who performed military services in any regiment, company or detachment in the service of the United States, in the war with Great Britian, declared by the United States on the eighteenth day of June, 1812, or in any of the Indian wars since 1790, and each of the commissioned officers who was engaged in the military service of the United States in the late war with Mexico, and shall be entitled to lands as follows:

Those who engaged to serve twelve months or during the war, and actually served nine months, shall receive one hundred and sixty acres: and those who engaged to serve six months and actually served four months, shall receive eighty acres; and those who engaged to serve for any or an indefinite period, and actually served one month, shall receive forty acres. Provided, that wherever any officer or soldier was honorably discharged in consequence of disability in the service, he shall receive the amount to which he would have been entitled if he had served the full period for which he had engaged to serve.

Under the above act, and the acts of Congress generally, the subscriber offers his services as agent to procure Land Warrants for those entitled to receive them, as above specified. He may be found at his office in Stroudsburg. S. C. BURNETT.

The testimony in its favor is overwhelming. The proprietors are daily in receipt of letters and certificates, going to prove its remarkable efficiency to all cases of worms, both in children and adults. The relief given, and the immediate improvement of health which follows its use, has called the attention of physicians to this article, and they freely recommend & prescribe it in their practice.

The retail price is 25 cents per vial which brings it within the means of all.

Vegetable Cattle Powder,

PREPARED BY

BREINIG, FRONEFIELD & CO.

No. 187 *North Third street, Philadelphia.*

The proprietors of the above powder take pleasure in being able to call your attention to this article, which in all repects excels any thing of the kind offered to the public for the last fifty years. It is not only of *individual* interest but it must in time become a great *National* benefit; in the aggregate it will add at least *one Million* of Dollars annually to the produce of the Country, in the increase of *Milk, Butter* and *Fat* from the *same amount* of food, besides the many, *very manay* lives of valuable animals it will save by restoring them to health. It is therefore destined to be in due time one of the staple articles of every *Farmer, Dairyman and Horseman.* It is not one of those kind of MIXTURES that merely swell an animal up for a short time, but it will by the capacity which it has of converting HIPPURIC ACID (which is an effete matter) into *Lactic acid* or *oleine;* cause a greater amount of nutritious matter to be extracted from the *same amount of food*, than possibly could do, were the *active principles of nutrition* to pass out of the system in the form of HIPPURIC ACID. We have received a multitude of evidence to prove what we have said above. Suffice to say: We have mixed the active agent with a great number of *Vegetable* plants and herbs, which time and use have proved to be useful in improving the appetite and promoting digestion of the food; thus securing a healthy condition of the blood, from which the *Milk* and *Fat* must be formed. It may be used for *Horses, Cows* and *Hogs* for the following diseases:

HORSES.

Yellow Water.—This disease is owing to a bad and impoverished state of the blood, which becomes thin and watery and of a yellow color. It is a dangerous sickness, and destroys many valuable horses every year. A free use of this powder will entirely cure this disease. It will by improving digesition and giving to the blood a greater quantity of red particles, afford the best and only possible chance of recovery. In the beginning of the disease, give a table spoonful once a day, at noon. If the disease is far advanced a table spoonful twice a week

Slabbering—This is the ruination of many valuable Horses by exhaustion—by a constant discharge of saliva which ought to go into the stomach to assist digestion. It is often brought on by Indian Tobacco growing in the pasture ground. A table spoonful three times a week will arrest the flow, unless caused by the Tobacco. Under such circumstances the animal must be kept out of the reach of the Tobacco

Distemper–This powder has already cured hundreds of horses of this troublesome disease to the surprise of those who used it. It should be used early, before matter has formed in the neck, else it cannot restore the animal perfectly until the matter is discharged. Use it early to prevent such a result The dose is a table spoonful once or twice a day

Glanders.—This disease has baffled all FARRIERS. Give this powder a fair trial and it will do wonders in this terrible and hitherto incurable malady. It is a disease of the glandular system and kept up by imperfect nutrition. A table spoonful twice every day for a month or two, in constant succession, will in three cases out of four effect a cure. It has been fairly tested. COUGHS, and shortness of BREATH depending on weak lungs, a table spoonful every morning; if it abates, once or twice a week

Poor, Low-spirited Horses, or where there is any remains of Founder or stiffness of motion, and the Horse will not fatten, or where the hair is rough and stands straight out, the feed seeming to do no good, the Powder produces almost immediate improvement of the animal; the digestion improves and with it all the sluggishness of the animal disappears, becoming lively and spirited, and the hair smooth and sleek

DROVERS, by feeding their horses one or two table spoonsful a week to each will secure them against the danger of taking cold or distemper, in being exposed to the weather, &c. Their horses will also appear to a greater advantage, when offered for sale; the powder keeping them in a good and healthy condition. Farmers and Teamsters will also find their horses greatly benefited by feeding the powder as above, it securing to them a continual good appetite

COWS.

For Milk Cows, we are fully convinced that it not only improves the quality, but that it increases the amount of *Milk, Cream and Butter;* some who have tried the experiment say a *pound a week*, others say half a pound, while one person insisted upon it that he made two pounds more a week from each Cow. We think it will be found to average from a half to a pound per week each Cow, if the Cows are perfectly healthy. This additional amount is made by the conversion of the Hippuric Acid into Nitrogenous and fatty compounds; also by supplying the oxygen taken in by the lungs, with the elements of reaction; without taking any of the Nitrogenous portions of the feed.

This powder will secure to cows that healthy and thrifty condition of system, which will produce the *Milk and Butter*, so much relished during the summer season, when Cattle go into good Pasture. Their appetite will be continually good; the powder will supply them with that nutriment, which they would otherwise soon lack and consequently fall off both in quantity and quality of *Milk* and *Butter* as soon as the hot summer season advances and pasture becomes stale.—Any Farmer or Dairyman, who will feed this powder regularly to his Cows will find them in a continued good condition, summer or winter. For this purpose a table spoonful sa the powder should be given two or 3 time of week

Hollow Horn or *Wolf; Hoof Disease*, and all other diseases of neat cattle depending upon a bad state of the fluids, are removed speedily and effectually. Cows, whose *milk* is blue, thin and watery, and where it does not yield much cream, or where Cows give bloody *milk*, or which are used to stand long dry, it will be found an almost infallible remedy, by improving the condition of the blood and creating a healthy digestion: a table spoonful every day or every other day as it may be necessary

N B–In an animal which is giving milk and you are desirous to fatten at the same time, you should not give more than a table spoonful once a week or it will retard the formation of fat by increasing the amount of *milk*

HOGS.

Pigs in the summer summer often overheat themselves, get swelled necks, coughs, ulcers in the Lungs and Liver, which cause them to die very suddenly, these may be prevented entirely by putting a pound into a barrel of swill; and giving from one to two quarts per day. It will at the same time considerably hasten the fattening process

Let each person try its effects for himself and he will soon be satisfied of its excellent qualities, and that no Farmer should be without it.

For the purpose of finding out still further how far our justly celebrated *CATTLE POWDER* is entitled to the confidence of an intelligent people, we have addressed letters to all parts of the United States, where our powder has been used, and we are able now from the evidence thus brought before us, to assure every Farmer, Dairy-man, and Horseman, that it has thus far very much exceeded our most sanguine expectations

Beware of counterfeits, as the extensive sale of our powder has induced others to make an imitution of it. Each pack has our written signature on the end

Several orders have been sent to this city for Cattle Powder, which have been filled by sending an article got up in imitation of our our own. We therefore say again, Storekeepers, Farmers and Dairymen, do not buy a pound, unless you look for the name of *Breinig, Fronefield & Co's* written signature on the end of each PACK; do not allow yourself to be deceived, the life and health of your cattle depend upon this Caution. LOOK OUT! 'Vigilance is the price of security.'

Price 25 Cts. per pack (1 pound.)
