

**An Awful Tragedy.**

A frightful tragedy recently occurred at Brownstown, Indiana. The details are thus given in the Madison Banner: "It seems that two brothers, named Hiram and Warren Francisco, and well known as respectable and peaceable citizens, followed the occupation of clock peddling. They usually travelled different routes, but made a practice of meeting each other frequently. They agreed to meet at a public house in the vicinity of Brownstown, on Friday last. One of the brothers reached the tavern, about nine o'clock, and inquired if his brother had arrived, and was informed that he had not. After eating his supper he called for a light and asked to be shown to bed. The landlord informed him that he had no candles about the house, but if he would follow him, he would take him to bed.—Francisco followed the landlord into a dark room and undressed himself and retired to rest. The bed seemed to be wet, and having some matches about him he struck a light. Upon examining the bed he found that it was wet with blood! Discovering a candle on the table near by, he lit it, and looking under the bed, saw the body of his brother with his throat cut from ear to ear, and perfectly lifeless. Fastening the door immediately, he proceeded to load a revolver which he had, but before he could do so there was an effort made by several men to enter his room. Pretending not to be alarmed, he asked them to wait until he dressed himself. As soon as he had finished loading his pistol he opened the door, and the landlord and two other men rushed on him, when he fired two barrels of his pistol, immediately killing the landlord and one of his accomplices, after which the other man fled."

The Mercantile Shipping of the civilized world amounts to about 8,000,000 tons, which is worth, new and old, \$30 per ton, and nets, clear of interest, insurance, &c., ten per cent., or \$24,000,000 per annum. The appropriation for the British Navy, for the current year, is \$35,620,200! Is not this a sober fact! that the annual expenses of one nation's navy exceeds the net profit of all the mercantile shipping owned by the civilized world.

The Stomach prepares the elements of the bile and the blood; and if it does the work feebly and imperfectly, liver disease is the certain result. As soon, therefore, as any affection of the liver is perceived, we may be sure that the digestive organs are out of order. The first thing to be done, is to administer a specific which will act directly upon the stomach—the mainspring of the animal machinery. For this purpose we can recommend *Holland's German Bitters*, prepared by Dr. C. M. Jackson, Philadelphia. Acting as an alterative and tonic, it strengthens the digestion, changes the condition of the blood and thereby gives regularity to the bowels.
