^{EFF} This is the only Steel Chilled Plow in the World. Steel costs several times more than Iron. But this Plow, full rigged, by giving small discounts, can be sold for Seventeen Dollars. Compare this price with that of any Iron Plow ever made. It is cheaper than any other Plow now made would be at five dollars and a half. Where there are no agents we will, on re-relptof Seventeen Dollars, send a Plow to any Railroad station in the State and pay the freight. Address.
