Also valuable information in regard to the great lead and zine mines of south-west Missouri and south-eastern Kansas. Mr. John Brast, living in Sherman Township, informed us a few days ago that his feet had been so terribly frost-bitten that he could hardly stand the pains caused thereby. He happened to think of Sr. Jacobs OIL—which he always keeps hahdy—rubbed his feet twice with the remedy, and the pain disappeared entirely. He not only values Sr. Jacobs OIL as an unexcelled remedy for a great many other painful diseases, to which mankind is subject, but he also asserts that it is reall invaluable for the many diseases horses and stock are subject to, and which so often play havoe with the prospects of the farmer and stock-raiser.

This is just the reason that the very best Dairymen in this country use Wells, Richardson & Co.'s Perfected Butter Color. We warrant it to add at least five cents per pound to the value of white butter, a return of one dollar for every cent it costs.

New York Circus is coming to Butter Tuesday May 18. It is pronounced one of the very best shows on wheels, and elicits the highest encomiums of the press everywhere. We call attention to the following notice of the circus taken from the Canton (Ohio, Times:

"While the Times is usually very cautious in speaking words of commendation of the average circus, we feel it but justice to this exhibition to commend it to all. It is decidedly the squarest dealing show that ax visited this place in many a year. Modest in advertising, the programme as announced is given entire. The show is noticeable from the simple fact of the entire absence of all side shows, gamblers and polite answers. The show itself is replete with novelties, and numbers among its artists many of a world-wide reputation. During its two day's stay here we did not hear of a single theft or case of drunkenness being laid to any of the people connected with the show. We close by saying, come again boys, for such shows as the New York Circus do no harm to any town, and a little fun we all enjoy."

If you are suffering from a combination of liver or kidney diseases, and constipation, do not fail to use the celebrated Kidney Wort. It is a dry compound as easily prepared as a cup

appearance of the Newfoundland dog, but few are aware that it is a popular mistake to suppose that to seeme a appearance of the Newfoundland dog, mistake to suppose that to secure a good specimen of these noble animals it is necessary to send to the country from which they are named. In point of fact the pure breed is almost extinct in Newfoundland, and there are to be found in there stead a race of meanlooking, shabby, cowardly, thievish mongrels, the degenerated descendants of a once noble race, and as different from them as the modern Greeks from the heroic Greek of Homer. Neglect, ill usage, starvation, and hard work have wrought the change. Rather more than this 26th of April, 1880. two years ago an effort was made to introduce another breed, the celebrated Leonberg dog, the finest in the world, a development of and a decided improvment on the original Newfoundland. The breeder of this race is Count Esseg of Leonberg, Wurtemberg, and hitherto his endeavors have been

crowned with success. Notice.

The Register hereby gives notice that Monday, the 3d day of May, A. D., 1880, is the last day on which accounts of Administrators, Executors and Guardians can be filled for presentation at the June term of Court. H. H. GALLAHER, Reg.

THE results of the various political conventions held last week, will be diversely interpreted. It seems clear, however, that the third-term project has not been strentghened by these meetings, and no less certain that the Blaine boom has received something of a boast.
