-From the Sturgis, Mich., Weekly: —From the Sturgis, Mich., Weekly:
Mr. John Brast, living in Sherman township, informed us a few days ago that his feet had been so terribly frost-bitten that he could hardly stand the pains caused thereby. He happened to think of St. Jacobs Oil—which he always keeps handy—rubbed his feet twice with the remedy, and the pain disappeared entirely. He not only values St. Jacobs Oil as an unexcelled remedy for a great many other painful diseases, to which mankind is subject to, but he also asserts that it is really invaluable for the many diseases horses and stock are subject to, and which so often play havoc with the prospects of the farmer and stock-raiser.

DR. M. MILTON:
Dear Sir—After having been sick twelve months, and tried the best physicians of the country without doing me the least good, I tried your CRUDE PETROLEUM PILLS.
When I commenced taking them I coughed almost incessantly, had hemorrhage, night sweats, etc., I weighed 114 lbs. After taking the Pills two months the cough and night sweats ceased and had no hemorrhages, and weighed 143 lbs. Yours, respectfully, FRED. C. DUNN.
Thousands of cases like the above.
The Pills are also a positive cure for chronic Bronchitis, Asihma, Catarrh and all Lung and Throat troubles.
Trial boxes, 25 ets. Large boxes, (130 pills,) \$1. Sent by mail on receipt of price, with directions. Address DR. M. MILTON, may 26-3m I SUNGLEMED M. A. STELLEMED M.

*>TESTIMONIALS From H. E. Bowles, M. D., Hammonton, N. J., and all household uses, and as it becomes more Editor South Jersey Republican.

Editor South Jersey Republican.
My attention was called to FRANK SIDDALLS
SOAP from an advertisement in my own paper,
and its use in my house for nearly a year, according
to the directions, has proved that its remarkable
properties have not been overstated. For removing printing list its invaluable, while for toilet
and shaving it is the best Soap I have ever seen. From Mrs. H. L. KENYON, Northfield, Vt.

From Mrs. E. STOCKWELL, Hammonton, N. J.
FRANK SIDDALLS SOAP has been used in
my house for the last seven months, and by following the printed directions, we find it to do everything claimed on the wrappers. We have not
scalded or boiled a single article, and the clothes
are whiter and neceter than when weaked in, the
old way, My husband, who is a dealer here,
has a steady demand for the Soap from his
customers. Ido my wash with FRANK SIDDALLS SOAP in half the time and with no expense for Soap, as the awing in hel more than pays for it. I have no steam or scent from the wash, while the saving in health, clothes and labor can hardly be estimated.

From E. W. Stanton, 1506 N. 20th St., Philada.

We are confident, from a long experience in using and recommending FRANK SIDDALL'S SOAP. We follow directions and use no other Soap, and have a reputation second to no laundry in Washington for which we heen enabled to turn out haw when the city is the superior work we heen enabled to turn out having security of mineral for the city.

The following are the Directions for Use, so simple that a child can understand them. Dont do anything so ridiculous as to buy the Soap unless you intend following them. #3-\$100 positively forfeited if it injures the clothes, or will not do everything claimed. First, put the white clothes in a tub of water, only made warm enough to be comfortable for the hands. Then take one piece out at a time on the wash-board, rub the Soap lightly over it, roll it up and put it back into the same tub, and so on with each piece until all have the Soap rubbed on them. Then go away and let them soak at least twenty minutes, without touching them, when the dirt will all be loosened, and a very little rubbing on the wash-board, out of that one suds, will make them perfectly clean, being particular to turn each piece while washing so as to get at the seams. Then wash lightly on the wash-board, through a lukewarm rinse-water (without any Soap,) so as to get the dirty suds out.

Then put through blue-water, and on the line, without scalding or boiling a single piece, Afterward put flannels and colored pieces to soak, and wash them exactly the same way. It is important not to heat the wash-water in a tin, brass or copper kettle. A tea-kettle will heat enough water for a large wash with this Soap. Just Think What You will Save by this Easy Way of Washing! No Wash-boiler! No Steam! No Smell of Suds through the House! It has the remarkable Property of keeping the Dish-Cloth, Wash-Rag and Sponge always Sweet, and of Washing Freely in Hard Water.
