

Murder in Luzerne.
We are informed that a murder was committed in Nescopeck, Luzerne county on Wednesday last. A Mr. Hoffman, fell upon, knocked down, and trampled to death, in the field where he was at work, a Mr. Henry. A son of Mr. Henry was the only witness. We have not learned the particulars. Hoffman is arrested. —Columbia Democrat.

RAPIDITY OF THE TELEGRAPH.—The New Orleans Bulletin states that on the 10th ult., the telegraph communicated a message from Washington to New Orleans ahead of time. The message left Washington at thirty minutes past eleven o'clock, Washington time, and reached New Orleans five minutes past eleven, New Orleans time, thus traveling about twice as fast as the apparent motion of the Sun round the earth, or correctly speaking, double the velocity of the earth's motion on its own axis, as the difference of time between the two places is about one hour.

CURIOUS.—It is a fact that the United States have had six Presidents in little more than nine years. Counting from the 1st of March, 1841, at which time Van Buren was President, there have been Van Buren, Harrison, Tyler, Polk, Taylor, and Fillmore.

A Line of Steamships between San Francisco and China is talked of, and considering the enterprise of the Commercial men of this country, we should not be surprised to hear soon of the Eastern world being connected with the chief city of California.

YORK COUNTY.—The Democratic Convention of York County, which put in nomination their county ticket, adopted resolutions in favor of Col. Wm. Bigler for Governor, and Gen. Lewis Cass for President.

IOWA ELECTION.—The latest intelligence from Iowa, leaves very little room to doubt that the Democrats have elected both members of Congress, and a majority in each branch of the State Legislature.

Some of the New Jersey papers recommend the next Legislature of that State to pass a law prohibiting the circulation of Pennsylvania relief notes.

Yankee Sullivan has returned to N. Y. in very poor health.

Professor A. C. Barry's TRICOPHEROUS OR MEDICATED COMPOUND.
FOR restoring, preserving and beautifying the hair, eradicating scurf and dandruff, and curing diseases of the skin, affections of the muscles, stings, cuts, bruises, sprains, &c., &c.

The following testimonial, selected from hundreds of others of similar import, will serve to show the value of the preparation, and the estimation in which it is held by those who have given it a trial. Copy of a Letter from William Davis, Corner of Hicks and Atlantic streets, Brooklyn.

Brooklyn, April 19th, 1849
Professor Barry—Sir—I should be deficient in gratitude to you, and in feeling for others who may be similarly afflicted, if I neglected to inform you that your Tricopherous has entirely removed from my face a painful and disgusting eruption, consisting of large red pimples, with which I had been annoyed for many years. A regular application of the fluid according to the directions, for a little better than three weeks, completely relieved me of the nuisance, and the skin of my face is now as free from discoloration as in my boyhood.

Yours truly,
WILLIAM DAVIES.

Professor A. C. Barry's Tricopherous, OR MEDICATED COMPOUND.
INFALLIBLE for renewing, invigorating the Hair, Removing Scurf, Dandruff and all affections of the Scalp, and curing eruptions of the Skin, diseases of the glands, muscles and integuments, and relieving stings, cuts, bruises, sprains, &c., &c.

With this preparation, there is no such word as fall. The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent, less than the price of any other preparation now in use. The scientific treatise on the hair and skin, (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close. All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the small vessels which feed the roots with moisture and impart life to the fibres, the result is scurf, dandruff, shedding of the hair, grayness, dryness and harshness of the ligaments, and entire baldness, as the case may be. Stimulate the skin to healthful action with the Tricopherous, and the topped vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments the process and the effect are the same. It is upon the skin, the muscular fibres, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles, price 25 cents, at the principal office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canada. Beware of the counterfeit, sold at one dollar per bottle.

T. T. POND'S PAIN EXTRACT, NEW YORK, Pain Destroyer and Healing Extract.

An extract from the shrub called Witch Hazel, and purely from that, with the exception of a little Alcohol to preserve it.

LIVER COMPLAINT.
Jaundice, Dyspepsia, Chronic or Nervous Debility, Disease of the Kidneys, and all diseases arising from a disordered Liver of Stomach, such as Constipation, Inward Piles, Fullness, or Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fullness, or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the pit of the Stomach, Swimming of the Head, hurried and difficult Breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and dull pain in the head, Deficiency of Perspiration, yellowness of the Skin and Eyes, Pain in the side, back, chest, limbs, &c., sudden Flushes of Heat, burning in the Flesh, constant imaginings of evil, and great depression of Spirits, can be effectually cured by

DR. HOOFLAND'S Celebrated German Bitters, Prepared by Dr. C. M. Jackson, at the German Medicine Store, 120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled—yet qualified—by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser powers, exercising the most searching powers in weakness and affections of the digestive organs, they are without a safe, certain and pleasant.

Read and be Convinced.
Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, Jan. 9, 1850, said, "My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock, Va., Jan. 10, 1850, said—
"A Great Medicine."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value.—Among those we consider worthy of notice is the GERMAN BITTERS, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabbill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

Read further a few Facts.
From "The Weldon Herald," published at Weldon, N. C., January 24, 1850, which said—
"We believe Dr. C. M. Jackson's Hoofland's German Bitters to be a most excellent medicine, and one that should be highly popular in these days of Temperance; for they are altogether VEGETABLE in their composition, without one drop of Acetate of Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

"Dr. HOOFLAND'S GERMAN BITTERS.—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoffman, private physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

More Evidence.
The "Philadelphia Saturday Gazette," the best family newspaper in the United States. The editor says—
"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its giddy race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself."

This medicine will cure Liver, Colic, pleurisy and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to female or infant with safety and reliable benefit, at any time.

Beware of Counterfeits.
This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeits to put forth a spurious article at the risk of the lives of those who are innocently deceived.

Look well to
