Wood! Wood!! Wood!!!

In order to accommodate such of our subscribers who are indebted to us, and cannot make it convenient to pay, we are willing to receive, a lot of good sound dry wood. We trust that a number of patrons will avail themselves of this opportunity and square up their accounts.

Winter has come at last. On Wednesday of last week the first snow of the season, worthy of note, visited us.—The snow is about 14 inches deep, and in many places drifted badly. Now is the time to remember the poor, and take the girls sleigh-riding.

HON. WILLIAM UPHAM, U. S. Senator from Vermont, we regret to learn, died at Washington on Friday last, after an illness of but eight or ten days, which confined him to bed, though in feeble health for years.

Stock and Dividends.

By a statement published in the *Eastonian*, it appears that the stocks of most of the incorporated companies in the Borough of Easton are above par. viz.:

	Offered per val. last 6 mo. dir.	
Easton Bank	\$67 \$50	\$1 50
Farm and Mech. Bank	35 30	1 50
Easton Gas Co.	60 50	2 50
Easton Water Co.	18 35	None

Canal Commissioner.

A writer in the Lancaster Independent Whig urges the claims and qualifications of Jacob L. Gossler, of Philadelphia, as a Candidate for the next Whig nomination for Canal Commissioner. Mr. Gossler for several years represented Philadelphia in the House of Representatives, and was known as an industrious and useful member.

A curious case of somnambulism is recorded in the *Chillicothe Gazette*. A daughter of Mr. Thomas Kaine arose from her sleep, and in her night clothes walked four miles up the Scioto river, waded into the stream, and swam across a deep part, and was found by an "early riser" sitting on the bank of the river—sleep! Remarkable enough, as the girl was only thirteen years old, and could not swim when awake!

Pants not a Legal Term.—A man was tried at Cambridge a day or two since for stealing a pair of "pants." The theft was proved; but it was claimed for the defence that no such garment as "pants" was known in law. The objection was allowed, and the complaint dismissed.

A Card.

MR. & MRS. JOHNSON, return thanks to the Presbyterian congregations of Middle Smithfield and Stroudsburg, for their liberality in the donation visits of the present month, and pray that God who has given them hearts to care for the comfort of their Pastor and his family may abundantly reward them, "multiply their seed sown and increase the fruits of their righteousness." That they may be enriched in every thing to all bountifulness—which causeth through us thanksgiving to God. 2d Cor. 9th, 11 12. Jan. 10th, 1853.

SOCIETY OF FRIENDS.—The last census returns show that the number of meeting houses belonging to this denomination in the United States is 715, affording accommodation to 253,013 persons.

Hon. John M. Clayton has been elected to the United States by the Legislature of Delaware, for six years from the 4th of March next.

The total cost of the New York and Erie Railroad up to the 30th of September last, it is officially stated, was \$27,551,205 71, which has been provided for as follows: Stock paid up, \$7,766,991 17; funded debt, \$18,002,968 99; floating debt, \$1,323,653 55. Receipts of the road for past month of December, \$352,133 33.

Abelard Guthrie, Esq., formerly a resident of Dayton, Ohio, and now the Delegate to Congress from Nebraska Territory, intends taking his Indian wife with him to Washington.

A boy named John Knauss, aged nine years; died in Lehigh county, Pa., last Saturday of hydrophobia.

Perhaps it is not generally known, as it should be that salt put in the mouth, instantly relieves the convulsive movements in fits, either of children or animals.

Pennsylvania Legislature.
Harrisburg, Jan. 13.

Senate.—Several petitions, &c., were presented and referred. Mr. Kunkle read in place a bill supplementary to the act providing for the erection of a State Lunatic Asylum.

Mr. Hamilton read in place a bill erecting the villages of North Penn and Park, in the Unincorporated Northern Liberties, into a separate district, to be called North Philadelphia.

The Senate then, on a motion, took up the joint resolution from the House, authorizing the appointment of a committee of five members of the Senate and House of Representatives to investigate the affairs of the Pittsburgh and Erie Railroad Company, and whether the Company have not forfeited their charter by non-compliance with its provisions.

Some discussion ensued, in which the course of the company in huckstering their charter in the New York markets, and finally disposing of it, as is alleged, to capitalists of that city, was freely commented on. The resolution was finally adopted.

Mr. Quiggle called up the bill annexing the county of McKean to the Western Judicial District.

Mr. Quiggle explained the object of the bill, and the advantage of the change, and it was then passed finally.

Mr. Darsie offered a resolution, which was adopted, requesting the Governor to furnish the Senate with a copy of the bill, affidavits and answer, in the case of the Franklin Canal Company, recently decided in the Supreme Court.

The Senate then on motion, went into the nomination of candidates for State Treasurer.

Mr. O'Neil, nominated Geo. A. Madeira. Mr. Quiggle, do John M. Bickel. Mr. Forsyth, do Joseph Bailey. Mr. Hamilton, do James S. Wallace. The nominations then closed.

The Senate then again resumed the consideration of the resolution requesting the Canal Commissioners to furnish to the Senate a detailed statement of the bids made by contractors and others for the work done on the new line for the avoidance of the inclined planes on the Allegheny Portage Railroad.

The discussion was further continued at considerable length, by Messrs. Darsie, Forsyth, and others, and, The question still pending, the Senate, adjourned.

HOUSE.—Quite a number of petitions, memorials, &c. were presented and referred, and among them one asking for the passage of a law allowing women to vote for School Directors.

Mr. Gilman read in place a bill to incorporate the Western Bank of Pittsburgh.

Mr. Merriman read in place a bill to incorporate the Meadville Bank, in Crawford county.

Mr. Waterbury read in place a bill to incorporate the Mechanics' Saving Bank at Harrisburg.

Mr. Flanigen, a bill to incorporate the American Female Education Society of Philadelphia.

Mr. Leach, a bill conferring upon Henry B. Myers the rights and privileges of a child born in lawful wedlock.

Mr. Eyster, a bill supplementary to the act incorporating the Lawrenceburg and Sharpburg Plank Road Company.

The bill changing the boundary line between Columbia all Montour counties was passed.

The subject of a daily publication of a record of legislative proceedings was reconsidered and committed to a select Committee.

JAN. 17.—The two houses met together, and re-elected John M. Bickel Esq., State Treasurer for the ensuing year.

A scoundrel at large.

The Tribune of Monday, thus sketches the character and movements of a notable rogue:

Some four years since, an intelligent looking rascal was made somewhat notorious by newspaper paragraphs, on account of his *finesse* in swindling the hotel keepers and merchants of Boston, by representing himself to be a naval officer. He wore the uniform of our Navy, and booked himself as Lieut. Hunter. His career at that time was cut short by his arrest and conviction to the State Prison of Massachusetts for three years.

His term of imprisonment expired last September, since which time he has been at his old tricks again. The proprietor of the Revere House in Boston was active at that time in bringing him to justice, and the first call that he made after his arrival in Boston, from prison, was at the Revere House, where he stopped with a lady, and occupied the "bridal chamber."

He left in the morning without settling his bill for lodgings, wine, &c. His bride turns out to be a notorious member of the sisterhood of *nymphs du vice* of Boston. The "Lieutenant" forged the name of a firm on Commercial st., in that city, and drew from one of the banks \$700, with which he proceeded to Worcester, where he represented himself as a son of Hon. David Sears, of Boston, and in the capacity of a naval officer called upon the firm of Allen & Thurber, and made a contract with them to furnish Government with 500 of their revolvers, borrowed \$150 of their clerk, and sloping for Norwich, stopped at the American Hotel in that city passing under the name of Wm. S. Pierre, a nephew to Gen. Pierce. Whether he had any of the good citizens of that place, we do not know. He then left for Hartford, arriving on Thursday en route for New-York.

Look out for him. He is five feet nine inches high, black hair, black eyes, stout built, wears a naval cap and Spanish cloak. He is very fluent and free in his conversation, and is quite gentlemanly in his dress and appearance.

NEW COUNTERFEIT.—We were shown, yesterday, a counterfeit five dollar bill on the Girard Bank, letter B, dated March 14, 1851. The signatures are not good, the paper is white, and the general execution of the engraving unfinished.

The upper and lower margins, which in the genuine have a row of "Five 5," plainly visible, are very indistinct in the spurious one. A little care will easily detect them, if they are put forth in this city.—*Philadelphia Paper.*

A RARE CHANCE.—A young lady of "sweet sixteen" with blue eyes and dark brown hair, advertises in the Louisville Courier for a husband. She speaks French and plays the piano. A young man who is handsome and agreeable, is all she wants. Money is no object, as she desires to live on love altogether.

'Mrs. Hobbs, did you say that my wife was a poor housekeeper?'

'No, sir—but I did tell an intimate friend that you had not had a clean shirt on for ten weeks.'

Geat Discovery.

A Discovery of the utmost importance to wine drinkers, has been made by Mr. Struggles, a maker of Port and Champagne wine in New Jersey. The Lancaster Express, from which we derive our facts, states that the rapid consumption of coconoches, used to give the nutty and peculiarly piquant flavor to wines, had made it difficult to obtain a sufficient supply. In this dilemma the wine maker conceived the happy idea that bedbugs might be used as a substitute. He tried the experiment, and the result was far more satisfactory than he had expected. It was found that a quart of bedbugs contained as much of the flavoring principle as three pints or more of coconoches, and that the former have but little of that narcotic or sleep producing effect which is attributed to the latter. Contracts have been made with some of the boarding housekeepers in New York and Philadelphia, for an ample supply of this new article of traffic. It is thought the boarders will be somewhat pleased with this intelligence.

The N. Y. Agricultur is responsible for this:

SMALL POTATOES.—No doubt farmers wonder what we want with so many SMALL POTATOES in the city, and that they can find sale for such as they used to feed the pigs, at six shillings per barrel—about half-price of good ones. We will tell them. They are bought by the bakers, and after being washed clean, are boiled or steamed, then mashed and mixed with water and passed through a sieve leaving the skins behind, and mixed with flour and baked into "warranted pure Genesee flour bread." Very good it is too, notwithstanding one-third of the superfine flour is made of cheap potatoes. We are not informed whether the stale, after being forsted and ground, are sold as pure coffee or not. Our impression is it is sold as mixed—say one-fourth.

Amount of Duties Received at Philadelphia.

The amount of duties collected at Philadelphia, during the year 1852, was \$4,033,909 20. This amount compared with those received in the years of 1850 and 1851, exhibits a steady and considerable increase of business in importations during that time. Philadelphia will ere long, be upon an equality with many of her sister cities in that respect. The amount collected in 1850 was \$3,361,112 18, and that of 1851, was \$3,673,123 80.

The poultry in the United States is valued at \$12,000,000

A CORRESPONDENT of the Boonesboro, Pa. ODD FELLOW, writing from Shirlsburg, Huntington County, Pa., states that a young man named Woods, while at the anxious bench at a camp meeting in that County, on being told that he must confess his sins, confessed to one of the preachers that he had been implicated in a murder. Upon this confession, he was arrested and taken before a magistrate, where he was examined. He stated that he and two other individuals, the names of whom he refused to give, were offered the sum of \$1,500 to murder a drover then on his way home from the East, to Cleveland, Ohio, and that the two men did murder the drover, near Chambersburg. The magistrate for some reason did not commit the prisoner, but discharged him, since which time he left the County, and has not been heard of.

The contributions to the Washington National Monument from the 16th December to January 3d, amounted to \$3,349 40. The expenditures during the month of December amounted to \$3,344 90.

In the Bellevue Hospital, New York, there is one room nearly full of young mothers, with children from a day to a month or two old. On the average, a child is born here *every day in the year!* In one corner of one of the wards, is a bed on which 5,000 children have been ushered into the world!

Gold Coin of Light Weight.—A few days since a gold eagle was taken at the post office in Hartford which was discovered to be deficient in weight, and returned to the person who passed it. It had gone through the sweating process and had lost fifty-six cents of its value. Coin treated in this way generally shows the marks of the wires on which it has rested during the operation, and by these it may be detected.

A boiler in a steam saw mill at Reading exploded on Tuesday, and killed four persons.

The Vice President elect, Hon. Wm. R. King, has gone to Havana, in a government vessel, to stay till spring, in hopes of recovering health.

The best evidence that can be adduced in favor of the efficacy of Hoodland's German Bitters, prepared by Dr. C. M. Jackson is the unprecedented demand for them from all parts of the Union; and although there may be many compounds prepared and represented as being worthy of a liberal patronage, yet we feel constrained to remark, that the vast number of testimonials with which the worthy doctor has been honored, by persons of the highest character and respectability, who found it necessary to have recourse to his preparation, is testimony sufficiently conclusive, that a more effectual remedy for the almost immediate relief of those afflicted with that direful malady, dyspepsia, has never been discovered.

Dr. J. T. Folsom, Surgeon Dentist. All kinds of work in the Dental Art executed in the best and most scientific manner, and warranted to give satisfaction.

Dr. F. brings the highest testimonials of skill, and those employing him may be assured of his ability to perform successfully even the most difficult and delicate operation in the line of his profession. Particular attention paid to plate work. Office, opposite S. J. Hollinshead's hotel, Stroudsburg, Pa. January 13, 1853.
