A JUSTICE FINES HIMSELF.—At a recent trial before a Justice of the peace in the southern part of Clarion county, the Justice was so annoyed by something that transpired that he so forgot his judicial dignity as to indulge in a good, round oath. After that oath, made an information of the fact before another justice residing about ten miles distant, and had a war-rant was read to the erring justice he brought forth his docket, showed that he had fined himself for his lapase into profanity, so entered judgment against himself, and collected the fine. The constable had nothing else to do but to het the matter drop, and the party who making information, is now confronted with a bill of costs amounting to \$7.

It is the purest, safest, and most effectual alterative medicine known or available to the public. The sci-ences of medicine and chemistry have never poduced so valuable a remedy, nor one so potent to cure all diseases resulting from impure blood. It cures Scrofula and all scrofulous diseases, Eryspielas, Rose, or St. Anthony's Fire, Pimples and Face-grubs, Pustules, Blotchees, Bolls, Tumors, Tetter, Humors, Stil theum, Scald-head, Ring-worm, Ulcers, Sores, Rheumatism, Mercurial Disease, Neuraigia, Female Weak, nesses and Irregularities, Jaunice, Affections of the Liver, Dyspepsia, Emaciation, and General Debility. Emachation, and General Debinity. By its searching and cleansing qualities it purges out the foul corruptions which contaminate the blood and cause derange-ment and decay. It stimulates and enlivens the vital functions, promotes energy and strength, restores and preserves health, and infuses new life and vigor throughout the whole system. while yet young in years, and physicians and boards of health cannot draw attention too strongly to the injurious effects of the usual way of washing, with its necessary steam and scaling or boiling to get the clothes pure and sweet-smelling, especially as it is without doub often the direct cause of those dreadful discasse, diptheria, consumption, and typhoid fever Fortunately this trouble can be avoided; scalding, boiling, steam and all disgreeable smell from the saving in fact the wash done at less cost than even when home-made scap is used, and very much **BICKEL & FRY!** SOONER THANK by the old way, by using **FRANK SIDDALLS SOAP**, a Soap so purifying and cleansing that the dirtiest clothing can be washed in lakewarm water with very little rubbing, and clothes, bedding and utensits used by the sick disinfected and cleansed without either scalding or boiling, while the work is so light that a girl twelve or thirteen years of age can do a large wash without being tired; and yet so mild and healing is this Soap that for toilet and shaving it has no equal, and physicians advise its use in preference to imported Casile Soap on wounds and sores, and to wash the youngest infants, as well as for persons with delicate skin. Now that there is a remedy for this, so commical that the poorst can use it, there is not a woman or who is not directly interested in having used in their homes, in spite of prejudice, THAT WONDERFUL WAY OF WASHING CLOTHES, which does away with the hard work, offensive smell and fearful steam on wash-days, makes the white pieces whiter, colored pieces brighter and fannels softer than they can be made by washing the old way, leaves the hands smooth enough to do fine sewing and every article as clean, as sweet and as pure as if never worn. ers

From Mus. H. L. KENYON, Northfield, VL Ido my wash with FRANK SIDDALLS SOAP in half the time and with no expense for Soap, as the soring in *such more* than propagator it. In ave no steam or scent from the wash, while the saving in health, clothes and labor can hardly be estimated.

have the Soap rubbed on them. Then go away and let them soak at least twenty minutes, without touching them, when the dirt will all be loosened, and a very little rubbing on the wash-board, out of that one suds, will make them perfectly clean, being particular to turn each piece while washing so as to get at the seams. Then wash lightly on the washturn each piece while washing so as to get at the scales. Then wash girley out to wash-board, through a lukewarm rinse-water (without any Soap,) so as to get the dirty suds out. Then put through blue-water, and on the line, without scalding or boiling a single piece. Afterward put flannels and colored pieces to soak, and wash them exactly the same way. It is important not to heat the wash-water in a tin, brass or copper kettle. A tea-kettle

will heat enough water for a large wash with this Soap.

Just Think What You will Save by this Easy Way of Washing !

No Wash-boiler ! No Steam ! No Smell of Suds through the House ! It has the remarkable Property of keeping the Dish-Cloth, Wash-Rag and Sponge always Sweet, and of Washing Freely in Hard Water.

From H. E. BOWLES, M. D., HARMONDON, N. J., Rittor South Jersey Republican. My sitention was called to FRANK SIDDALLS SOAF from an advertisement in my own paper to the directions, has proved that fix remarkance properties have not been overstated. For remov-ing printing ink it is invaluable, while for toling and shaving it is the best Soap I have ever seen. From Mrs. E. STOCK WELL, Hammonton, N. J. FROM Mrs. E. STOCK WELL, Hammonton, N. J. FRANK SIDDALLS SOAP has been used in my house for the last seven months, and by follow-ing the printed directions, we find it to do every-thing claimed on the wrappers. We have not scalded or boiled a single article, and the dothes are uniter and success than when suched in the old work. My hubband, who is a dealer here, has a steady demand for the Soap from his customers.

WHY DOES

a woman's health often break down at an early age? Put a man at the wash-fub, let him get heated from the hot suda until every pore is opened; then let him stand over the filthy steam that comes from scalding and boiling clothes, that are full of aweat and exhalations from the skin, and his health too would break down before long; and yet this most terrible ordeal is what **A WOMAN** here to go through with on wash-day; and beddes with her clothing wet from perspiring at

has to go through with on wash-day; and, besides, with her clothing wet from perspirit the hot work, she has to risk her life by going out in the air to hang up the clothes, those not at work are in the unhealthy atmosphere; its smell, so apparent to visitors, so tomed to the peculiar odor from its own wash as not to notice it. These fasts readily plain why so many women suffer with colds, rheumatism, weak nerves, or neuralgia, the vet young in years, and physicians and boards of health cannot draw attention
