

Raising Blood
And Consumption, pain in the side and night sweats, Asthma, Whooping Cough, palpitation of the heart, Liver complaint, Bronchitis, and all diseases of the throat, lungs and liver cured by Sherman's All-Healing Balm.

RAISING BLOOD & CONSUMPTION
Mr. Milne, Builder, in Brooklyn, was attacked with raising blood, followed by a cough, pain in the side, and all the usual symptoms of consumption. He employed two of the best physicians; they did him no good, and told him he could not live.

Hearing of the wonderful cures performed by Sherman's Balm, he sent at 10 o'clock at night to Mrs. Hayes, 136 Fulton street, and got a bottle; it operated like a charm, stopped the bleeding and cough! Before he had taken one bottle he was able to be about his work. It had saved his life. His daughter, residing at 127 Myrtle Avenue, can attest it.

Miss Ann Maston, of Williamsburg living in Tenth, near South Fourth st., says—That she had been troubled with a hacking cough, and pain in the chest, for a long time, which at last became so bad that she was obliged to give up her school for more than a year. She then commenced taking the All-Healing Balm—which soon alleviated her symptoms.—She is now fast recovering, and has resumed her laborious occupation as a teacher.

14 years Mr. John O'Neil, 10th avenue and 21st street, suffered with a cough, raising of phlegm, and pain in his side. He could get no relief till he tried the All-Healing Balm, which drove the pain from his side, allayed the cough, and brought the disease upon the surface; and before he had taken three bottles, was entirely cured.

PLEURISY AND CONSUMPTION
Mrs. Baggas, a lady upwards of 70, residing 88 Sheriff street, has for years been subject to attacks of Pleurisy, Raising of Blood, severe Cough, Shortness of Breath, Pain in her Head and various parts of her body. Her friends believed past recovery. The All-Healing Balm relieved her at once of all her alarming symptoms, and now she is able to attend to her work.

ASTHMA AND WHOOPING COUGH
Mrs. Lucretia Wells, 95 Christie st.; L. S. Beals, 19 Delancy street; W. H. Youngs, 75 Walnut st.; know the value of this great remedy.

Ask for Sherman's All-Healing Balm, and see that his written signature is on each bottle.

Price 25 cents and \$1 per bottle. Dr. Sherman's Worm and Cough Lozenges for sale at this office.

Cure of Consumption,
Liver Complaint, Colds, Coughs, Asthma, Bronchitis, and all Throat and Lung Complaints.

I have polished a brief work on Consumption, which contains an invaluable recipe for the cure of these prevalent diseases, even in their worst stages, when friends and physicians have given up all hope. The Lung Balm prescribed in this work Cures without the expensive aid of physicians or injurious use of patent medicines. In adopting this System of Cure the patient knows what he is using—knows that he is not shortening his days by the use of anodynes or mercurials, which may seem to relieve but never Cure. He knows when using this Life saving Balm, that he is taking mild, pleasant, efficacious remedies, such as Nature prescribes for the ill her children suffer. The ingredients composing this Lung Balm are obtainable (cheaply too) wherever consumption exists, proving that Every ill has its antidote. Consumptive patients may rely on this receipt—(all Lung Complaints are removed by its use)—I would not attach my name to it, had I doubt of its efficacy. The directions for preparing and using the Balm are perfectly plain. I prefer selling the Receipt to making the Balm, as it enables people to Make their own Medicine at a trifling Cost. I will impart the secret of making the Balm, and the Family right to use it, for \$1, but in no case will I sell it for speculating purposes.

Proof of its Goodness.
JACKSON, Mich. March 21, 1851.

Doct. S. TOUSEY—Sir: You wished me to let you know what effect your preparation of Medicine for Consumption and other diseases had in my family. After the first ten days my wife gained in weight 3 lbs, relieved her cough, changed her countenance, and all appearances were better. My family would not be willing to do without it. It is a medicine much needed in Jackson—there is many cases similar to my wife's. The Rev Mr. Blanchard will write you for a recipe. Respectfully yours, O. F. POOL.

To which is added, receipts for the above diseases, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty five cents a copy; six copies one dollar. will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, "Box, 196 Post Office, or the Author, 38 North Seventh Street Philadelphia.

Either sex are invited to his Private Rooms, 38 North Seventh Street Philadelphia, without fear of interruption from other patients. Strangers and others who have been unfortunate in the selection of a Physician are invited to call.

IMPOTENCY—Through unrestrained indulgence of the passions, by excess or self-abuse, the evils are numerous. Premature impotency, involuntary seminal discharges, wasting of the organs, loss of memory, a distaste for female society, general debility, or constitutional derangement, are sure to follow. If necessary, consult the Doctor with confidence; he offers a perfect cure.

READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness, and in many cases their lives, in the hands of Physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to.—Every respectable physician has his peculiar branch, in which he is more successful than his brother professors, and to that he devotes most of his time and study.

YEARS OF PRACTICE, exclusively devoted to the study and treatment of diseases of the sexual organs, together with ulcers upon the body, throat, nose, or legs, pains in head, or bones, mercurial rheumatism, stricture, gravel, irregularities, disease arising from youthful excesses, or impurities of the blood, whereby the constitution has become enfeebled, enables the Doctor to offer speedy relief to all who may place themselves under his care.

ESOTERIC ANTHROPOLOGY,
BY T. L. NICHOLS, M. D.

PRINCIPAL of the American Hydropathic Institute, Educational and Therapeutical, at Portchester, N. Y., one hour's distance from New York city on the New York and New Haven Railroad. A Comprehensive and Confidential Treatise on the Structure, Functions, Passional Attractions and Peculiarities, True and False Physical and Social Conditions, and the most intimate Relations of Men and Women.

The title, Esoteric Anthropology, will seem strange to many, but it is thoroughly appropriate. Anthropology is from *Anthropos*, a man, and *Logos*, a description. Esoteric, from *Esos*, within, signifies private, secret, interior, and was used by the ancient philosophers to distinguish their private lectures, given in the interiors of their dwellings, upon the sacred mysteries of science and philosophy, to their chosen disciples, from their *Exoteric* discourses, which were given to the public. *Esoteric Anthropology* is, therefore, a private treatise on Human Anatomy, Physiology, Therapeutics and Obstetrics—on the whole science of man—in plain language, full and faithful illustration, and written with all the frankness of a private letter, under the seal of professional confidence. It contains the highest and deepest truths in every department of Human Physiology, with their individual and social application; the true nature and hidden cause of Disease; the conditions of Health, physical and passional; all that information which every human being needs, which few dare ask for, or know how to obtain, but which, amid the discords and depravities of civilization, is a priceless value.

There are many subjects connected with the broad science of Human Life, of the deepest and most vital interest to man and the race, in regard to which a terrible ignorance everywhere prevails; an ignorance which is destroying the health, shortening the lives, and sacrificing the happiness of millions—which threatens the power of nations, and the perpetuity of races.

Professional works on Physiology are dry, mechanical, or chemical, astonishingly ignorant, as well as technically incomprehensible. The popular works are superficial, meagre, and necessarily wanting in the most important matters. The quick looks are full of errors, false in science, absurd in philosophy, mischievous in morals, and basely mercenary in their motives. In most cases these books are the advertising medium of some specious charlatan, who waxes patients, or letters of consultation, or who has some instrument to sell, or some nostrum to palm off upon the credulous.

The world has need of a different book from any of these—such a book as has never been written, and as cannot now be published in the usual way, sold by booksellers, or hawked by agents or peddlers. The author of Esoteric Anthropology, a Teacher, a Physician, a public and private Lecturer on all branches of Medical Science, has written this book with a frankness he never could have used in a work for the public, or one open to criticism. It is for his pupils and patients, for intelligent men and women, who wish to understand the deepest mysteries of life; especially it is for the noble and heroic few, who are brave enough to examine and accept new truths, and wise enough to profit by them. There can scarcely be any important question, which any man or woman can ever need to ask a physician, to which this volume does not contain an answer. It is so complete in this respect, that the author hopes and believes that no one who reads it will ever need to trouble himself with a professional consultation. It is henceforth his chosen method of medical instruction and practice, and in it he has performed the duty he owes mankind as a healer of the sick, a preserver of health, and a teacher of the Laws of Life.

Among the subjects treated of in this work, are the following: Man, and his relations to the Spiritual and Material Universe; Human Anatomy; the Chemistry of Man; Principles of Physiology and the Active Forces of Nature; The Three Groups of Functions, Organic, Animal, and Generative; The Whole Philosophy and Process of Reproduction; The True Law of Marriage; The Conditions of Health; Causes of Disease; Curative Agencies; Processes of Water-cure; Diseases and Treatment; Passional Diseases; Diseases of the General System; Brain and Nerves; Respiration; Digestion; Generation; Gestation and Parturition; Lactation and the Management of Infancy, etc., etc., including every important condition and process from the beginning to the close of life, and containing especially—
