

To whom it may concern—To the intelligent, thoughtful, and philanthropic. Your attention is respectfully invited to a new, original, peculiar, and important work, of 480 pages 18 mo., and containing nearly one hundred engravings, and entitled,

ESOTERIC ANTHROPOLOGY,

BY T. L. NICHOLS, M. D.

PRINCIPAL of the American Hydropathic Institute, Educational and Therapeutic, at Portchester, N. Y., one hour's distance from New York city on the New York and New Haven Railroad. A comprehensive and confidential Treatise on the Structure, Functions, Passional Attractions and Perversions, True and False Physical and Social Conditions, and the most intimate Relations of Men and Women.

The title, Esoteric Anthropology, will seem strange to many, but it is thoroughly appropriate. Anthropology is from *Anthropos*, a man, and *Logos*, a description. Esoteric, from *Esos*, within, signifies private, secret, interior, and was used by the ancient philosophers to distinguish their private lectures, given in the interiors of their dwellings, upon the sacred mysteries of science and philosophy, to their chosen disciples, from their *Exoteric* discourses, which were given to the public. *Esoteric* Anthropology is, therefore, a private treatise on Human Anatomy, Physiology, Therapeutics and Obstetrics—on the whole science of man—plain in language, full and faithful in illustration, and written with all the frankness of a private letter, under the seal of professional confidence. It contains the highest and deepest truths in every department of Human Physiology, with their individual and social application; the true nature and hidden cause of Disease; the conditions of Health, physical and passional; all that information which every human being needs, which few dare ask for, or know how to obtain, but which, amid the discordances and depravities of civilization, is of priceless value.

There are many subjects connected with the broad science of Human Life, of the deepest and most vital interest to man and the race, in regard to which a terrible ignorance every where prevails; an ignorance which is destroying the health, shortening the lives, and sacrificing the happiness of millions—which threatens the power of nations, and the perpetuity of races.

Professional works on Physiology are dry, mechanical, or chemical, astonishingly ignorant, as well as technically incomprehensible. The popular works are superficial, meager, and necessarily wanting in the most important matters. The quick books are full of errors, false in science, absurd in philosophy, mischievous in morals, and basely unnecessary in their motives. In most cases these books are the advertising medium of some specious charlatan, who wants patients, or letters of consultation, or who has some instrument to sell, or some nostrum to palm off upon the credulous.

The world has need of a different book from any of these—such a book as has never been written, and as cannot now be published in the usual way, sold by booksellers, or hawked by agents or peddlers. The author of *Esoteric Anthropology*, a Teacher, a Physician, a public and private Lecturer on all branches of Medical Science, has written this book with a frankness he never could have used in a work for the public, or one open to criticism. It is for his pupils and patients, for intelligent men and women, who wish to understand the deepest mysteries of life; especially it is for the noble and heroic few, who are brave enough to examine and accept new truths, and wise enough to profit by them. There can scarcely be any important question, which any man or woman can ever need to ask a physician, to which this volume does not contain an answer. It is so complete in its respect, that the author hopes and believes that no one who reads it will ever need to trust himself with a professional consultation. It is henceforth his chosen method of medical instruction and practice, and in it he has performed the duty he owes mankind as a healer of the sick, a preserver of health, and a teacher of the Laws of Life.

Among the subjects treated of in this work, are the following: Man, and his relations to the Spiritual and Material Universe; Human Anatomy; the Chemistry of Man; Principles of Physiology and the Active Forces of Nature; The Three Groups of Functions, Organic, Animal, and Generative; The whole Philosophy and Processes of Reproduction; The True Law of Marriage; The Conditions of Health; Causes of Disease; Curative Agencies; Processes of Water cure; Diseases and Treatment; Passional Diseases; Diseases of the General System; Brain and Nerves; Respiration; Digestion; Generation; Gestation and Parturition; Lactation and the Management of Infancy, etc., etc., including every important condition and process from the beginning to the close of life, and containing especially—

1. A clear and simply illustrated view of the structure of the human body, and all its complex organism, male and female.

2. A full account of the functions of life, with such an illustrated description of the evolution of the embryo, as has not before been given.

3. All that is known of health and disease, with the means for the preservation of the former, and cure of the latter.

4. So careful an explanation of the whole process of gestation and childbirth, as will enable every woman to dispense with the services of a physician or professional midwife.

Esoteric Anthropology is plain and simple in language, full in illustration, as comprehensive as the utmost curiosity can wish, and without one line of quackery, or the remotest hinting at a fee.

It must be evident that such a book, written with the necessary freedom, and illustrated with fullness and fidelity, must not be profaned. It is not for the counter, the book-stall, the library shelf, or the center table. It is not to be offered for curious examination, nor urged upon those who can not appreciate its value. It is advertised, that every one who needs it may obtain it, if he will. Whether the social proprieties be true or false, the author can not violate them, nor be compelled to keep this book truly esoteric, a private work, to be sent as a confidential answer to a professional consultation, and he trusts that no person will apply for it who will not make it a point of honor to so consider it.

To all such persons it will be sent BY MAIL, to any designated address, POST PAID, on the receipt of One Dollar, sent, free of postage, to T. L. NICHOLS, M. D., Portchester, N. Y.

Every Family should have a copy.

An invaluable book, only 25 cts. per copy—Man know thyself.

DR. HUNTER'S MANUAL & HAND BOOK for the afflicted. Containing an outline of the Origin, Progress, Treatment and Cure of every form of disease, contracted by promiscuous Sexual Intercourse, by Self-abuse, or Sexual Excess, with advice for their prevention, written in a familiar style, avoiding all medical technicalities, and everything that would offend the ear of decency, from the result of some twenty years successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added, receipts for the above diseases, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar; will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, 'Box, 196 Post Office, or the Author, 38 North Seventh Street Philadelphia.

FIFTY DOLLARS FORFEIT. Dr. Hunter will forfeit \$50 if falling to cure any case of secret disease that may come under his care, no matter how long standing or afflicting. Either sex are invited to his Private Rooms, 38 North Seventh Street Philadelphia, without fear of interruption from other patients. Strangers and others who have been unfortunate in the selection of a Physician are invited to call.

IMPOTENCY.—Through unrestrained indulgence of the passions, by excess or self-abuse, the evils are numerous. Premature impotency, involuntary seminal discharges, wasting of the organs, loss of memory, a distaste for female society, general debility, or constitutional derangement, are sure to follow. If necessary, consult the Doctor with confidence; he offers a perfect cure.

READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness, and in many cases their lives, in the hands of Physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to.—Every respectable physician has his peculiar branch, in which he is more successful than his brother professors, and to that he devotes most of his time and study.

YEARS OF PRACTICE, exclusively devoted to the study and treatment of diseases of the sexual organs, together with ulcers upon the body, throat, nose, or legs, pains in head, or bones, mercurial rheumatism, strictures, gravel, irregularities, disease arising from youthful excesses, or impurities of the blood, whereby the constitution has become enfeebled, enables the Doctor to offer speedy relief to all who may place themselves under his care.

Medicines forwarded to any part of the United States.—Price five and ten dollars per package. [Nov. 18, 1852—1y.]

Cure of Consumption,

Liver Complaint, Colds, Coughs, Asthma, Bronchitis, and all Throat and Lung Complaints.

I have published a brief work on Consumption, which contains an invaluable recipe for the cure of these prevalent diseases, even in their worst stages, when friends and physicians have given up all hope. The *Lung Balm* prescribed in this work cures without the expensive aid of physicians or injurious use of patent medicines. In adopting this System of Cure the patient knows what he is using—knows that he is not shortening his days by the use of anodynes or mercurials, which may seem to relieve but never cure. He knows when using this *Life-saving Balm*, that he is taking mild, pleasant, efficacious remedies, such as Nature prescribes for the ills her children suffer. The ingredients composing this *Lung Balm* are obtainable (cheaply too) wherever consumption exists, proving that *Every ill has its antidote.* Consumptive patients may rely on this receipt—(all Lung Complaints are removed by its use)—I would not attach my name to it, had I doubt of its efficacy. The directions for preparing and using the Balm are perfectly plain. I prefer selling the Recipe to making the Balm, as it enables people to *Make their own Medicine at a trifling Cost.* I will impart the secret of making the Balm, and the Family right to use it, for \$1, but in no case will I sell it for speculating purposes.

Proof of its Goodness.
Jackson, Mich. March 21, 1851.
Doct. S. TOUSEY—Sir: You wished me to let you know what effect your preparation of Medicine for Consumption and other diseases had in my family. After the first ten days my wife gained in weight 3 lbs, relieved her cough, changed her countenance, and all appearances were better. My family would not be willing to do without it. It is a medicine much needed in Jackson—there is many cases similar to my wife's. The Rev. Mr. Blanchard will write you for a recipe. Respectfully yours,
O. F. POOL.

Dr. Hoofland's celebrated German Bitters,

PREPARED BY
Dr. C. M. JACKSON,
at the German Medicine Store, 120 Arch st. Philadelphia. Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

Read and be Convinced.
From the Boston Bee.
The editor said, Dec. 22nd—*Dr. Hoofland's celebrated German Bitters* for the cure of Liver complaint, jaundice, dyspepsia, chronic or nervous debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use.

"SCOTT'S WEEKLY," one of the best Literary papers published, said, Aug. 25—
Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems.

More Evidence.
The Hon. C. D. Hinelein, Mayor of the City of Camden, N. J., says:
Hoofland's German Bitters.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits.—From inquiry we were persuaded to use it, and must say we found it specific in its action upon disease of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to female or infant with safety and reliable benefit at any time.

Look well to the marks of the genuine. They have the written signature of C. M. JACKSON upon the wrapper, and his name glown in the bottle, without which they are spurious.
