them to health. It is therefore destined to be in due time one of the staple articles of every Farmer, Dairyman and Horseman. It is not one of those kind of MIXTURES that merely swell an animal up for a short time, but it will by the capacity which it has of

converting HIPPURIC ACID (which is an effete matter) into Lactic acid or oleine; cause a greater amount of nutritious matter to be extracted from the same amount of food, than possibly could do, were the active principles of nutrition to pass out of the system in the form of HIPPURIC ACID. We have received a multitude of evidence to prove what we have said above. Suffice to say: We have

mixed the active agent with a great number of Vegetable plants and herbs, which time a long time, which at last become so bad of every style and color. Yellow Water .-- This disease is owing to a bad and impovenished state of the blood, which becomes thin and watery and of a yellow color. It is a dangerous sickness, and destroys many valuable horses every year. A free use of this powder will entirely cure this disease. It will by improving digesition and giving to the blood a greater quantity of red particles, afford the best and only possible chance of recovery. In the beginning of the disease, give a table spoonful once a day, at noon. If the disease is far advanced a table spoonful twice a week

Slabbering-This is the ruination of many valuable Horses by exhaustion-by a constant discharge of saliva which ought to go into the stomach to assist digestion.
