SARTAIN'S MAGAZINE
OF
LITERATURE AND ART.
Great Inducements
TO SUBSCRIBE FOR THE COMING VOLUME,
JANUARY, 1851.

THE publishers of Sartain's Magazine announce that they have completed such arrangements for the forthcoming volume as shall make it decidedly superior to all former issues.
The Editorial Department will continue under the control of
PROF. JOHN S. HART, of Phila.,
MRS. C. M. KIRKLAND, of N. Y., who, besides the constant contributions from their own pens, will continue to secure for it that unrivalled array of writers which has given this Magazine such superiority over all its competitors.

The proprietors are now making an arrangement which, when completed, will secure for their work a series of articles on subjects, and of a style and character entirely different from the usual magazine productions. They will recommend themselves to the reading public for their brilliancy of style, as well as for propriety of the subject chosen.
But in no department of the Magazine will there be such marked improvement as in

The Embellishments for 1851.
In this respect the proprietors possess a peculiar advantage. Mr. John Sartain, Mezzotint Engraver, being one of the proprietors, gives the best fruits of his own skill every month to the Magazine, besides superintending and directing the embellishments. To carry into effect more fully their views on this point, the proprietors have during the last season sent Mr. Samuel Sartain, son of the former, and himself distinguished as an artist, on a special mission to Europe, to secure for the Magazine some of the choicest artistic talent in London and on the continent.

The Pictorial Embellishments now preparing for Sartain's Magazine are of a character of an extraordinary beauty and novelty. In addition to the rich and carefully engraved Mezzotint steel plates of Mr. John Sartain, there will be an interesting series of subjects illustrating the

Life of Man and of the Year,
combined in the same pictures. The Magazine will also be enriched by a number of Illustrated Prints, which will add greatly to the splendor of the work.
In Line and Stipple engraving the highest talent has been secured. To assure the patrons of the Magazine of the perfection that may be expected in this department, we need only state that the celebrated Engraver, FINDEN, has engaged to execute a number of superb engravings on steel, expressly for this work, in a style unsurpassed by any.

NEW FEATURE.
Besides the foregoing splendid series of illustrations, we have prepared for the year 1850 a series of illustrated articles to be called—
Scenes in the Life and Teachings of our Saviour.

These Engravings are not mere fanciful pictures taken from any quarter and called after Scriptural names; but are prepared with great historical fidelity from a careful study of the recent explanations of Palestine, as well as the more ancient traditions regarding the Holy Land. The engravings are to be accompanied with appropriate explanations and comments by the Rev. John Todd, D. D., and original illustrative Poems by clergymen and others of different religious denominations.

TERMS.

NORTH BRANCH FOUNDRY.
GEARHART & CO.
THE FOUNDRY established by the citizens of Wyoming County, that they have purchased the Foundry formerly owned by Cyrus Avery, in the village of Tunkhannock, and that they have newly built and enlarged the Cupola, and otherwise improved its capacity for doing heavy or light work by means of which they are fully prepared to execute a variety of articles which they may be favored for CASTINGS of any description, size or weight, as well, and on as favorable terms as they can be had in any Foundry in the State. They would invite particular attention to their extensive stock of

COOKING STOVES,
for burning wood or coal—among which may be found the Empire, Church, and Robb's celebrated fire tight, known to be the only Cooking Stove that will burn wood or coal equally well. The favorably reported they have met with in every place where they have been introduced, is a sufficient guarantee of their worth. They also manufacture various patterns of

PARLOR STOVES,
and in end keeping on hand a full supply of moderate prices. They manufacture all kinds of Hollow-ware, large Iron Kettles, Wagon Boxes, Flour Castings, Gearing for Saw and Grist Mills, plain and fancy Grates, &c., &c., always on hand or manufactured to order. No variety of

PLOWS,
all of the most approved styles extant, among which may be found the Waye Co. and Seward Plow, so highly celebrated in the lower Counties.
Castings turned and fitted to order. They respectfully invite the public to give them a call before purchasing elsewhere, feeling confident of rendering general satisfaction.

Professor A. C. Barry's Tricopherous, OR MEDICATED COMPOUND.
INFALLIBLE for renewing, invigorating the Hair, Removing Scurf, Dandruff and all affections of the Scalp, and curing eruptions of the Skin, diseases of the glands, muscles and integuments, and itching stings, cuts, bruises, sprains, &c. &c. With this preparation, there is no such word as Fall. The first journals in a series, medical men of the highest eminence, eminent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that for imparting Vigor, clearing and softening the hair, curing itching scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the most noble of compounds advertised to be public prints, or used in private practice. Its cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is fifty per cent. below the price of any other preparation now in use.

The scientific truths on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament), which each bottle is enclosed, is alone worth the money.
The affinity between the membrane which constitutes the skin, and the hair which draws its sustenance from this membrane, is very close. All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the small vessels which feed the roots with moisture and impart life to the fibres, the result is scurf, dandruff, shedding of the hair, grayness, dryness and harshness of the ligaments, and even baldness, as the case may be. Stimulate the skin to healthy action with the Tricopherous, and the torpid vessels, by converting their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same. Its upon the skin, the muscular fibre, and the glands, at the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles, price 25 cents, at the principal office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canada. Beware of the counterfeit, sold at one dollar per bottle.
For sale by BOLS & GOODALE, Tunkhannock, Pa.

FOR restoring, preserving and beautifying the Hair, removing scurf and dandruff, and curing diseases of the skin, glands and muscles, stings, cuts, bruises, sprains, &c., &c.

The following testimonials, selected from hundreds of others of similar import, will serve to show the value of the preparation, and the estimation in which it is held by those who have given it a trial.
Copy of a Letter from William Davis, Corner of Hicks and Atlantic streets, Brooklyn.

Brooklyn, April 19th, 1849.
Professor Barry—Sir: I should be deficient in gratitude to you, and in feeling for others who may be similarly afflicted, if I neglected to inform you that your Tricopherous has entirely removed from my face a painful and disgusting eruption, consisting of large red pimples, with which I had been annoyed for many years. A regular application of the fluid according to the directions, for a little better than three weeks, completely relieved me of the nuisance, and the skin of my face is now as free from disfigurement as in my boyhood.

Yours truly,
WILLIAM DAVIS.

The People's Friend.
T. T. POND'S URUTICA, NEW YORK.
Pain Destroyer and Healing Extract.
—An extract from the shrub called Urutic H. 21, and purified from that with the exception of a little Alcohol to preserve it.

It will cure all local pain and inflammation, old sores, fresh wounds and bruises, Piles, and all diseases of the bowels of chronic nature, tenic aches, and ear-ache, female complaints, &c., &c.

It is purely what a physician to be, the People's Friend? Providence has scattered along the rugged paths of his many things that contribute greatly to the health and happiness of every body; hence their great value, and well may they be called Friends of the people.

One word here to guard against imposition. A man by the name of Spencer has manufactured and offered for sale a spurious article called the "Coryll Extract," that would be extract of the hazel-nut—the genuine is as white and pure as water, while the spurious article is colored, which enables the public to distinguish.
