An officer near Lawrenceburgh, Ind., found, a, few days since, a small bundle by the road side and, on opening it discovered eight thousand dollars in \$2 bills on the Indiana Bank, all counterfeit.

A runaway slave from a Georgia planter recently returned to his master a wealthy man, The master was povertystricken, and the slave gave him \$10,000 for his freedom papers.

Franklin Pierce is the youngest man who has ever been elected President of the United States. He is 48 years of age. Washington, Jno. Adams, Jefferson, Madison, Monroe, John Quincy Adams and Van Buren, were each 58, Jackson 62, Harrison 68, Taylor 66, Polk 50.

Horrible Railroad Accident.

The morning freight train on the Syracuse and Utica Railroad, on the morning of the 21st ult., started from the East at 4 o'clock, drawn by two locomotives. When about three quarters of a mile from the depot, the foremost locomotive, the Achilles, exploded with terrible and disastrous consequences.-The boiler exploded in the fire box. The machinery and wood work were rent assunder or demolished, and the locomotive left an almost worthless wreck. The power of the agent of this mischief may be imagined from the fact that the entire locomotive was lifted from the track, and carried around so as to lie directly across the second and parallel track, in the opposite direction.

Israel Morgan, the engineer, was blown into the air, and fell in the road, about one hundred and fifty feet distant. He received the full effects of the steam and heated water upon his person, as it was forced through the door of the furnace, and was undoubtedly instantly killed. Most of the clothes were torn from the body, and he was terribly scalded and burnt. The firemen was in a more fortunate location, and, although blown some feet to the side of the road, where he was are not considered mortal.

The report of the explosion was tremendous, and was heard at a great distance. Fragsmashed, &c.
