This superb picture, Engraved under the supermitendeace of Thomas Sully, Esq., the continent and highly gifted artist, is the only correct likeness of Washington ever published. It has been characterised as the greatest work of art ever produced in this country. As to its fidelity, we refer to the letters of the adopted son of Washington, George Washington Park Custis, who says, "it is a faithful representation of the celebrated original," and to chief Justice Taney of the Supreme Court of the United States, who says, "As a work of art its excellence and beauty must strike every one who sees it : and it is no less happy in its likeness to the Father of his country. It was my good fortune to A line to Port Jervis, leaving have seen him in the days of my boyhood, and his whole appearance is yet strongly impressed on my memory. RAISING BLOOD & CONSUMPTION

Mr. Milne, Builder, in Brooklyn, was attacked with raising blood, followed by a cough, pain in the side, and all the usual symptoms of consumption. He employed two of the best physicians; they did him no good, and told him he could not live.

Hearing of the wonderful cures performed by Sherman's Balsam, he sent at 10 o'clock at night to Mrs. Hayes, 136 Fulton street, and got a bottle; it operated like a charm, stopped the bleeding and cough! Before he had taken one bottle he was able to be about his work. It had saved his life. His daughter, residing at 127 Myrtle Avenue, can attest it.

The editor said, Dec. 22nd-Dr Hoofland's celebrated German Bitters for the cure of Liver complaint, jaundice, dyspepsia, chronic or nervous debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor-a fact worthy of great consideration. They are pleasant in taste and smell and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use. 'Scorr's WERELY,' one of the best Liter.

Persons of debilitated constitutions will find these bitters advantageous to their health, as we know from experience the salutary effect they have upon week systems."

Cure of Consumption,

Liver Complaint, Colds, Coughs, Asthma, Bronchitis, and all Throat and Lung Complaints.

I have published a brief work on Consumption, which contains an invaluable recipe for the cure of these prevalent diseases, even in their worst stages, when friends and physicians have given up all hope. The Lung balsam prescribed in this work Cures without the expensive aid of physicians or injurious use of patent medicines. In adopting this System of Cure the patient knows what he is using-knows that he is not shortenning his pays by the use of anodynes or mercurials, which may seem to Relieve but never Cure. He knows when using this Life-saving Balsam, that he is taking mild, pleasant, efficacious remedies, such as Nature prescribes for the ills her children suffer. The ingredients composing this Lung Balsam are obtainable (cheaply too.) wherever consumption exists, proving that Every ill has its antidote. Consumptive patients may Rely on this receipt -(all Lung Complaints are removed by its use)-I would not attach my name to it, had I doubt of its efficacy. The directions for its wide spread reputation has created. preparing and using the Balsam are perfectly plain. I prefer selling the Recipe to making the Balsam, as it enables people to Make their own Medicine at a Trifling Cost. The Hon. C. D. Hineline, Mayor of the City of Camden, N. J., says:

'Hoofland's German Bitters .- We have seen many flattering notices of this medicine, which will be made up according to order, at and the source from which they came induced us to make inquiry respecting its merits .-

"If this medidine was more generally used we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial-it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit.'

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums conbined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases-the effect is immediate. They can be administered to female or infant with safety and reliable beaefit at any time.
