The hundreds of strong, hearty, rugfinancial subjects, and his judgment from beds of pain, silkness and well nigh death by Parker's Ginger Tonic the new Secretary of the Treasury in are the best evidences in the world of its sterling merit and worth. You will find such in almost every community. Read of it in another column.

-The adventures of the intrepid ing trees. Inquire of Geo. Walter, promise to furnish the most interesting contributions to geography since the days of Dr. Livingstone. Only meagre accounts of his explorations have been received at long intervals, but enough has been told to make every reader impatient for the complete narrative.
The map makers will be likely to have work enough before Col. Prshevalsky gets through. They will have to straighten out the big bend that they now give to the great Chinese river Hoang-Ho, and revise their charts of the mountain ranges near the borders of the Flowery Kingdom. The Russian traveller found snow-capped mountains along the river so steep and lofty that he concluded he could not cross them. since the announcement that Mount would only diminish chances: it would not bar them out. It has never in practice been held necessary that a Territory should have population equal to the ratio for a member of Congress: Nevada to-day does not have half of win back the precedence for the greatest Nevada to-day does not have half of the continents. Nobody likes to that population. Still, the higher that ratio the stranger might be the arguof the globe.
